No. 4038. Whereas, By an Act of Assembly, No. 57 and 414, Series of 1915, it provides that in all proceedings of widening of streets, etc., a list of the liens on properties affected by said improvement must be furnished to the Board of Viewers appointed thereon; and as we have been informed that this Act makes it mandatory upon the part of the City to employ a Title Company to do this work; and,

Whereas, It appears to us that the intent of the Act can be carried out fully as well by the Law Department and at a great saving to the City; therefore, be it

Resolved, That the Mayor be requested to direct the City Solicitor to test the constitutionality of this portion of the Act.

DEPARTMENT OF PUBLIC WORKS

Pittsburgh, October 13th, 1915.

President and
Members of Council,
Pittsburgh, Pa.

Gentlemen:

With reference to Bill No. 4001, the same being a resolution asking for a report as to what has been done in the matter of advertising for sale property owned by the City which it is desirous of selling, beg to advise as follows:—

A resolution was prepared by this department and submitted to Council asking for the transfer of $2,500.00 with which to buy "For Sale" signs to be placed on the property, but no action was taken by your Honorable Body upon the same. We have no funds available with which to do this work, but think the proper way to advertise the property is by signs.

I understand some objection was made to the placing of these signs by the Real Estate Exchange, on the ground that the placing of the same would mar the beauty of the City. As practically every piece of vacant property in the City has a sign on it, I do not see that City property should not have the same.

Yours very truly,

ROBT. SWAN,
Director.

Also

REPORTS OF SPECIAL COMMITTEES.

Mr. **Rauh** presented from the Special Committee.

No. 4089

Pittsburgh, Pa., Oct. 19, 1915.

To the President and
Members of Council.

Your Committee appointed relative to providing a change of places for band concerts near the entrance of Schenley Park, desires to report that the Committee (with some other members of Council), visited Schenley Park yesterday, and after deliberation, agreed to unanimously recommend the advisability of taking enough of the contemplated bond money for improvement of parks to pay the necessary expense for installation of this improvement.

Respectfully submitted,
ENOCH RAUH, Chairman,
JOHN S. HERRON
ROBT. GARLAND
J. M. GOEHRING.

Which was read, and on motion of Mr. **English** referred to the Committee on Finance.

MOTIONS AND RESOLUTIONS.

Mr. **Garland** presented

No. 4090

BOARD OF FIRE UNDERWRITERS
of Allegheny County, Pa.,
Commonwealth Building,
Pittsburgh, October 19, 1915.

Mr. Robert Garland, Councilman,
Pittsburgh, Pa.

Dear Sir:—Pursuant to telephone conversation of yesterday, wish to confirm my statement that this Board had taken action revising the Key Rates on the North and South Sides, to 20 and 21c, respectively.

At the last meeting of the Board on October 14, 1915, the following report from the Executive Committee on this subject was presented:

"Certain improvement in the water supply and distribution for the North and South Sides have recently been completed, which affect the Key Rates for those sections, viz:

"For the North Side all water is now pumped from Pumping Station to the Cabbage Hill Reservoir and distributed from there by gravity directly into the mains, eliminating entirely the Troy Hill Reservoir. Two 24 inch lines crossing the new Union Bridge and one 48 inch line crossing the Allegheny River at Twenty-seventh street have been put in commission, whereby water for the North Side can be supplied from both Highland Reservoirs, Nos. 1 and 2, in case the supply from Cabbage Hill should be cut off. This will give the North Side about 410,000,000 gallons reservoir capacity, all of which would be supplied to the mercantile district by gravity.

"For the South Side all water is now delivered into the low pressure district by gravity and is so arranged that water can be supplied from Highland Reservoirs Nos. 1 and 2, and also from the Cabbage Hill Reservoir. This will give the South Side about 410,000,000 gallons reservoir capacity, all of which would be supplied to the mercantile district by gravity. There are, however, on the South Side a very large number of 4 inch mains, which are very old and should be replaced with 8 inch mains.

"The present Key Rate for both North and South Sides is 30c, which includes certain charges for deficient reservoir capacity and water distribution. Tests have recently been made under the supervision of Engineers of the National Board of Fire Underwriters in both these districts with very satisfactory results at to both water flow and pressure which, under the provisions of the Universal Mercantile Schedule, justify the revision of the Key Rates.

"This subject has been thoroughly considered by the Executive Committee and the following is recommended:

"Whereas, Tests made of the water flow and pressure on the North and South Sides, Pittsburgh, justify removal of certain charges in the Key Rate Computations for those districts, the Committee recommends to the Board reductions in the Key Rates for the North and South Sides to 20c and 21c respectively, said reductions to be effective as of September 16, 1915, and rebates to be allowed from that date. Applications for rerating to be made in all cases and new rates promulgated before credits are allowed. Endorsement forms to be furnished members of the Board upon application."

The above report was adopted by the Board on October 14, 1915.

These reductions in Key Rates affect only risks rated under the Universal Schedule and do not affect properties rated under the Minimum System, such as dwellings, small stores and dwellings, etc.

Yours very truly,

R. J. TRIMBLE,

Secretary.

Which was read.

The **Chair** directed the clerk to furnish a copy to each member of Council and to the Director of the Department of Public Works, and referred the communication to the Committee on Finance.

Also

No. 4091

Whereas, By resolution introduced in Council on September 7th, last, being Council Bill No. 3827, it was pointed out that Fire Insurance Rates on the North Side have been in excess of those charged in the old City of Pittsburgh, and as the reason for said differential had disappeared, an investigation was asked for and a Committee appointed in order that property owners might obtain the relief south; and

Whereas, The Fire Underwriters have now given notice that they have reduced these rates on the North Side and South Side to the rate charged in the old City of Pittsburgh, thereby giving the residents of those sections the benefit of these reduced rates.

ROBT. GARLAND,

Chairman of Committee.

Note:—This reduction, which now takes effect upon application by the insured, will mean $1.00 less on each $1,000 of Insurance, and applies to all manufacturing and mercantile activities such as Mills, Factories, Foundries, Laundries and Meat Packing Plants, as well as Breweries, Theatres, Nickelodeons, Department Stores, Warehouses, Garages, Stables, etc.

Which was read and referred to the Committee on Finance.

MAYOR'S OFFICE,
Pittsburgh, October 26, 1915.

John M. Goehring, President,
Council of the City of Pittsburgh,
Pittsburgh, Pa.

Dear Sir:—

I am transmitting herewith the Departmental Estimates of the City of Pittsburgh for the year 1916.

The estimates as printed are based upon a continuation of the same amount of service given during the year 1915. Provision has not been made in the printed estimates for the expense of carrying on such activities as have been added by ordinance during the current year, some of which were partially provided for this year by transfer of funds from other appropriations, nor for those which have been imposed upon the City by recent Acts of Assembly, and which must be provided for in the 1916 appropriation.

I shall later have estimates prepared and transmitted to you covering such items, and I shall also present to you for your consideration estimates covering certain improvements, extensions and betterments to the service which are deemed wise or desirable to undertake in 1916, with many of which you are already familiar, they having been referred to the City departments by Council.

The salary increases which are included in the printed estimates are limited to those which meet the standard salary rates recommended in the report on salaries adopted by resolution of Council. Other increases in salaries and such additions to the force as are estimated to be required will be presented to you in a separate communication to be considered apart from the other estimates.

I have had prepared an exhibit of the revenues and expenditures of the City for the last five years, and am also transmitting this summary statement to you. I shall have an estimate of the miscellaneous revenues to be collected in 1916 prepared and sent to you as soon as it is practicable to make such an estimate.

Respectfully yours,
JOS. G. ARMSTRONG,
Mayor.

Accompanied by Mayor's Exhibit accompanying estimates for 1916; Salaries and Wage Schedule to accompany budget estimates for year 1916, in conformity with Resolution No. 200, approved May 21st, 1915, and adopted by the Civil Service Commission July 9th, 1915, and Departmental Estimates, 1916, City of Pittsburgh.

Which were read and referred to the Committee on Finance.

MOTIONS AND RESOLUTIONS.

Mr. **Dillinger** presented.

No. 4157. Whereas, It is apparent that at the recent sad and fatal fire on the North Side, there was insufficient and improper fire escape protection, and that some of the fire hose was in unfit condition for its purpose, and it is alleged those in authority are at fault for permitting a factory containing inflammable material employing a number of women and young girls to be located over a hazardous hay and feed store; be it

Resolved, That Council cause an investigation to be made, fixing the responsibility for the improper inspection of buildings and the poor conditions of fire hose, and hereby request the Mayor to furnish to Council all information at his command, which will aid Council in this investigation.

Which was read.

Mr. **Dillinger** moved

The adoption of the resolution.

Mr. **English** arose and said, "Mr. President: I am in favor of a thorough investigation of the North Side fire. For my part I am ready to begin this afternoon, but I object to the wording of this resolution. If the Council is to sit as judges in this important matter, is it proper for us to assert and declare that the hose was defective, or that the employees of the City were negligent in their duties? It seems to me that we should pass a plain resolution for an investigation and then have a real investigation, placing the blame where it belongs. Is it right for this Council, some of whom were not on the ground and did not see the fire, to make the assertions of fact which are contained in the resolution as it now stands?

We should not make any declarations, one way or another, until we bring out the facts during the investigation. Of course, if the members of Council do not change the wording, I will have to vote for the resolution, as I am in favor of a thorough investigation, although I would prefer to strike out the assertions contained in the preamble."

Mr. **Garland** arose and said,

"Mr. President and Gentlemen: All fire hose purchased by the City of Pittsburgh in the years 1914 and 1915 was purchased under the best specifications of the Fire Underwriters' Association, which are also used by the United States Government, the price paid in 1914 was 64½c per foot and in 1915 49½c per foot, which was the same price paid by the Cities of New York and Chicago. The hose was tested by Floyd-Rose and Company, Inspecting Engineers under the supervision of the Controller's Inspectors on its delivery, and in the year 1914 passed without a single failure on any point whatever, the amount purchased was 20,000 feet from the lowest bidder, the United and Globe Rubber Co. This year, 1915, the first part of our order, 10,000 feet, received, weighed 2 pounds over the specifications per 50 feet sections, it weighing 72 pounds, when 70 pounds was the maximum allowed and although it passed every other point in the specifications, the Controller rejected it, and the contractor was compelled to furnish an entire new lot, which passed all the tests. The second part of our order, 10,000 feet was rejected by the Controller because of the report of the Inspecting Engineers, Floyd, Rose & Co., that the tube was not properly vulcanized and would not meet the requirements of our specifications, and the contractor was again compelled to replace an entire 10,000 feet, which new lot was passed by the engineers testing and accepted by the Controller's field auditors. Lowest bidder, Hewitt Rubber Co., Buffalo, N. Y., price 49½c per foot.

In conclusion, our hose in triple jacket, New York and Chicago are only double. It has a bursting point up to between 800 and 900 pounds to the square inch. It is tested to 400 pounds, both at the factory and by our engineers here in the presence of the Controller's inspectors, and the only way it could be bursted in its present new condition, would be to run some heavy truck over it when it was in service, as plug pressure only runs from 50 to 75 pounds and pumping engine from 200 to 300 pounds, and finally it was stated in 1914 by several bidders that no fire hose cost more than 50c to 60c per foot to manufacture, and this year costs were from 15 to 20 per cent lower and the experience of New York City, Chicago, Cincinnati and Pittsburgh bear this out, so that the contention that our hose is too cheap has no foundation in fact and I am satisfied that it will be discovered that all hose which burst yesterday, should have been retired from service on account of age."

And the question recurring on the adoption of the resolution.

The motion prevailed.

No. 4158. Whereas, In the past the City employees have been intimidated and coerced at election times; and

Whereas, We believe that every City employee has the right granted him by the Constitution of being a free citizen and to exercise his franchise as he sees fit; and

Whereas, The true spirit of the Civil Service Law provides that the City employee shall hold his position as long as he gives value received; therefore, be it

Resolved, That this Council goes on record as being opposed to the intimidation and coercion of any employee of the City who is protected by the Civil Service Act, because of the coming election on Tuesday, November 2, 1915; and, be it further

Resolved, That this Council will cause an investigation to be made of any charges preferred by any employee whose position is jeopardized because of refusal to be intimidated or coerced against his rights as a citizen and voter.

The adoption of the resolution.

Which motion prevailed.

The **Chair** presented

No. 4159. Whereas, The loss of life at the recent fire on Sandusky street, North Side, Pittsburgh, calls not only for the sympathy of the entire community, but also for such action on the part of the City as will not only fix responsibility for said fire, but will also result in the taking of such action as will secure the citizens from future catastrophes of a like nature. To this end, therefore, be it

Resolved, That the Director of the Department of Public Safety be requested to report to Council in detail regarding said fire, with particular reference to the following questions:

English
Garland
Goehring (Pres't)
Herron
Hetzel
Rauh
Woodburn

When the name of Mr. **English** was called, he arose and said,

"Gentlemen:—I wish to have noted in the record that my reason for voting yes for this Bill, No. 3078, is the statement of the City Solicitor that under the contract agreement with the Monongahela Water Company, the City has the right to sell water to its citizens from any and all pipes which were formerly owned by the Monongahela Water Company. Up to this time, the Water Department has taken the position that the City did not have the right to sell water to the residents of Sheraden although the pipe line bought from the Monongahela Water Company lies in Esplen, Elliott and Sheraden.

It has been a mystery to me why the City could supply water in Elliott and Esplen, but not in Sheraden, and I felt it was my duty to oppose this ordinance until the City would have complete ownership throughout the entire length of the pipe lines purchased from the Monongahela Water Company. As the City Solicitor declared to the Committee that the City has complete ownership, it is my duty to withdraw opposition and vote for the bill. I vote Aye."

Which was read, received and filed.

Also

No. 4181

Whereas, There has been a most lamentable loss of life in our community recently, due to lack of fire protection for the workers in a factory; and

Whereas, it is openly stated in the public press to be due to the lax enforcement of ordinances and laws in our City, and perhaps due to lack of proper laws, but be the cause as it may, be it

Resolved, That the Civic Club of Allegheny County views this condition of affairs with grave concern, not only on account of the irreparable loss, but because of the graver danger to our civic life from the spirit of lawlessness and disregard of personal rights engendered by laxity on the part of those charged with the enforcement of law; therefore, be it further

Resolved, That the Civic Club of Allegheny County urge the City Council to make inquiry into the general enforcement of the law as well as into the recent deplorable catastrophe, and to take such action or enact such ordinances as may be necessary to assure fire protection to all workers, and to guarantee the enforcement of all protective ordinances and laws in our City.

Which was read and referred to the special committee on Fire Prevention.

Also

No. 4182

Whereas, Evidence has been submitted by the Smoke and Dust Abatement League and by the Bureau of Smoke Resolution, showing that certain smoke producers continue to violate the smoke regulation ordinance after repeated warnings and notifications, and also after the lapse of sufficient time to perfect arrangements for smoke abatement, as is evidenced by former smoke producers who have conformed to the provisions of said ordinance, to the great benefit of our community; therefore, be it

Resolved, That the Civic Club of Allegheny County call upon the City Council to urge action by the proper officials against the violators cited above and to proceed forthwith to enforce the law governing the regulation of smoke as provided in section eight of Ordinance No. 257, Series of 1914.

Which was read and referred to the Committee on Health and Sanitation.

Also

No. 4183

Whereas, In the discussion of the matter of furnishing water to hospitals and charitable institutions various suggestions have been made, to-wit:

1st. That the City furnish water to said institutions free of charge.

2nd. That water be served at cost rates.

3rd. That said institutions pay for water and that the City in return pay for maintenance of City free patients.

In order that Council may act understandingly upon the above proposition, be it

Resolved, That His Honor, the Mayor, be requested to furnish the Finance Committee, sitting as a Budget Committee, with the following information:

First. What is the annual amount received by the City from all sources for water furnished?

Second. What is the total cost of furnishing water, including operating expenses, interest on bonds, sinking fund, etc.?

Third. What is the total amount received from or charged to hospitals and charitable instiutions?

Fourth. What is the cost to the City per thousand gallons?

Fifth. Approximately, what would be the annual charge against the City by said institutions for the support of free patients?

Which was read.

Mr. **English** moved

The adoption of the resolution.

Which motion prevailed.

Also

No. 4184. Resolved, That the Public, particularly representatives of civic and other organizations, be invited and requested to attend the meeting of the Finance Committee in the preparation of the annual budget, and that they co-operate with said Committee in the work of preparing said budget.

Which was read.

MAYOR'S OFFICE.

Pittsburgh, November 8th, 1915.

John M. Goehring, President,
Council of the City of Pittsburgh,
Pittsburgh, Pa.

Dear Sir:

Agreeably to my letter of October 26, concerning departmental estimates of the City of Pittsburgh for the year 1916, I hand you herewith estimates covering additional expense required in carrying on certain existing activities, new activities, and such improvements, extensions and betterments to the service as were referred to, as well as such salary increases and new positions as are estimated to be required in 1916.

I earnestly recommend that you give each of these estimates careful consideration. The heads of all departments and offices will hold themselves in readiness to explain to you any and all items appearing in these estimates.

Respectfully yours,

JOS. G. ARMSTRONG,
Mayor.

Attached is copy of the supplemental estimates of the several departments and bureaus of the City Government.

Which were severally read and referred to the Committee on Finance.

No. 4240

MAYOR'S OFFICE.

Pittsburgh, November 5th, 1915.

Hon. John M. Goehring, Pres., and
Members of Council of the
City of Pittsburgh.

Gentlemen:

Referring to the attached communication of October 27th from the City Clerk with reference to Bill No. 4157 in which I am requested to furnish you all information at my command pertaining to the recent fire at factory on the North Side.

Herewith I enclose your reports from the various bureaus of the Department of Public Safety which I trust covers all the information which is desired.

Yours very truly,

JOS. G. ARMSTRONG,
Mayor.

Attached is copy of the reports of the various bureaus in the Department of Public Safety.

Also

No. 4241

DEPARTMENT OF PUBLIC SAFETY.

Pittsburgh, November 1st, 1915.

Mr. E. J. Martin,
City Clerk.

Dear Sir:

I have your letter of the 27th ult., accompanied by copy of Bill No. 4159 of City Council, asking for certain information as to the conditions of the building located at Sandusky and Reliance streets, North Side, at the time of the fire on Monday, October 25th, 1915, and on which the Committee on Public Safety desires a report:

For your information the questions are reported in full, accompanied by an answer to each one, to-wit:

First. "Was the building constructed and maintained as provided for by State Law and City Ordinances, and if not, for what length of time has this condition existed?"

Answer. This building was constructed and maintained as provided for by State Law and City Ordinance.

Second. "What, if any, action was taken to remedy the unlawful conditions?"

Answer. No action was necessary.

Third. "A suggestion or suggestions as to what, if any, additional legislation is necessary to be made to existing laws or ordinances, with reference to the above matters."

Answer. I would suggest that the City Solicitor be requested to prepare an ordinance which will so enlarge the duties of the Board of Fire Escapes of the City of Pittsburgh as will authorize them to compel the owners of buildings to properly equip said buildings with such fire escapes as the present Acts and City Ordinances require. As we understand conditions, the present laws do not give the Board authority to carry out the provisions of these laws, except when the owners of the buildings voluntarily apply for the same.

I would further recommend that an ordinance be passed giving the Department of Public Safety control over buildings used for commercial or manufacturing purposes, so that no person, firm or corporation would be permitted to operate or conduct any business of an extra hazardous fire risk, or keep goods or materials of such nature stored in any of the lower floors in such buildings when the floors above are used for commercial, manufacturing or residential purposes.

The employes of the Department will be glad to give City Council and the City Solicitor any assistance which may be necessary to bring about the passage of such an ordinance.

Yours very truly,
CHAS. S. HUBBARD,
Director.

Whereas, Certain persons were candidates at the general election held November 2, 1915, to fill the vacancies which will exist in this body on the first Monday of January, 1916; and

Whereas, Some of the members of this body have been informed, and there is widespread rumor to the effect, that R. J. Alderdice, Police Commissioner of the First Police District and other City Officers and employes, attempted to secure support for certain favored candidates at said election by coercing or attempting to coerce the officers and members of certain social clubs; therefore, be it

Resolved, That the Committee on Public Safety shall be and it is hereby authorized, empowered and directed to investigate and report to this body as to whether or not said Police Commissioner or any other City Officers or Policemen abused the powers of their office or position for the purpose of securing support for certain favored candidates at said election by coercing and compelling or attempting to coerce and compel the officers and members of certain social clubs to support certain candidates favored by him or them.

Resolved, Further, That said Committee shall be and it is hereby vested with full power and authority to send for persons, papers, books and documents in the hands and possession of whomsoever the same may be, and for that purpose said Committee is hereby vested with all the power and authority authorized to be exercised for the production of witnesses, books and papers conferred upon the Council or a Committee thereof by the Act of Assembly of March 19, 1903, P. L. 31 and other Acts of Assembly in such case made and provided.

Which was read.

Mr. Kerr moved

The adoption of the resolution.

Which motion prevailed.

Mr. Woodburn presented

No. 4247. Resolved, That a committee of three be appointed to take up with the Mayor the matter of the distribution of the money contributed to the fund for the relief of the sufferers in the Sandusky street fire.

Which was read.

Mr. Woodburn moved

The adoption of the resolution.

Which motion prevailed.

And the **Chair** appointed as members of said committee, Messrs. **Woodburn**, **Hetzel** and **Garland.**

Mr. Herron moved

That the Mayor be requested to furnish Council with a list of the names of the tenants in the Diamond and North Side Markets who have, and who have not, signed leases.

Which motion prevailed.

And there being no further business before the meeting, the **Chair** declared Council adjourned.

MAYOR'S OFFICE.

Pittsburgh, November 15th, 1915.

Hon. John M. Goehring, President,
and Members of Council,
Pittsburgh, Pa.

Gentlemen:

Mr. Frederick W. Longfellow, the Bond Attorney, of New York City, has been in our City for a few days of the past week and has been in consultation with the Law Department and has prepared the statements and forms under which the bond ordinance should be presented to Council.

We are, therefore, in such shape now that we can go ahead and I would, therefore, ask Council for a conference to definitely settle on the different items which we feel should be presented. Knowing, however, how busy you are with the work that you now have on your hands, I would ask that your body set the time at your convenience, and by notifying my office I will have the representatives from the City Attorney's Office and myself ready.

Yours very truly,
JOS. G. ARMSTRONG,
Mayor.

No. 4291.

Whereas, Doctors Theodore Diller, Edward E. Mayer and Thomas M. T. McKennan have tendered the City of Pittsburgh valuable services as Alienists at the City Home of Marshalsea and Warner, and especially at a time when services of the nature performed were very necessary to the well being of many of the inmates; and

Whereas, The recently installed Superintendent, Dr. McKinnies, through the efficient aid of said specialists, is now prepared to take regular charge of this branch of the work, although consultation may be necessary in some special cases, Therefore, be it

Resolved, That the Council of the City of Pittsburgh, realizing the self-sacrifice of busy men, hereby records its sincere thanks to the said Doctors Diller, Mayer and McKennan for their many services in placing the Insane Departments of the two City Homes on a proper and systematic basis.

Which was read.

Mr. Garland moved.

The adoption of the resolution.

Mr. Kerr arose and said.

"Mr. Chairman and Gentlemen:—This resolution is timely. I believe these gentlemen performed valuable service to the City, much more than will ever be appreciated or realized by this Council or the citizens of Pittsburgh. They did an incalculable service for the inmates at the City Homes and Hospitals. It is very largely through their efforts, also, that the City of Pittsburgh secured the services of Dr. McKinniss, the present Superintendent.

"In conversation with these doctors they asked to be relieved from their duties at this time, and the opinion should not go out that the Council cut out these positions without the knowledge or consent of the gentlemen filling them. They realized that their services were no longer required, since Dr. McKinniss, who is an expert alienist, has taken charge of the institution, and as their private practice is large they do not care to give as much time to the City as they have been doing. They suggested to me that they should be relieved and a small amount set up in the budget for consultation fees, which could be used when required."

And the question recurring on the adoption of the resolution.

The motion prevailed.

Mr. Kerr presented.

No. 4292. Whereas, In the opinion of a large number of the business men and people of Pittsburgh, it is believed that this City should have a hall sufficiently commodious to accommodate any convention that might be held or brought to this City; and

Whereas, It is believed that a park at the South entrance to the bridges at the Point would greatly add to the beauty and attractiveness of that section as well as be a benefit to the general public; and

Whereas, The Exposition Society has leased from the City a piece of ground upon which it has erected an exposition building, which would be suitable for said purpose; and

Whereas, It is said that said Society would be willing to surrender its lease upon certain terms to the City of Pittsburgh; Therefore, be it,

Resolved, That the President of Council appoint a committee of three to meet with a like committee from the Board of Directors of the said Exposition Society for the purpose of agreeing upon terms for the surrender of the lease of the land between the Point Bridge and Third street, and also to report the cost of parking said ground in case an agreement is reached.

Which was read.

Mr. Kerr moved.

The adoption of the resolution.

Which motion prevailed.

And the **Chair** appointed as members of said Committee, Messrs. **Kerr, Garland** and **English.**

The **Chair** presented.

No. 4293. Resolved, That a committee of three be appointed to consider and report to Council what action may be necessary to bring about the abatement of the nuisance caused by the use of unusual loud or harsh auto horns.

The **Chair** presented.

No. 4294.

It is very desirable in the administration of the City's affairs that complete harmony should exist between the various departments, and it is particularly desirable that a friendly co-operation should exist between the Executive and the Legislative branches of the City Government in the making up of the annual budget; the taxpayer is more interested in having an orderly disposition made of public business than in the determination of techinal questions of jurisdiction.

Pittsburgh in common with many other cities is confronted by the problem caused by decreasing revenues and increasing expenditures. The providing for a deficiency of past years—20 per cent reduction of tax on buildings; the installation of the double platoon system, made mandatory by the Legislature; extra policemen and the increased demands of a growing City and the keeping down of the millage to an amount that will not be oppressive to the taxpayer call for the best judgment of Council and the hearty co-operation and assistance of every department of the City Government.

By legislature enactment the duty is placed upon Council to fix the amount of money required to defray the expenses necessary for conducting the various departments of the City, and the further duty of prescribing the number, duties and compensation of the officers and employees of the City. This necessarily calls for an inquiry upon the part of the Council regarding the administration of departmental activities, and the making of inquiry as to the number of employees and their duties is but fulfilling the mandates of the Act and necessary in determining the question of compensation.

It is but fair to assume that in some departments there are more employees than necessary and that in other cases salaries are larger than they should be. The knowledge of these facts lies with the department heads, and it is but proper that Council should be informed of them as well as of the necessity of additional employees and advancement of salaries.

I think I express the feelings of every member of Council when I say that we have no more unpleasant duty to perform than that of cutting out positions and reducing salaries; particularly when we are called upon to do this without complete information.

It is also realized that it is an unpleasant duty on the part of department heads to give such information as will result in the elimination of positions or reduction of salaries of those with whom they are so intimately associated; but when it is considered that the failure so to do will result in ill-considered action on the part of Council which may not only do injustice to individuals, but be detrimental to the service. The duty of the department should be plain, however, distasteful.

The estimates submitted to Council by the various departments because of increased activities and much needed improvements throughout the City, in the aggregate amount to a sum that could only be provided for by a millage, which would be unbearable to the taxpayer. There therefore remains but one thing to be done—the cutting down of estimates wherever possible by the consolidation of activities, elimination of useless positions, reduction of excessive salaries, and the deferring of proposed improvements. The question then presents itself—shall this be done by Council with such information as the individual members may have upon the matter or shall Council have the advice and co-operation of the executive departments so that the reduction called for may be made in such a manner as will do the least injury to the public service.

Believing that if the members of the Legislative and Executive branches of the City Government would fully realize the necessity of co-operation, that they would lay aside all personal feeling and join in friendly conferences in an effort to solve the difficult problems presented by the Budget. I wish to make the suggestion that Council request a conference with the Mayor, the Controller and City Solicitor; said conference to be held at the earliest date suitable to all parties.

Which was read.

Mr. **Garland** moved.

The adoption of the suggestions contained in the statement and that the **Chair** arrange a time for the conference.

Mr. **Kerr** arose and said.

"Mr. Chairman and Gentlemen:—I think the resolution is timely. I believe the people of Pittsburgh are more interested in the matter which you refer to than any individual in the City Government. I think it is high time that we bury our personal feelings, should any exist between the Executive and Legislative branch, and get down to work in order to solve the many perplexing problems which we are confronted with."

Mr. **English** arose and said:

"Mr. Chairman and Gentlemen:—It is very gratifying to me that this Council is about to adopt unanimously a resolution for a conference with the Mayor and the City Controller for the purpose of discussing the appropriations as called for in the budget. I am sure each of you will pardon me for saying that I take pride in the fact that the Council is about to adopt unanimously the suggestion which I made two years ago. You will recall that when I entered the Council and participated in the first budget hearing I offered several motions calling for a conference with the Mayor and the City Controller, as it was then and still is my opinion that the responsibility of handling the affairs of this great municipality devolves upon the eleven elected officials. Unfortunately my motions were all laid upon the table where they still rest.

"It has been my constant endeavor to do what I .thought was best for the greatest number of our people, and it is gratifying indeed to find that although my suggestions did not meet with approval two years ago we are about to realize the necessity of a conference.

"I take pleasure, Mr. President, in stating now as I have always stated that I hold myself in readiness to meet with any person having the interest of the City at heart, whether it be the humblest white-wing on the payroll or the various officials up to the Chief Executive himself; and as long as I shall contine as a City Official I intend to carry out the policy of co-operation with any person who may have anything to suggest for the good of this City, for it is my idea that as officials charged with the responsibility of governing the City it should be our constant endeavor to give the people value received for the money which they pay as taxes."

Mr. **Rauh** arose and said:

"Mr. Chairman and Gentlemen:—I believe, and no doubt every member of Council will agree with me, that what the President has said is true. I have always been willing to co-operate and meet with the Mayor and other City Officials on any subject which pertains to the welfare of our City, or in an endeavor to reduce the taxes.

"In this connection, I wish to state that it is essential that we endeavor to reduce the taxes; as we all know that the City of Pittsburgh to-day owns several thousand pieces of property which has come into the hands of the City on account of non-payment of City taxes. Therefore, the Council should meet in conference with the Mayor and the City Controller to discuss the appropriation items in order to cut out those items which are not necessary.

"It is my idea, and I am sure that it is the idea of the other eight members of Council, and always has been, to do exactly what the President has said."

And the question recurring on the motion of Mr. **Garland.**

The motion prevailed.

The **Chair** presented

No. 4295. Petition of Conrad Blind, of 2496 Perrysville avenue, asking that playground property in rear of his property at 228 Spring Garden avenue be properly drained in order to prevent the water from said playground flooding his property during heavy rains.

Which was read and referred to the Committee on Finance.

And there being no further business before the meeting, the **Chair** declared Council adjourned.

REPORTS OF SPECIAL COMMITTEES

Mr. **Dillinger** presented from the Special Committee.

No. 4329

Pittsburgh, November 22nd, 1915.

To the President and
Members of Council.

Gentlemen:

Your Special Committee, appointed to investigate the origin and cause of the fire which occurred at the James Brown and Company Feed Store, at the corner of Sandusky and Lacock streets, North Side, desire to make the following report:

Subsequent to the fire, which occurred at the above location on October 25th, we made an examination of the structure and conditions provided for the safety of the occupants of the building. We learned that the first floor of the building was occupied as a stable and feed store; on the second floor was an electro-plating shop, and the third and fourth floors were occupied by the Union Paper Box Company. We also learned that the safety provisions provided consisted of a wooden stairway at the front of the building opening into all floors, including the first, which was of flooring board construction, the condition of which previous to the fire it was impossible to ascertain. However, from those who were familiar with the building before the fire, it was stated that the boards and framing, while tight at first, had shrunk away leaving many cracks and openings which could have allowed much smoke to pass up the stairways from the fire which occurred near it, even before the flames were actually in the stairway, and thus prevent persons who wanted to leave the building from doing so.

A fire escape was found at the rear of the building. The last landing of this fire escape was constructed over and across a large door on the first floor, which we learned was open when the fire occurred and that it was impossible to close this door owing to the large volume of smoke and flames coming through it when the firemen arrived at the building. The flames coming from the inside of the building buckled this landing of the fire escape, so that it was impossible to use it as a means of exit.

Your Committee, after having examined the building, held two public meetings, at which the Director of the Department of Public Safety, the Chief of the Bureau of Fire, two Assistant District Chiefs on the North Side, the Superintendent of the Bureau of Building Inspection, the Inspector of the Board of Fire Prevention, the Assistant Superintendent of Building Inspection, and the Superintendent and Assistant Superintendent of the Bureau of Electricity, were present. After considering the statements and reports of the various City officials who had charge of the inspection of this building before and after the fire and the District Fire Chiefs who were in charge at the fire, your Committee respectfully submits:

(1) That the fire alarm system was in good working order and that the fire department responded promptly to the alarm.

(2) That we believe it was shown beyond question that the lives of the persons in this building were lost through suffocation before the first department arrived at the scene.

(3) That owing to the fact that on the first floor, both rear and front, were large doors, which were open, causing the flames and smoke to immediately proceed up through the stairway and shaft of the elevator; that the stairway must have been filled with smoke, and the smoke and flames must have proceeded up through this open elevator shaft and over the front and rear faces of the building, thus preventing the inmates from escaping by windows to the open air.

(4) We found also that the door to the entrance from the feed store to the office was open and that the door leading from the office to the stairway was open, all tending to make a direct draught which made it impossible for the inmates to use the fire escape in the rear, or the stairway in the front of the building.

(5) We also learned that the fire department had sufficient water with which to fight the fire and that the bursting of hose did not contribute to the loss of life. So therefore the bursting of the hose cannot enter into this discussion. We might state for the information of Council that it was the hose on the ground which burst.

(6) We learned also that the firemen who inspected this building about six months previous to the fire did not report to the Board of Fire Prevention that the building was a hazardous risk; they merely stating in their report to Mr. Coster that the building did not contain any rubbish, etc.

Your Committee is of the opinion that the Building Inspector and the Inspector of the Board of Fire Prevention should have inspected this building and known of its condition.

We believe that theBureau of Building Inspection has sufficient power to compel the owners of all buildings to encase their stairways and elevators in fire-proof material; and that if the stairway and elevator in the Brown Building had been enclosed by incombustible material the smoke and flames would not have so readily reached the third and fourth floors where these girls were employed and that it would have been the means of keeping the flames on the first floor for a sufficient length of time to allow the girls to either escape by the stirway in the front or the fire escape in the rear. The Superintendent of the Bureau of Building Inspection and the Inspector of the Board of Fire Prevention both denied that they had sufficient power to compel owners to encase the stairways or elevators in fireproof material.

Your Committee desires to differ with the statements of both Mr. Coster and Mr. Dies and submits herewith a portion of the Act of 1895, which we believe gives Mr. Dies and Mr. Coster power to compel owners of buildings to encase their stairways or elevators in fireproof material:

> "Section 27. All buildings to be hereafter erected or altered, to be used as a school house, church, public building, hall, place of assembly or resort, tenement house, hotel, lodging house, factory or workshop, more than two stories in height shall have at least one stairway accessible from each apartment, which shall be enclosed with brick walls or partitions, made of incombustible materials, and shall have no interior opening other that the doors of the apartments from which it is an exit . . . . . entitled, 'An Act to provide for the better security, of life and limb in cases of fire in hotels and other buildings,' and the several supplements and amendments thereto, and in the case of such stores in which the clear floor space of any story above the second shall be over ten thousand square feet, the said Bureau may require one or more additional Tower fire escape as described; and all mills more than two stories high of the floor area, per story, of three thousand square feet or more shall have such brick enclosed fire escape or escapes as shall be approved by the Director of the Department of Public Safety. No obstruction shall be placed upon any way of egress from any building. No explosive or combustible material shall be stored or placed under any stairway or any building or be used in any such place or manner as to obstruct or render egress hazardous in case of fire."

We believe from the above portion of the Act of 1895 that Mr. Dies did have sufficient law to compel the owners of this building to enclose the stairway and also the elevator in noncombustible material. We have been informed that Mr. Dies is now notifying all owners of buildings in which there are stairways and elevators such as that in the Brown Building to immediately construct with incombusible material, and if he now has the power to notify owners to do this, he surely had the power to do so before the fire occurred in the Brown Building.

From the requirements of the Act quoted above, had there been a fireproof stairway and had it led directly to the street, we believe the occupants of the third and fourth floors could easily have reached the street in safety. We believe also that if the fire escape in the rear had not ben placed so that they passed windows and doors out of which flames were pouring, they could have been used, and perhaps this loss of life prevented.

From the statement of Mr. William Leseman, Assistant Building Inspector, we learn that he had inspected the fire escape on this building five years ago and at that time he thought it was a hazardous risk for girls to be working on the third and fourh floors. He stated that he was sent over to inspect the fire escape, and when he found the condition of the building a menace to the lives of the occupants in case of fire he did not report this to his superior officers. We believe this was a neglect of duty on his part; that he should have reported this to his superior officers and they in turn required the owners or tenants of the building to put it in such shape as to protect the lives of the workers in the building should a fire occur.

Therefore, your Committee believes there are many other places in Pittsburgh of a similarly hazardous condition, dangerous to the lives of those who must earn their wages and who occupy these buildings and we would recommend that the Bureau of Building Inspection be advised to immediately inspect all buildings with a view to ascertaining whether the laws and ordinances of the City are being carried out and that in those buildings in which they find hazardous conditions they notify the owners to remedy them or prohibit them from using the building in case of non-fulfillment of their orders.

We would also recommend that the Board of Fire Prevention be consolidated with the Bureau of Building Inspection and that the Superintendent of this Bureau be responsible for the enforcement of all laws and ordinances relating to the construction, etc., of buildings and the storage of inflammable materials therein.

We also believe that the Director of the Department of Public Safety primarily the Superintendent and Assistant Superintendent of the Bureau of Building Inspection and the Inspector of the Board of Fire Prevention have been guilty of official negligence in not having inspected this building and other buildings in which a number of workers are employed.

Further, in view of the above charges, we recommend that Council takes official notice of the neglect of duty of the Director of the Department of Public Safety; further action in this regard we leave to the judgment of Council.

We further recommend that the Director of the Department of Public Safety dismiss from the service of the City the Superintendent and the Assistant Superintendent of the Bureau of Building Inspection and the Inspector of the Board of Fire Prevention.

Respectfully submitted,
S. S. WOODBURN,
G. A. DILLINGER,
Chairman.

Which was read, and on motion of Mr. **Garland,** referred to the Committee on Finance.

MOTIONS AND RESOLUTIONS.

The **Chair** presented

No. 4330

Whereas, It is the feeling of Council that wherever possible aid should be given to the relatives of those who were killed or injured at the Sandusky streeet fire; and

Whereas, It is probable that Council under the requirements of law will be called upon to provide additional public comfort station attendants; and

Whereas, Mrs. Link, of 1531 Bidwell street, North Side (the mother of one daughter killed and another injured) is desirous of having such position; now, therefore, be it

Resolved, That the Director of the Department of Public Works be requested to give Mrs. Link's application careful consideration, and if she be competent, that such a position be given to her.

Mr. Garland moved

The adoption of the resolution.

Which motion prevailed.

Also

No. 4331

Whereas, It is desirable that every safeguard should be provided for those whose lives may be endangered in case of fire; now, therefore, be it

Resolved, That a committee of three be appointed to consider the advisability of requiring that every factory or workshop occupying a third or higher story shall provide for each window on outside walls a rope ladder of suitable length made of incombustible material, with proper means of attachment. Said ladders and attachments to be at all times in position for immediate use.

Which was read.

The **Chair** said

When I, in company with other members of Council, viewed the site of the Brown Building on Sandusky street after the fire, we were informed of the many employes who had suffocated rather than jump to the hard pavement below. The thought has occurred to me that by the throwing out from the windows of a rope ladder or even a rope, many if not all the lives might have been saved. The idea was so simple that I hesitated to suggest it; but I have since talked to many persons and in every case the project has been endorsed.

It is not intended that these ladders should supplant more permanent safeguards, but that they should be used in case of emergency when all other means of escape have been shut off. It is hardly conceivable that where all the windows are properly equipped the ladders could not be available in at least some of them.

The kind of material, whether hemp, wire or asbestos, or a combination, and the manner of fastening, are matters of detail that can easily be determined upon. The expense of installing these safeguards would be small, and it is submitted that in the interest of humanity the question is worthy of careful consideration.

Mr. Garland moved

The adoption of the resolution.

Which motion prevailed.

And the **Chair** appointed as member of said Committee, Messrs. **Hetzel, Herron** and **Woodburn.**

And there being no further business before the meeting the **Chair** declared

Council adjourned.

DEPARTMENT OF CITY CONTROLLER.

Pittsburgh, November 29th, 1915.

To the Council.

Gentlemen:

There remain on the books of this office the following bond issues to which the electors of the City granted their consent at an election held November 8, 1910, and of which Council has never authorized the issue, to-wit:

Improvement of Second avenue, from Glenwood avenue to the City Line	$ 50,000.00
Widening of Webster avenue	55,000.00
Saw Mill Run Bridge	66,000.00
Laying out parks on public wharves	100,000.00
	$271,000.00

Of these the first three were not issued because the amounts were not sufficient to do the work. The last, if I recollect aright, because of some question as to its legality.

I desire to know whether Council is desirous of retaining the right to issue these bonds or relinquish it. In the latter case ordinances should be prepared so doing. If Council desires to retain the right, it is well to bear in mind the fact that the term of the bonds grows shorter by every year that passes since the authority was granted. In other words, the bonds if issued now would be for twenty-five years serial.

Respectfully.

E. S. MORROW,
City Controller.

Which was read.

Mr. **Garland** moved

That further action on the bill be indefinitely postponed.

Mr. **English** arose and said,

"Mr. President: On Bill No. 4109 I wish to have recorded that I am opposed to a negative recommendation.

In my opinion the present system of employing a great number of white wings for street cleaning in the Summer and then discharging or laying off these men when the Winter season approaches is wrong. I think a great injustice is done to this class of labor, for I believe we should keep the streets clean in Winter as well as in Summer. I feel sure that some system can be worked out whereby a minimum number of men could be employed the year around. If any emergencies arise, then an extra number of men could be employed during the emergency. Hence I vote No on this negative recommendation."

And the question recurring on the motion indefinitely postponing further action on the bill.

The motion prevailed. (Mr. **English** voting No.)

Also

The Chair presented

No. 4370

Whereas, It is a fact within the knowledge of every member of this body that the percentage of the revenues of the City of Pittsburgh, derived from sources other than taxes on real estate, is much less than in many cities of the United States. This has given rise to a contention on the part of many citizens that real estate in Pittsburgh is compelled to bear too large a proportion of the cost of administration of the City government and the public school system, and there is a growing demand for equitable distribution of the burden of taxation. Various suggestions have been made for new forms of taxation to add to the City revenues and the belief is held by some of our citizens that some of the taxes now levied, the proceeds of which now go to the state, should be paid entirely or in part into the City treasury.

In view of the foregoing conditions, I offer the following resolution:

Resolved, That a committee of three members of this body be appointed to confer with the Board of Education of the City of Pittsburgh and representatives of various Trade and Civic organizations of the City, and recommend a plan, including such legislation by the state legislature or Council as might be considered necessary, designed to increase the miscellaneous revenues of the City and bring about a corresponding reduction in taxation on real estate.

Which was read.

Mr. Garland moved

The adoption of the resolution.

Which motion prevailed.

And the **Chair** appointed as members of said committee, Messrs. **Garland, Kerr** and **Rauh.**

The **Chair** presented

No. 4371. Whereas, As all pending legislation undisposed of at the end of the year dies, it is desirable that action should be taken with promptness; therefore, be it

Resolved, That the City Clerks furnish Council with a detailed list of all bills or resolutions upon which no final action has been taken and also a list of matters referred to councilmanic committees upon which no report has been made.

Which was read.

Mr. English moved.

The adoption of the resolution.

Which motion prevailed.

And there being no further business before the meeting, the **Chair** declared Council adjourned.

CIVIL SERVICE COMMISSION.

Pittsburgh, December 9, 1915.

To the Honorable, the Members
of Council, of the
City of Pittsburgh,
Council Chamber.

Gentlemen:

The Civil Service Commission of the City of Pittsburgh, hereby advises your Honorable Body that the sum of $15,000.00, included in the appropriation ordinance for the year 1916, as introduced in Council, as the total allowance for this Commission, is wholly insufficient and inadequate to properly carry out the work of the Commission as provided by law.

In the exercise and pursuance of the powers and duties with which the Commission is invested by Act of Assembly of May 23, 1907, in creating and providing positions and fixing the salaries of its employes, and, after due consideration of the original estimate made and submitted to your Honorable Body, the Commission has concluded and decided:

That in addition to the salaries of the Commissioners, to-wit: the sum of $2400 for the President, and $2000, each, for the other two Commissioners, making a total of $6400, which salaries were fixed for the term for which the said Commissioners were appointed under the provisions of the ordinance of October 11, 1909, the following positions are absolutely necessary for the proper conducting of the work of the Commission, and the following salaries are fair, reasonable and proper, to-wit:

Secretary and Chief Examiner.	$2,400.00
Chief Clerk	1,800.00
Examiner	1,500.00
Second Grade Clerk	1,200.00
Second Grade Stenographer-Clerk	1,000.00
Second Grade Clerk	1,000.00
Second Grade Clerk	1,200.00
Medical Examiner	1,000.00
Efficiency Chief	3,600.00
Second Grade Clerk	1,500.00
Third Grade Clerk	1,800.00
Third Grade Stenographer-Clerk	1,260.00
Second Grade Stenographer-Clerk	960.00
Junior Examiner of Efficiency.	1,500.00
Senior Examiner of Efficiency.	1,920.00

making a total of $30,040.00.

In addition to this the following sums which are itemized in the original estimate submitted, are necessary for the proper conducting of the work of the Commission:

Miscellaneous Services ......$	320.00
Supplies and Printing	1,073.77
Repairs	15.00

Now, therefore, as authorized by the Civil Service Act, the Commission hereby demands that your Honorable Body make an appropriation of the sum of $31,448.77 as the sum necessary for the work of the Commission for the fiscal year of 1916, as you are required and commanded to do by the provisions of said Act.

Civil Service Commission,
By HOMER E. LESLIE,
President

"Mr. President, I desire to vote No on this bill, and will give my reasons therefor when we consider the appropriation bill."

Ayes—**8.**

Noes—**1.**

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS.

Mr. **Garland** presented

No. 4418.

Resolved, That the attached clipping from today's Dispatch (December 9th, 1915) with reference to providing an electrical heating box for police cornermen, be referred to the Director of Public Safety for investigation and report.

WARM COPPER'S FEET.

Connellsville Council Merciful to Traffic Officer.

(Special to the Dispatch)—Connellsville, Pa., Dec. 5.—One would imagine it would be pretty hard to get cold feet on "Brimstone Corner," but that is what Connellsville policemen complain of. "Brimstone Corner" is the most centrally located point in the city, and the busiest. A traffic officer stands there all day long, and they complained that in winter their feet were nearly frozen.

Council has had a box inserted in the ground, raised a few inches above the surface so that it can be constantly kept clear of snow, and the West Penn Electric Company has installed an electric coil in the box which keeps the cop's toosies warm.

Which was read.

Mr. **Garland** moved

That the resolution be referred to the Director of the Department of public Safety for investigation and report.

Which motion prevailed.

Mr. **Dillinger** moved

That the Law Department report to the Committee on Public Safety at its next meeting on the Report of the Special Committee on North Side Fire Investigation, which has been referred to said Department.

Which motion prevailed.

And there being no further business before the meeting, the **Chair** declared

Council adjourned.

REPORTS OF SPECIAL COMMITTEES.

Mr. Woodburn presented

No. 4424

Pittsburgh, December 10th, 1915.

To the President and
Members of Council.

Gentlemen:

The undersigned, special committee appointed by Council to take up with the Mayor the matter of the distribution of the amounts contributed to relief of the sufferers of the Sandusky street fire, would respectfully report that after a conference with His Honor, the Mayor, John Walker, Esq., was selected to make distribution of the moneys contributed by citizens, and that your committee, together with the Mayor, turned over to Mr. Walker the data and testimony taken regarding the financial conditions of the various families whose members suffered by reason of said fire.

That Mr. Walker has distributed the fund referred to as shown by a schedule and statement in the hands of the Mayor. That as appears by statement, the total allotment to date is $5,650.00; the total checks signed amounting to $5,425.00, three more checks of $75 each to go to the beneficiary quarterly, amounting to $225.00.

Your Committee has every reason to believe that the distribution was given very careful consideration by Mr. Walker, and that justice has been done to all the parties interested. It is suggested that Mr. John Walker receive the thanks of Council for this disinterested public service.

Very respectfully,
J. M. GOEHRING,
CHAS. H. HETZEL,
ROBT. GARLAND,
S. S. WOODBURN, Chairman.

Which was read.

Mr. **Hetzel** moved

That the report be received and filed, and the thanks of Council extended to Mr. John Walker.

Which motion prevailed.

DEPARTMENT OF CITY PLANNING.

Pittsburgh, December 14th, 1915.

President and Members of Council,
Council Chamber,
Pittsburgh, Pa.

Gentlemen:

At the meeting of the Planning Commission held Monday, December 13th, it was stated that the proposition to raise Allegheny River bridges is again under advisement with a hearing to be held in this city January 25th, 1916.

In view of the excessive grades necessary to reach the high level bridges, and the great expenses that the City will be put to in changing to these grades, the Planning Commission desires to call the attention of Council to this meeting of January 25th, 1916, and the importance of aiding in the defeat of this project.

Yours very truly,
A. J. LOGAN,
Chairman.

Which was read.

Mr. **Garland** moved

Which was read and referred to the Committee on Public Safety.

The **Chair** took up

Bill No. 4418. Resolution authorizing the Director of the Department of Public Safety to investigate and report on the advisability of providing an electrical heating box for police cornermen.

In Council, December 9th, 1915, Read and referred to the Department of Public Safety for investigation and report.

Which was read.

Also

No. 4450

DEPARTMENT OF PUBLIC SAFETY.

Pittsburgh, December 13th, 1915.

To the President and Members
of City Council.

Gentlemen:

I have a communication from Mr. Robert Clark, Assistant City Clerk, accompanied by a copy of Bill No. 4418 of City Council, being a resolution with reference to providing an electrical heating box for police cornermen, and on which the councilmen desire a report from this department.

Replying thereto, I wish to advise that we have made some investigation and have consulted some of the prominent officials of the Duquesne Light Company in the matter. Mr. B. R. Marshall, Captain of Traffic, has also made special investigation, and we are of the opinion at the present time that it is not possible to provide suitable electrical heating box for the police cornermen which will be advantageous to the City or the policeman. However, we are making further investigations and are endeavoring to work out a plan which will be advantageous to the police cornermen and at the same time relieve their suffering in this line to a considerable extent.

Yours very truly,
CHAS. S. HUBBARD,
Director.

Which was read.

Mr. **Garland** moved

That Bill No. 4418, together with the report, be received and filed.

Which motion prevailed.

Noes—Mr. English.

When the name of Mr. **English** was called, he arose and said:

Mr. President and Gentlemen: I regret exceedingly that for the third time since my membership in this Council began I am compelled to express my disapproval of the tax levy ordinance, Bill No. 4374 and the Appropriation Ordinance, Bill No. 4409, and Salary Bill No. 4410.

I do not intend to go into a detailed examination or itemized list of the various items, but will point out a few of the important matters as an index to the faulty system under which we have labored.

The first subject we discussed was the matter of standardized salaries. Without any thought as to the scale of salaries printed in the standardized schedule, I think it was a mistake to accept without question the minimum and maximum amounts as set forth in the schedule. I know that the City is paying salaries greatly in excess of private corporations. Can any one show that the hours of service or the conditions surrounding the employes of the City are so different as to require the taxpayers to offer a premium for ordinary labor. In addition to this the peculiar matter of advancing some salaries under a standardizing schedule and not reducing others as shown in the same schedule is not good business, and I must oppose it in Council as I opposed it in Committee.

You will all recall that I did not support the 1914 and 1915 Budget Ordinances as I felt sure a deficit would result, as it must, if any one attempts to spend more than he receives. The deficit will continue to exist unless the disbursements are kept within the receipts and savings effected to wipe out the deficit—of course, the other horn of the dilemna can be seized as is done in this ordinance; and that is to raise the millage.

On the first page of the estimate for 1916 we find the office for Tax Assessors. For the past two years we have discussed the matter of typewritten books, loose leaf books, and card index systems, and near the close of the Budget hearings we passed a motion urging the Assessors to adopt some kind of a time-saving system. Have we any assurance that such a system will be adopted?

The next office is that of Water Assessors. The Emerson Company reported that the cost of making the City's water assessments is greatly in excess of that department in private water companies. The City Clerk was directed to telephone the Philadelphia Company and we learned that the meter readers employed by the Gas and Light Companies were able to read and record from 200 to 250 meters daily, while the City water meter readers turned in from 20 to 50 per day. The excuse, not the reason, for the difference is that the City readers have clerical work in the office in addition to outside work of reading meters.

The Civil Service Commission is next in the book of estimates. I need only mention these as a reminder for we all know that the letter sent to Council at the meeting last week is the forerunner of a case in court.

Take the Collection of Delinquent Taxes and the cost of that work. Have we any reports to show that more money is collected at a saving in cost over the old system?

I could go over the entire budget, but I will not weary you. For instance, recall the matter of testing of old fire hose. Who knows how many feet has been tested or what portions have stood the test or what the test pressure was. Just in passing I recall that we passed a motion requesting the Director of the Department of Public Safety to turn over to the Director of Charities the old Knox touring car which was prized so highly by the Chief of the Fire Department.

I wish some member of Council would look this up just for curiosity if nothing else.

I regret the necessity of having to say it, but I feel sure that the other members of Council will agree with me in the following statement. The 1916 Budget with its supplemental estimates and in many cases the supplement to the supplement was the worst patched up jumble of figures that has ever been presented to any Council. In view of the fact that this work was for the first six months of 1915 ending on June 30th, what possible excuse can any one advance for failure to include the honest requests of any department and have all before us by November 1st? If it takes four months to prepare the incomplete and unsatisfactory estimates on which the present ordinance is based, it is high time for Council to insist on the quarterly reports, I have been urging for two years.

The manner of fixing water rates is not at all satisfactory. Sooner or later this City will have to make more equitable water rates and unless some improvement is made in the system we will hear from the taxpayers in no uncertain tone.

In my opinion we must seek relief from the constantly increasing taxes by sitting down calmly and counting the cost of the present government.

It is worse than ridiculous to take last year's expenditures and add a lot of fads and fancies and foolish requests from each department, amounting to a one or two million dollar increase, and then fool ourselves and the people into the belief that our wisdom and knowledge enables us to cut out the one or two million dollars worth of fads and fancies. Let us get away from this style of Budget making. We should insist on basing appropriations on the cost rather than on what was spent the year before. That is the trouble as I view it. We do not know what it costs to do certain things and we should know. Any one who can read can check off page after page when he sees that the same sum is asked for the next year as was spent the year before; but who can tell whether the money used the year before was spent in lavish extravagance or whether strict economy was practiced. That is the point. I am convinced that the one way to solve this problem is through honest and intelligent co-operation.

It is not enough for us to say we have confidence in this or that director, and then dispute with any other member who may ask that director a question or two. Every one should stand or fall on his own merit and not hide behind a motion to lay an embarrassing question on the table. We may not have any commanding and specific Act of Assembly compelling us as councilmen to look into various departments daily, but I insist that members of Council are parties charged with the financial administration of the City government. I do not propose or intend to ask that the legislative branch interfere with the executive, but I do say this in all sincerity—that the nine members of Council, together with the Mayor and the Controller are the eleven men responsible to the people for the kind of government the City has and also the cost of that government. In my opinion we should have more conferences for co-operation and less committees for investigation. We should not attempt to harass any official nor should we show our displeasure by crippling any office with a motion to abolish positions of Chief Clerk or any other officials.

The Civil Service Commission has certain duties to perform and we should help rather than hamper them in their work.

The Council should maintain an office or offices and should be in touch with every department of the City government, through friendly co-operation rather than destructive criticism. This can be accomplished by the chairman of each committee following up promptly and carefully matters relating to his committee and request exchange of views in conference with result in better work all around. The employes will be quick to see that the workers will be recognized and the shirkers wil be penalized. We will have a more efficient government and by the same token we are bound to have a more economical administration. An awakening will result that will reflect in the appropriations for years to come and instead of the Budget wrangles of the past we will have directors and all the employes under them competing with each other in the effort to give the taxpayers full value for the taxes we levy. Our duty in this matter is plain.

We are not here to defend or punish any one. Every employe of the City, starting with the Mayor, Controller and Council down to the street sweeper, should work together for the purpose of giving the people an honest and efficient administration.

I do not wish to burden you at length and I do not want to be understood as attacking or defending either the present or any past administration. I am speaking on my own personal and individual responsibility and as I am not under obligations to any person or faction, I take this opportunity of suggesting a method by which future Budgets should be made.

There are many things in this appropriation ordinance which I would like to vote for, as I think they are right and proper; but there are many more that I cannot sanction and as we cannot split any vote but are compelled to vote yes or no on the complete ordinance I regret that I am forced to vote NO.

When the name of Mr. **Garland** was called, he arose and said:

I wish to correct the statement with regard to deficit for 1915. A deficit, or "uncollected revenues," did not occur during 1915.

We aimed to cut down the deficit, or "uncollected revenues," which existed at the end of 1914, and we did cut it down this year something over $400,000.00, so that there was no so-called deficit during the operations of 1915.

As to the criticism regarding meter readers, let us be fair. It was shown to us not only that our meter readers performed clerical work as well as reading, but our meters are well scattered, being few and far between, whilst the Light Company goes from door to door, in fact visit every house. Of course they make more readings.

There are many other matters not necessary to notice, and I must say the gentleman is exceedingly mild at this time, and on many of his counts we will all agree.

When the name of Mr. **Herron** was called, he arose and said:

"Mr. Chairman and Gentlemen: I am not satisfied with this ordinance and would have preferred that it had provided for several items that were cut out in Committee. I protested at the time. Several of the items which I objected to last year have been eliminated from this Budget, and several mistakes have been rectified. It has provided for several items which were overlooked in our last Budget. I am not in favor of a further increase in our tax levy; in fact, I think it is too high now. But any further reductions would be at the cost of service. It is our duty to make up a Budget, and I vote for this one as the best we could do under the City's present financial condition. I am fully satisfied there is room for improvement in securing the necessary information for the preparation of the Budget and will endeavor so far as it lies within my power to have this information for Council next year."

When the name of Mr. **Rauh** was called, he arose and said:

I feel that the contingent fund of $50,000.00 is by far too small to cover all the contingencies that may arise in a large City. In my opinion, to appropriate nothing for additional arc lighting of our streets to lighten the dark places of our City at night, is not right.

We should not cripple our Civil Service Commission, and in my opinion, after unnecessary court proceeding, the Commission will be again restored as it was.

Some useful positions in the City service have been wrongfully eliminated.

To have appropriated nothing for removing snow and ice is poor business sagacity.

There are other items that I could enumerate which have not met with my approval, but when we consider that the appropriation bill consists of thousands of items, and that I am only one of nine men who helped to create it, I feel it is my duty to bow to the wishes of the majority and vote aye.

Ayes—**8.**

PITTSBURGH RAILWAYS COMPANY.

Pittsburgh, Pa., Dec. 17, 1915.

To the Chairman of Council,
Pittsburgh, Pa.

Dear Sir:

In view of the large number of ordinances being presented today for the consideration of Council, we would request Council to permit the City Clerk to authorize the printing of the ordinances without making the assessment of $100.00 for each ordinance to cover the cost of printing. Whatever the actual expense be for the printing the Company will expect to pay.

Yours very truly,
S. L. TONE,
Vice President.

No. 4488.

Whereas, Council believes that now, as well as for many years past, there have been persistent efforts made to influence and intimidate the city employees to vote and use their influence for candidates favored by the city administration; and

Whereas, We believe the city employee should be free from such political domination, which is contrary to all American principles of government, and has a positive deterrent effect on efficiency and discipline; and

Whereas, We believe the Civil Service Commission is not free from political influence and therefore cannot exercise its judicial function as required by statute; therefore, be it

Resolved, That this Council, or as many members of it as will be in office next year, will have introduced into the next Legislature, and work for its successful passage, enabling legislation that will give Council the authority to pass an ordinance that will prevent the City Employees from actively engaging in politics and that will prevent their superior officers from using their power to influence, intimidate and coerce said employees.

And Be It Further Resolved, That we will submit and support legislation which will provide for the appointment of a Civil Service Commission by authority entirely outside of the City Government, or that they shall be elected by the people.

Which was read.

Mr. **Dillinger** moved

The adoption of the resolution.

Which motion prevailed.

UNFINISHED BUSINESS.

MAYOR'S OFFICE.

Pittsburgh, December 18th, 1915.

Hon. John M. Goehring, President,
and Members of Council,
Pittsburgh, Pa.

Gentlemen:

I am returning you herewith, without my approval, Bill No. 4126, the same being an ordinance extending and opening Ravoux way from the northerly line of Mellon's Plan of Baum Grove property to Eva street, and providing for the cost and damages of the same.

I beg to advise that this improvement consists of extending Ravoux way to Eva street, a distance of 115.71 feet, and the estimated cost of the same is $4,000.00, all of which would be assessed against the City.

This improvement would be a purely local one, and any action on the same would establish a precedent for three or four other alleys in the same neighborhood and no doubt for many others throughout the City. It has been the policy of the City to not enter into openings or improvements of this kind unless the improvement is of a general nature and not of a local nature, which policy I feel is a wise one and one which it would be unwise to break away from at this time.

Yours very truly,
JOS. G. ARMSTRONG,
Mayor.

Which was read, received and filed.

And the Mayor having returned, without his approval,

Bill No. 4126. An Ordinance entitled, "An Ordinance extending and opening Ravoux way, from northerly line of Mellon's Plan of Baum Grove property to Eva street, and providing that the cost, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby."

The same is void and of no effect, in accordance with the Act of Assembly, approved May 22, 1895, and the supplements thereto.

Also

No. 4496

MAYOR'S OFFICE.

Pittsburgh, December 18th, 1915.

Hon. John M. Goehring, President,
and Members of Council,
Pittsburgh, Pa.

Gentlemen:

I return you herewith, without my approval, Bill No. 4332, the same being an ordinance "Creating a Division in the Office of the City Clerk, to be known as the 'Division of Efficiency Standards,' providing for the employes thereof and fixing their salaries," and beg to say concerning the same that while the enactment of this ordinance may be within the legislative province, it is very questionable as a matter of policy. As a matter of record when originally created last year by the Council the Efficiency Chief and his assistants were placed in the office of the Civil Service Commission, and in fact became a part of that organization by adoption. Under the supervision and direction of the Civil Service Commission is where this position naturally and properly belongs, and I am advised that the Commission has, or will, appeal to the Courts, this position being one of the places mentioned in their bill.

I, therefore, feel that this ordinance should not become a law until the Court renders its decision for the reason that if it should sustain the Civil Service Commission's contentions, this ordinance, if put into effect, would provide for a duplication of duties; if, on the other hand, it does not, then Council can take such action as your Honorable Body may deem proper.

Yours respectfully,
JOS. G. ARMSTRONG,
Mayor.

Which was read, received and filed.

And

Bill No. 4332. An Ordinance entitled, "An Ordinance Creating a Division in the City of the City Clerk, to be known as the 'Division of Standards,' providing for the employes thereof and fixing their salaries."

Was read.

REPORTS OF SPECIAL COMMITTEES.

Mr. **Woodburn** presented

No. 4504.

Pittsburgh, December 17th, 1915.

To the President and
Members of Council.

Gentlemen:—

Your special committee appointed by Council to investigate the records and reports and the general conditions of the Sixth Police District, beg leave to submit the following report.

Your committee after a number of hearings with the Police Commissioner, his lieutenants and the plainclothes men of the Sixth Police District, and after a number of visits to other police districts for the purpose of comparing their methods of keeping records, etc., and after receiving a great deal of reliable ouside information, and after having made several visits to the District Attorney's office for the purpose of securing additional evidence in regard to the general conditions of the Sixth Police District, found a very loose system of keeping records in vogue and that they were very incomplete and inadequate; we found no written recommendations from the Commissioner to his subordinates, or record of reports from the subordinates to the Commissioner; we found no records or reports in his office of the moral conditions of his district, and we believe that this omission of written records to be the remains of the old vicious police system whereby no one in particular could be held responsible for conditions.

From information and evidence acquired from these hearings, as well as other reliable sources, we believe that the moral conditions existing in the Sixth Police District to be the worst in the City. The Commissioner admitted the existence of 84 clubs; yet neither he nor his Lieutenants could locate more than 40. We have information that there are more than 150 clubs in his district. A great many of the clubs named by the Commissioner and his Lieutenants are clubs that are connected with some church or benevolent organization—hence of the legitimate type, legally constituted and conducted.

The Commissioner denied any knowledge of houses of prostitution or of assignation; yet your committee from various sources of reliable information believes that a number are running under a flimsy mask; and this fact is known to the decent residents of the vicinity in which they are located; and it is also known in these localities that large quantities of beer are being delivered to said houses. The Commissioner denied any knowledge of clubs in which gambling or gambling devices were being used; in the face of the fact that the District Attorney's office was making or had made frequent raids upon such places, and had removed from them slot machines containing money, as well as finding men engaged in card games for money—among the number being a police officer in uniform; and had also convicted a number of bawdy and gambling houses. One case in particular, where a one-armed man was running an assignation house had been arrested by the Commissioners, found guilty, yet was only fined $25.00, and the last report received by your committee is to the effect that this man has resumed business at his old stand.

We found that some politicians, saloonkeepers and bartenders are the officers of many of these so-called clubs and that some of these clubs are really adjuncts to the saloon, thus augmenting the license by means of the charter to the extent that the restriction of the licenses, such as selling to minors and selling liquor on election day and Sundays, are made void.

Your Committee, believing these conditions to exist, are convinced that the Police Commissioner has either misrepresented the facts to us, or is wholly ignorant of the conditions existing in his district, and that we ask the City Clerk to transmit to the Mayor a copy of this report, and that the Mayor be requested to use it as charges to be preferred against Police Commissioner Peter P. Walsh before the Trial Board.

Respectfully submitted,

G. A. DILLINGER,
S. S. WOODBURN,
Chairman.

Which was read.

Mr. **Woodburn** moved

NEW BUSINESS.

The **Chair** presented

No. 4509.

MAYOR'S OFFICE.

Pittsburgh, December 23, 1915.

To the President and Members of Council of the City of Pittsburgh.

Gentlemen:

In pursuance of Section 10 of the Act approved May 31, 1911, I am returning herewith Bill No. 4409, an ordinance making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year beginning January 1, 1916, and ending December 31, 1916: without my approval of the following items:—

1007, A-1, Salaries Regular Employes, Division of Efficiency Standards, Council and City Clerk, $5,760.00.

1008, C, Supplies, Division of Efficiency Standards, Council and the City Clerk, $100.00.

These items are disapproved for the reason that the proposed work to be undertaken by this Division is, in my mind, proper only as a part of the Civil Service administration, as discussed under that item below.

1014, C, Supplies, Mayor's Office, $5,435.76. This item is disapproved for the reason that it is not sufficient to provide for the printing of the annual reports of the departments of the City of Pittsburgh for the years 1914 and 1915, which I stated in a communication to you would cost about $3,500.00 each, or a total of $7,000.00. Printed annual reports of City departments and offices of the municipality become the only permanent record of such character available to new officials and to those interested in municipal government. The record of the business done by a City other than financial transactions (which are reported upon annually by the City Controller) are, to my mind, as important as those records.

1025, A-1, Salaries, Regular Employes, Division of Motor Vehicles, Mayor's Office, $29,340.00. This item is disapproved for reason that as against the vigorous protest of the Department of Public Safety eighteen (18) police patrol chauffeurs at $1,020.00 each per annum were provided for in the above amount. In my opinion only uniformed police officers should be placed upon patrol wagons, who are responsible not only as drivers of these machines, but who will take part in the regular performance of police duties when so required. All of the patrolmen now assigned to this work are thoroughly experienced in driving these machines.

1100, M, Maintenance Fund, Civil Service Commission, $15,000.00. This item is disapproved in that the amount of $15,000.00 is, in my opinion, wholly insufficient to properly carry on the functions of the Civil Service Commission as provided by law, and as administered and required to me administered in the City of Pittsburgh. A protest through the Courts has been authorized by the Civil Service Commission in connection with this appropriation and I am in agreement with the Commission that they are acting wholly within their province in requiring that you appropriate a sufficient sum to carry on the work of this Commission.

1126, A-1, Salaries, Regular Employes, General Office, Department of Public Safety, $36,840.00. This item is disapproved for the reason that the amount of $4,000.00 of this item should be included in appropriation item 1144, A-1, Salaries Regular Employes, Bureau of Police, as set forth at length in my veto of said item 1144, A-1.

1143, A-1, Salaries Regular Employes, Bureau of Detectives, Department of Public Safety, $69,900.00. This item is disapproved as the total amount thereof should be included in item 1144, A-1, Salaries Regular Employes, Bureau of Police.

1144, A-1, Salaries Regular Employes, Bureau of Police, Department of Public Safety, $964,326.00. This item is disapproved,

FIRST. For the reason that it is insufficient to provide for the salaries of a Captain of Secret Service Operatives at $2,400.00 per annum, twenty-five (25) Secret Service Operatives at $1,500.00 each per annum, and twenty-seven (27) Patrolmen acting as Plainclothesmen at a salary of $1,200.00 each per annum. A Division of Secret Service Operatives should be maintained in the Bureau of Police, at the head of which there should be a Chief of Secret Service Operatives and this Division should not be separated in its administration from the regular Bureau of Police. The Chief of the Bureau of Secret Service Operatives should be required to be a trained and experienced Secret Service Operative or Detective with executive ability in that his experience should be broad enough to make him responsible for the assignment of men upon this important police work. The salary of such a position in the City of Pittsburgh, as stated above, should be $2,400.00 per annum. The Patrolmen assigned to plainclothes duty from time to time should not be removed from the jurisdiction and organization of the Bureau of Police. There is a distinct difference between the duty requirements of the position of Secret Service Operative and Plainclothesman. The former are always available for every district in the City and are assigned from the office of the Division of Secret Service Operatives in the central Bureau office, while the latter are assigned to the different police districts for emergency calls throughout that district, in lieu of the regular police officer on beat. The assignment of Plainclothesmen to a Bureau of Detectives or Secret Service Operatives outside of the regular Bureau of Police would prevent our having emergency officers of this character in the several districts and close to the scene of crimes and considerable time would be lost in getting officers on the ground. Emergency cases of this kind can not be handled in any other way and these men should be under the supervision and subject to the direction of the police commissioners of each district. The entire matter is one of administrative requirement and the Bureau of Police should have a head officer in this Division as asked for by the Department and the organization and administration of this work should be left to the Department.

SECOND. Three of the five record clerks in the Bureau of Police have been stricken from this appropriation. These employments have been used to compile reports, tabulate information, receive telephone calls, answer complaints and requests from the public for information, and the volume of work here required was well proven to the entire satisfaction of Council a year ago, when some of these employments were added in addition to the then existing force. If these positions are not maintained the Bureau will be unable to furnish certain information for the use of the Department as in the past. Three of the present five clerks at $900.00 each per annum have been assigned to the Secret Service Division and work eight hours each. This arrangement has made it possible to have the Secret Service Operatives, whose services are rated at a considerably greater salary, perform their regular duties outside of the office, and should these clerical positions be eliminated, which appear to be the only ones which the Department can possibly dispense with, the Secret Service Operatives would be required to remain in the office as was done prior to the appointment of these three clerks.

THIRD. The entire public and press have recognized the necessity for increasing the police service very materially, and, therefore, at least a substantial increase in this force should be made this year.

FOURTH. Provision has not been made for the employment of an Assistant Superintendent in the Bureau of Police. The experience of past years has demonstrated the absolute necessity for the existence of this position in the police service. This should now be evident to anyone who considers that the Superintendent of Police is responsible for an administration involving a million population.

1150, E, Repairs, Bureau of Police, Department of Public Safety, $3,675.00. This item is disapproved for the reason that it does not provide for an adequate amount for the very necessary repair to the auto patrols which have been in service for several years and which have been reported upon time and again to you as being in a very deplorable condition on account of no funds to put this equipment in proper shape. The sum of $4,000.00 should be added for this purpose.

1151, F, Equipment and Machinery, Bureau of Police, Department of Public Safety, $3,325.00. In addition to the amount appropriated under this item the sum of $6,000.00 at least should be provided for the purchase of two (2) new automobile patrols in order that the entire equipment of this character may be properly conserved by having such emergency equipment. The necessity for this has been repeatedly called to the attention of Council by the Department.

1153, L, Police Pension Fund, Bureau of Police, Department of Public Safety, $12,360 00. This item is disapproved for the reason that it substitutes a salary of only $15.00 each per year for police officers instead of $50.00 each per annum as heretofore provided. In my judgment this is contrary to the purpose and intent of the Police Pension Fund Act of 1915, which was passed with a view to assist in aiding and maintaining the Police Pension Fund, which, even on the present basis of $50.00 per man, has been rapidly declining and there should be no action of Council to defeat this result. The amount required in addition to the $12 360.00 is $28,840.00, which should be added.

1156. A-1, Salaries Regular Employes, Bureau of Fire, Department of Public Safety, $1.084.120.00. This item is disapproved for the reason that provision has been made for seven (7) district chiefs instead of nine (9), or a reduction of two (2). The distribution of the district chiefs as at present maintained furnishes more than sufficient work for each of the nine (9) men at present employed and a reduction of this force must necessarily impair and injure this service, as the entire organization of the fire department is at present based upon these divisions in the service and any reorganization enforced through lack of appropriation must be hurtful. In this connection it is pertinent to state that the present number of districts have not been increased during the last eight (8) years and with the increased service, increased number of men and increased territory they should certainly not now be decreased.

1162 E, Repairs, Bureau of Fire, Department of Public Safety, $18,000.00. This item is disapproved for the reason that it is insufficient by the amount of $1[illegible]000.00 to meet the expenses that will be necessary for remodeling engine houses which now have been and will be installed within the next few months with motor driven apparatus. This is to comply with the provisions of law regulating and governing the buildings for the housing of motorized equipment. Inasmuch as the law is enforced upon everyone else in this matter, the City should certainly not set the bad example of refusing to make the necessary changes.

1204, A-1, Salaries Regular Employes, Division of Transmissible Diseases, Department of Public Health, $25,680.00. In transferring the field force from the Division of Tuberculosis Treatment and Prevention to this Division, the clerk of the Tuberculosis Records has not been provided for. It is necessary to have these very important records maintained and the position of Clerk of Tuberculosis Records should be provided for in addition to the amount shown above.

1210, A-1, Salaries Regular Employes, Division of Bacteriology, Department of Public Health, $14,140.00. This item is disapproved for the reason that provision for the salary of the position of Bacteriologist has been reduced from $2,400.00 to $1,800.00 and I do not believe that this is in accordance with the requirements of this position. Council has been informed concerning the individual and work requirements of this position. The importance of the examinations required to be made daily, including Sunday, can not be denied.

1219, A-1, Salaries Regular Employes, Tuberculosis Hospital, Department of Public Health, $23,100.00. This item is disapproved for the reason that it is insufficient to provide for the salary of the Superintendent of the hospital at $3,000.00 per annum. This salary was reduced to $2,100.00 per annum, which is not adequate for the character of service required to be rendered at this hospital.

1262, Salaries, Regular Employes, Division of Plumbing and House Drainage, Department of Public Health, $7,600.00. This item is disapproved in that it is insufficient to provide for one Clerk at $1,000.00 and five inspectors at $1,500.00 each per annum, a total of $8,500.00 per annum, which should be added to this appropriation. An Act of Assembly charges the Health Department with the enforcement of the plumbing laws and while the transfer of a portion of this force to the Bureau of Building Inspection may serve in the case of the inspection of new buildings, the sanitary work performed in this Division can not be carried on by the force left at the disposal of the Department of Public Health. I do not believe it is the intention of Council to so materially handicap the health work of this character.

1269. A-1. Salaries Regular Employes, Division of Housing and Sanitary Inspection Department of Public Health. $41,480.00. This item is disapproved for the reason that the salaries of seven ([illegible]) Inspectors at $1,020.00 each per annum have not been provided for. The reduction of the force upon this work will materially impair the sanitary work which has been carried on by this

Division. Close check upon the conditions in the different parts of the City and the enforcement of the health laws can only be maintained by the amount of inspection service given to this work, the importance of which should be readily realized by Council.

1291, A-1, Salaries Regular Employes, Division of Milk and Miscellaneous Food Inspection, Department of Public Health, $14,700.00. This item is disapproved as being insufficient. The dropping of three (3) food inspectors at $1,020.00 each per annum in this Division will materially reduce the amount of work that this Division can perform and represents about one-third of the present work carried on. The results obtained by this Bureau points to an increase in the very efficient work which the Bureau has done rather than a decrease in this force, and, as in the case of sanitary inspection, this important branch of health work can not be too rigidly controlled through inspection.

1299, A-1, Salaries Regular Employes, General Office, Department of Charities, $15,020.00. This item is disapproved as insufficient to provide for the position of Chief Clerk and Chief Physician. The elimination of the position of Chief Clerk from this Department charged with the care of the poor and insane of our City and the administration of a large force which is required to carry on this work, leaves the Director of the Department without a confidential clerk and assistant, which, in my opinion, is one of the most necessary employments to the head of all departments of the City government. The elimination of the position of Chief Physician leaves the medical service without a physician in charge. I believe this to be another mistake in organization principle in that the 11 district physicians should not report direct to the Director of the Department nor should the Director of the Department be called upon to make individual assignments for the work of the district physicians.

1320, C, Supplies, Marshalsea City Home and Hospitals, Department of Charities, $159,919.55. This item is disapproved for the reason that it is insufficient to provide for the increased diet for the inmates at Marshalsea, which has been agreed upon by Council as necessary to give proper food and maintenance. The amount of money estimated to be required in addition to the above is $15,000.00. This is based upon an allowance of 15 cents a day for food to all the inmates in the home and hospital, except the tuberculosis patients and employes, for which an allowance of 35 cents a day is made.

1328, C, Supplies, Warner Home and Hospitals, $21,117.65. This item is disapproved for the reason that it is insufficient to provide for $3,000.00 increase in diet for inmates and patients at this institution, and, as in the case of the preceding item, the food is based at 15 cents and 35 cents respectively. The increase here suggested can certainly not be considered an extravagant allowance for food to these institutions as asked for by the Department.

1420, A-1, Salaries Regular Employes, Division of Surveys, Bureau of Engineering, Department of Public Works, $55,900.00. This item is disapproved for the reason that it is insufficient to provide for one engineering corps which was eliminated from the present force. The amount of $4,800.00 should, therefore, be added to the above amount. As explained to you by the Director of the Department of Public Works during your consideration of this force, it was found that one engineering corps could handle the work of the Division of Public Utilities instead of the two which had been transferred to that office from the Division of Surveys, and it was also explained that the working force of the Division of Surveys had been made entirely inadequate for the work necessary to be done by that Division of Surveys and that the replacing of the engineering corps and the Division of Surveys was set up in order that the distribution charges for the expense might properly be made according to the functions of the Bureau. Further, in view of the fact that it is contemplated to improve a large number of streets in 1916 under the assessment laws, there will be a greater amount of engineering work necessary to be done than in any year for several years, as there has been practically none of this work done since 1912, the money not being available. If this corps is not added to the Division of Surveys the Department will be unable to make the necessary surveys and plans for the amount of work which should be done. Ordinances have already been passed aggregating about $1,000,000.00, many of which have been deferred for three (3) years awaiting the necessary money, which the City Controller has advised Council will be available in 1916.

1443, A-1, Salaries Regular Employes, Division of Inspection, Bureau of Engineering, Department of Public Works, $34,800.00. This item is disapproved for the reason that it does not provide for a sufficient number of Inspectors on public work. In eliminating seven (7) inspectors at $1,200.00 each per annum, amounting to $8,400.00, the force has been reduced from 32 to 25. In addition to the work which the thirty-two (32) inspectors were called upon to do during 1915, the inspection work of this character will be required on a great deal more sewer and street improvement work this year owing to money being released for this work. It will be a physical impossibility for a reduced force of twenty-five (25) to make proper inspections of all the contract work which is contemplated. These contracts amount to from $500.00 to many thousand dollars each and to secure the proper results in this work constant and careful inspection must be rigidly maintained. There is no question in my mind that where this inspection is not rigidly maintained the City will lose a great amount of money on these contracts and in the case of assessment work abutting property owners who can show that work of this character is improperly done and not inspected may refuse to pay their assessments.

1496, A-1, Salaries Regular Employes, General Office, Bureau of Highways and Sewers, Department of Public Works, $13,900.00. This item is disapproved in that it is insufficient to provide for one (1) Stenographer at $900.00 per annum and three (3) Inspectors at $1,200.00 each per annum, a total of $4,500.00. The transfer of three of the Inspectors and one Stenographer from the Division of Public Utilities in the Bureau of Engineering to the General Office of the Bureau of Highways and Sewers was contemplated in order that the expense of the work performed by these men could be properly distributed and charged to the function of which they belong. The elimination of these positions means the entire elimination of this work. Hundreds of complaints made yearly of the bad condition of streets and sidewalks can not be too closely followed up and all of these complaints will have to go without proper consideration and investigation.

1501, A-1, Salaries Regular Employes, Division Offices, Bureau of Highways and Sewers, Department of Public Works, $54,180.00. This item is disapproved for the reason that it is insufficient to provide for one division force, amounting to $8,950.00, consisting of one Division Superintendent at $1,650,00, one General District Foreman at $1.080.00, one Division Clerk at $900.00 and six Assistant Foremen at $900.00 each per annum. Previous to the year 1914 the City was divided into nine (9) divisions. The number of Divisions was reduced to seven (7) and has proven to be the minimum with which the functions of this Bureau can be operated. The further reduction of these Divisions from seven to six was made after the Director of the Department of Public Works called your attention to the impossibility of handling the City with six (6) divisions, each to have the same amount of supervision as when there were seven. The operations of this Bureau and all of the functions in the Bureau have been practically the life study of its head officers, and are handled economically and compare favorably with other Cities in the country; in fact, in most cases they are lower. Complete distribution of costs for all the different functions of this Bureau has been maintained and comparisons have been made with other Cities, and even with the topographical disadvantages the costs in nearly every instance are less than nearly all of the large Cities that are comparable with Pittsburgh, and not only lower but more satisfactory in results than in Cities where this function is handled by contract. This low cost is to be credited to proper organization and administration of the Bureau.

1537, A-4, Wages Temporary Employes, Boardwalks and Steps, Bureau of Highways & Sewers, Department of Public Works, $21,465.00.

1538, D, Materials, Boardwalks and Steps, Bureau of Highways & Sewers, Department of Public Works, $22,400.00. The above two items are disapproved for the reason that they are insufficient to provide for the necessary upkeep and maintenance of the boardwalks and steps throughout the City of Pittsburgh. Only enough of an appropriation has been allowed to keep up the general repairs of those now existing without any renewals or erection of new boardwalks and steps being permitted. Requests on file for improvements of this character which have been presented to Council and in turn sent to the Department of Public Works with favorable report that the work should be done aggregates over $50,000.00. Absolutely none of these can be built. This is a very serious drawback to all the resident of the hills and valleys of the City and it is the small householder and workingman who will be affected adversely. Numerous suits for damages against the City can only be avoided by properly taking care of the boardwalks and steps function.

1564, E, Repairs, Municipal Hall, Bureau of City Property, $3,230.49. This item is disapproved as being insufficient in the sum of $5,000.00 for general house repairs. The City owns a large number of houses which were acquired through the non-payment of taxes and other reasons, whose care and maintenance are charged to the Bureau of City Property. Most of these houses are now in a dilapidated condition but can be made good revenue producers by putting them in tenantable condition. This is justified by the fact that the revenues from this source have increased from $1,300.00 in 1913 to $8,000.00 in 1915. Many of the houses, if not repaired, will have to be torn down, thereby removing any possibility of securing revenue from them and further destroying any value they may have at present. Even the slightest and most inexpensive repairs can not be undertaken otherwise.

1578, A-1, Salaries Regular Employes, North Side Market, Bureau of City Property, $2,400.00. This item is disapproved for the reason that it does not provide for the salary of the Market Clerk at $1,500.00 per annum. In reducing the salary of the Market Clerk from $1,500.00 to $1,200.00 per annum, a reduction of $300.00, the importance of the position has evidently been overlooked. The revenues of this market can only be maintained and enhanced by the constant and conscientious effort of a man charged with this work.

1587, A-1, Salaries Regular Employes, South Side Market, $1,860.00. This item is disapproved for the reason that it does not provide for a Clerk at the Market at $1,200.00 per annum, and for the same reason as stated in the preceding item.

1593, E, Repairs, South Side Market, Bureau of City Property, Department of Public Works, $1,200.00. This item is disapproved for the reason that it is not sufficient to provide for any of the repairs which are demanded at the

South Side Market. A modern refrigerating installation, including stalls, stands and a general rehabilitation in order to produce an increase in revenue had been promised to the people of this section of the City and if all of this work can not be undertaken at least a portion of the work should be appropriated for at this time.

1595, A-1, Salaries Regular Employes, Duquesne Market, $2,200.00. This item is disapproved for the reason that it provides for a Constable instead of a Clerk, who is absolutely necessary to handle the work of caring for the rentals and income and properly distributing the space, etc., at the market.

1612, A-1, Salaries Regular Employes, Wharves and Landings, Bureau of City Property, Department of Public Works, $1,500.00. This item is disapproved for the reason that it does not provide for the salary of the Assistant Wharfmaster at $1,200.00 per annum. There are some thirty (30) miles of waterfront to be looked after by the Wharfmaster and his assistant. The duties of the Assistant Wharfmaster are to supervise the Allegheny wharf from Woods Run to the City Line. By the elimination of this position it will be utterly impossible for the Wharfmaster to look after the entire water front in the proper manner and collect the revenues which should be derived from this source.

1619, Salaries Regular Employes, Comfort Stations, Bureau of City Property, $2,400.00. This item is disapproved for the reason that it is insufficient to provide for the attendants necessary at the comfort stations now open and those to be opened and which it will be necessary to maintain and operate during 1916. Only four (4) attendants have been provided for by the above appropriation and this will keep but one of the comfort stations open during next year. All of the others, to the number of four (4), unless provision is made, must be closed to the public. The amount of money necessary for additional attendants is estimated to be $10,800.00.

1620, E, Repairs, Comfort Stations, Bureau of City Property, $765.00. For the reasons as stated in my disapproval of the preceding item, this item will also have to be increased and certain supplies must be appropriated for the proper carrying on of the work of the attendants at the several comfort stations.

1668, A-1, Salaries Regular Employes, Bureau of Light, $7,800.00.

1669, A-3, Wages Regular Employes, Bureau of Light, $25,900.00.
These items are disapproved for the reason that they do not provide for the salary of a Chief Engineer but instead provide for three (3) Assistant Engineers, thus leaving the plant without an actual head, which is of vital importance to its successful operation. One man must be in charge and I do not believe that the North Side Light Plant can be operated efficiently under such arrangement.

1671, B, Miscellaneous Services, Bureau of Light, $447,179.50. This item is disapproved for the reason that it does not provide for any new lights in addition to those at present installed. An estimate for new lights at $31,000.00 was presented to you and has not been allowed. This amount represents the average number of extensions to the light system which have been allowed during past years. The result of not appropriating anything for new lights will be that where we have on file applications for over 100 lights of different character where lights are necessary for safety to the public, none can be erected and no new requests for lights can be considered. New streets opened during the incoming year can not be provided with new lights. Good lighting in a City is important not only for private convenience but is recognized as one of the greatest aids to its proper policing and the prevention of crime.

42, Contingent Fund, $50,000.00. This item is disapproved for the reason that it is insufficient. A more proper amount, in my mind, would be $100,000.00. In disapproving this item, I do so after considering an analysis of the contingent funds of prior years. The contingent fund of the City of Pittsburgh should not be appropriated for an amount sufficient to include an appropriation for any other than actual contingencies arising during any year for which an appropriation is made. The contingent funds of prior years have not been used for such purposes at all times, but I believe that under present conditions where the appropriations have been so materially reduced that $100,000.00 will barely provide for the amounts which Council must realize will have to be appropriated in addition to the regular appropriated items.

In summing up, I wish to call your attention to the fact that the street repaving schedule, amounting to $175,000.00, is wholly inadequate to put the streets which are absolutely necessary to repair in proper condition, and that the amount of $300,000.00 estimated by the Department of Public Works would not have completed the work which should be done. A discussion of street repaving was had with Council at the time the discussion upon the proposed bond issue for 1916 was taken up and Council is familiar with these conditions and the present requirements on this subject. It will be understood that only the amount of work represented by this appropriation of $175,000.00 can be done during the ensuing year.

No appropriation was made for the cost of the removal of snow and ice. The records show that every year there is from one to 10 heavy falls of snow that must be removed quickly if traffic throughout the City is to be unimpeded. If a heavy snowfall comes next year it will mean simply that the snow will have to lay on the streets until it melts, which would be a deplorable condition and one which should not be permitted by any muncipality. The loss sustained by allowing the snow to remain upon the streets in quantity will amount to hundreds of thousands of dollars to general business in the retail districts and is considered from a health standpoint to be one of the most dangerous conditions whch could be allowed to exist. Snow removal should not be treated as a contingency, but should be provided for in the annual appropriation, as it is required in a greater or less degree as regularly as the winter season comes.

In failing to make provision for the present Board of Fire Prevention in the appropriaton ordinance, your attention is called to the necessity for placing in the reorganization of the new Bureau of Building Inspection employments which will be required to perform exactly similar duties to the ones now performed by employees of this Board which require a knowledge and experience in chemistry concerned with explosives and combustibles.

The fact that you have failed to provide in this budget for the expense of any special bond election although such bond issue had been agreed upon after numerous conferences and consultations is to be taken as an assumption on your part of all responsibility for the abandonment of this project, without any reference to what may be the wishes or desires of the people on these proposed improvements affecting every part of the City.

In view of considerable publicity on the part of Council or certain members thereof concerning City subways and subway loops, I would venture to suggest that at the present time there is no subway law in existence for Cities of the second class and if it is really intended to accomplish some preliminary engineering work for future use this should have been provided for in the present budget.

For the second time as Chief Executive of this City, I have been called upon by reason of my desire to adhere to my pledge for an economical administration of City government, to disapprove of an appropriation ordinance based upon false economy. The reckless manner in which some of these appropriations were determined upon calls for a criticism from me of the strongest character that I am able to put into this statement for the reason that the information furnished you by the different departments was wholly disregarded in many instances in favor of mere suggestions and hearsay during your sessions upon the consideration of this important appropriation bill. The reductions in service which I have disapproved can only impair the public service and the responsibility for such injury can not be accepted by me when Council fails to appropriate the necessary funds. This condition, to my mind, is brought about mainly by the failure of Council to understand and appreciate fully the needs of our City in their consideration of the estimate of necessities, furnished by the heads of the several departments. Any change in the service in the Departments of Public Safety, Public Health or Public Works which will impair or injure the service points to a failure of the exact purposes and intent of City Government. Insufficient protection afforded to life and property in the police and fire service affects every citizen directly in the safety of himself, his family, his home and in the conservation of all of his personal and property rights and the loss of hundreds of thousands of dollars through inadequate inspection and control service will cause the City to go backward instead of to progress as it should at all times. The reduction in many of the appropriations which I have disapproved, while not greatly affecting the tax rate, are made in activities where the only effect can possibly be in the reduction of a particular class of service which these divisions have been called upon to render for the City. A constant pursuance of your policy to control administration through legislative enactment will at all times jeopardize the service which the Chief Executive and his department heads are called upon to render for the City. Governmental administration and control can only be relieved of this handicap when Council gives its fullest consideration and co-operation. Pertinent to this discussion, I have to call attention to the following conditions: there is now an increasing tendency in municipalities to hold the Mayor responsible for the government as a whole it is a part of his regular duty to understand, correlate and supervise the work of the various administrative departments; and it would be loose organization to have such departments dealing with the legislative branch of the government independently of their Chief who is responsible for them. The program formulated by the Chief Executive when approved by the legislative branch of the government becomes then a definite responsibility upon him in that he is thereby ordered to carry out the program as authorized.

These latter considerations I deem of sufficient importance to deserve your serious attention, and for that reason I mention them in this communication.

Excepting these items above recited as disapproved, I hereby approve all of the other items and parts of items of the appropriation ordinance, Bill No. 4409.

Yours very truly,
JOS. G. ARMSTRONG,
Mayor.

Which was read, received and filed.

Mr. **Herron** asked the **Chair**

If Council should fail to pass the items over the Mayor's veto, would the items be stricken out of the bill altogether and would it be possible to provide the increases asked for by supplemental legislation?

The **Chair** stated

The law provides that the budget must be reported by the first Monday of December, and we have allowed a month to go by now, and if we let it go any longer, it will allow a new Council to consider it, which I consider illegal. Under the circumstances the **Chair** could see nothing to do but to make the bill become a law notwithstanding the objections of the Mayor. To make the increases, would also increase the tax levy.

Mr. **Herron** said

"As the tax levy is now a law, by making these increases we would be creating a deficit."

And

Bill No. 4409. An Ordinance entitled, "An Ordinance making appriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year beginning January 1st, 1916, and ending December 31st, 1916."

Was read.

The **Chair** stated

That he did not believe it would be necessary to take up the bill item by item, but the items could be considered collectively.

Mr. Chas. A. O'Brien, City Solicitor, appeared and stated

That it was customary to take up such vetoes item by item, and if it was not done that way, but considered collectively, it would be necessary to obtain the unanimous consent of Council.

Mr. **Dillinger** moved

That the unanimous consent of Council be given in order that the items disapproved by the Mayor be considered collectively.

Which motion prevailed.

And on the question, "Shall the items disapproved become a law notwithstanding the objections of the Mayor?"

Mr. **Garland** arose and said:

Many of the points presented by the Mayor, in my opinion, are well taken, and on quite a number of same, some of us agreed with his conclusions. While there were differences of opinion among the Councilmen on various items, let us also remember that each question was settled by a majority vote, and these majorities were not, by any means, made up by the same persons at all times.

Having been generally accepted, therefore, by a majority, I feel that Council should stand by its action on the entire Budget.

Any revisions at this time would throw the Appropriation Bill over for printing, and also for submission to the Mayor for a further ten days' consideration, which would practically mean that the entire Budget must be reconsidered by the new Council, entailing considerable delay, without any corresponding change in the tax levy for 1915, already fixed, and which is now a law.

In considering the Budget, the Committee took the Controller's figures rather than those of the Mayor's Bureau of Costs. Had we taken the latter, we would have been approximately $150,000 to the good, but it was thought best to act conservatively in taking the lower figures of the Controller as to estimated revenues.

The Committee also based the Budget upon 82½ per cent receipts of the current tax levy, as suggested by the Controller, instead of 85 per cent as suggested by the Mayor, and in this action it also figured conservatively, the difference being (if 85 per cent be collected) about $175,000 extra in the Treasury.

Mr. **Rauh** arose and said,

"Mr. Chairman and Gentlemen: There are items which I agree with the Mayor, and which I have voted the same as the Mayor suggests in his veto, but when we consider that the appropriation bill consist of thousands of items, and I as one of the nine men helped to create, and as every item was carried by a majority vote of Council, I feel it my duty, especially as three members of Council, owing to sickness or death in their families, are unavoidably absent, to vote against sustaining the veto of the Mayor."

Mr. **Dillinger** arose and said:

"Mr. President and Gentlemen: In voting to override the Mayor's veto, I feel that I am doing my simple duty as I see it to the taxpayers of the City. The tax levy has already been fixed and the Mayor should know that it would be impossible for Council to accept his recommendations as just read to us because of this, and as his recommendations would add between two hundred and fifty thousand and three hundred thousand dollars to our appropriations, which means one-half additional mill would have to be added to the tax levy. The Mayor and his Department Heads came before Council with a belated supplemental request, which amount to $1,600,000, which had Council accepted, would have meant an additional three mills to the tax levy, so I want to distinctly state that Council, after having spent four veeks in making up the budget, and the Mayor had it only ten days in which to make his recommendations, I believe that the general public will be entirely in harmony with Council's action in honestly trying to keep down the tax levy and at the same time give as efficient service as is possible with the amount of tax levied.

There are some salary raises in the budget as finally passed by Council that I am not in accord with, but as this was passed by a majority vote, I feel that I must vote to sustain the budget as passed by Council, so as not to impede the City's business.

And the question recurring, "Shall the items disapproved become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Dillinger	Herron
Garland	Rauh
Goehring (Pres't)	Woodburn

Ayes—**6.**
Noes—None.

And there being two-thirds of the votes of Council in the affirmative, the items disapproved became a law notwithstanding the objections of the Mayor.

The **Chair** presented.

No. 4510.

MAYOR'S OFFICE.

Pittsburgh, December 23, 1915.

To the President and Members of City Council of the City of Pittsburgh.

Gentlemen:

I return herewith Bill No. 4410, an ordinance fixing the number of officers and employes of all departments of the City of Pittsburgh, and the rate of compensation thereof, without my approval. I am disapproving this ordinance for the reason that under the following sections certain provisions as herein listed have not been made, and certain other provisions for employments have been made which, in my opinion, should not have been made.

Certain positions have been eliminated and the salaries of others have been reduced, which as shown below should be replaced and restored in accordance with my comments upon the disapproval of certain items of the Appropriation Bill No. 4409, and which are as follows:

SECTION 4.

City Clerk's Office—Division of Efficiency Standards.

Should be eliminated:

Chief of Efficiency Standards, $3,000.00 per annum.

Examiner of Efficiency, $1,800.00 per annum.

Stenographer-Clerk, $960.00 per annum.

SECTION 7.

Mayor's Office—Division of Motor Vehicles.

Should be eliminated:

18 Police Patrol Chauffeurs, $1,020.00, each per annum.

SECTION 17.

Civil Service Commission.

Should be added:

Secretary and Chief Examiner, $2,400.00 per annum.

Was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

Mr. **Herron** arose and said,

"If we vote to sustain the objections of the Mayor on the item Secret Service Bureau, what position will it leave that bureau in?"

Mr. **Ruoff** (Assistant City Solicitor) said,

"Mr. **Herron**, If the veto is sustained you will have no Bureau of Detectives, but will have an appropriation for it, and you will have a Division of Detectives in the Police Bureau without an appropriation for it."

Mr. **Herron** arose,

"I will have to vote against sustaining the Mayor, as it will be possible that I am obstructing progress if I do otherwise. Personally I am satisfied with the present detective force, but do not want to deprive the City of a detective bureau, therefore I will have to vote to pass the ordinance over the Mayor's veto.'

MAYOR'S OFFICE,

Pittsburgh, Pa., December 24th, 1915.

Tó the President and Members of
Council of the City
of Pittsburgh,

Gentlemen:

I herewith return, without my approval, Bill No. 4421, an ordinance amending an ordinance establishing a police telephone and signal telegraph system for the use of the Police Department of the City of Pittsburgh, approved January 15th, 1886, by striking out Section 3 thereof, for the following reasons:

In my mind only uniformed police officers should be placed upon patrol wagons who are responsible not only as Drivers of these machines but who will take part in the regular performance of police duties when so required. All of the patrolman now assigned to this work are thoroughly experienced in driving these machines.

This ordinance is a change from a well tried practice or policy in the police service to a new feature in that service which does not promise improvement but is liable to result in confusion and lack of proper discipline.

Yours very truly,
JOS. G. ARMSTRONG,
Mayor.

Which was read, received and filed.

And

Bill No. 4421. An Ordinance entitled, "An Ordinance amending an ordinance entitled, 'An Ordinance establishing a police telephone and signal telegraph system for the use of the Police Department of the City of Pittsburgh, and authorizing the purchasing of the same, and the employment of men necessary to the operation thereof.' approved January 15, 1886, by striking out Section 3 thereof."

Was read.

MAYOR'S OFFICE,

Pittsburgh, Pa., December 24th, 1915.

To the President and Members of
Council of the City
of Pittsburgh.

Gentlemen:

I herewith return Bill No. 4113, An Ordinance creating the Bureau of Detectives in the Department of Public Safety, without my approval, for the following reasons:

A Division of Street Service Operatives should be maintained in the Bureau of Police, at the head of which there should be a Chief of Secret Service Operatives and this Division should not be separated in its administration from the regular Bureau of Police. The Chief of the Bureau of Secret Service Operatives should be required to be a trained and experienced Secret Service Operative or Detective with executive ability in that his experience should be broad enough to make him responsible for the assignment of men upon this important police work.

The responsibilities of handling a large Police Bureau should be placed upon the shoulders of one official. By creating a new bureau such as mentioned in this ordinance the same would be divided. Past experience has demonstrated when such responsibilities are divided the best results cannot be obtained. Therefore, for the better protection of our people our police system should be left as it is, in a harmonious condition and in line with other large regulated cities throughout the country.

Yours very truly,
JOS. G. ARMSTRONG,
Mayor.

Which was read, received and filed.

And

Bill No. 4413. An Ordinance entitled, "An Ordinance creating the Bureau of Detectives in the Department of Public Safety as a part of the Police Force of the City, and fixing the number and salaries of the employees thereof, and providing that the Civilian Aide to the Director of the Department of Public Safety shall perform the duties of the Chief of Detectives."

Was read.

MAYOR'S OFFICE,

Pittsburgh, Pa., December 24th, 1915.

To the President and Members of
Council of the
City of Pittsburgh.

Gentlemen:

I return herewith Bill No. 4398, a Resolution providing for the employment of assistant counsel for the Committee on Public Safety, etc., without my approval, for the reason that the Committee apparently has not carried on the investigation to such an extent that would afford the present members sufficient time to arrive at a decision.

Yours very truly,
JOS. G. ARMSTRONG
Mayor.

Which was read, received and filed.

And

Bill No. 4398. Resolution requesting the Mayor to supply assistant counsel to be selected by the City Solicitor, to give whatever assistance the Committee on Public Safety or any sub-committee thereof may require in the investigation of certain charges made of irregularities, coercion and pernicious political activities against certain officials and employees of the City in connection with the last municipal election, provided that the fee to be paid said assistant counsel shall not exceed the sum of $500.00 to be chargeable to and payable from the Contingent Fund, Appropriation No. 42.

Was read.

And on the question, "Shall the resolution become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Mr. Woodburn

Noes—Messrs.

Dillinger
Garland
Goehring (Pres't)

Rauh

Ayes—1.

Noes—5.

And there not being two-thirds of the votes of Council in the affirmative, the resolution failed to become a law notwithstanding the objections of the Mayor.

Mr. **Dillinger** presented

No. 4514. Resolved, That the City Clerk be directed to appoint to this Council today, Geo. A. Levy to the position of Chief of Efficiency of Standards, as created by Council in the City Clerk's Office.

Which was read.

Mr. **Dillinger** moved

The adoption of the resolution.

Mr. Chas. A. O'Brien, City Solocitor, was asked his opinion on the resolution, and stated.

That he believed it was the idea of Council to create the position of Efficiency Chief as an employee of the City Council; that an ordinance has been passed to that effect, and this resolution calls upon the City Clerk to make the appointment. In the proposed action to be brought by the Civil Service Commission to mandamus Council to restore certain positions and provide sufficient money to run the Civil Service department, this will be one of the positions affected and would suggest that the appointment be held over until this case is disposed of. I believe this position comes under classified service. This is a matter of having the City Clerk appoint Mr. Levy to the position, and I assume that the position comes under the classified service and no examination has been held and Mr. Levy may not pass the examination and may not qualify for the position.

And the question recurring on the adoption of the resolution.

The **Chair** ordered a call of the ayes and noes, and the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Dillinger
Garland
Goehring (Pres't)
Rauh
Woodburn

Noes—Mr. Herron.

And a majority of the votes of Council being in the affirmative, the resolution was adopted.

Mr. **Woodburn** presented

No. 4515. Whereas, During the continuance of the Committee on Appropriation, it was charged that an employee had received renumeration for service he had not rendered; and

Whereas, The Controller has withheld the delivery of a warrant drawn subsequent to this charge of unearned compensation; therefore, be it

Resolved, That the City Controller be authorized and directed to investigate in order to determine whether the amount of this claim is justly due.

Which was read.

Mr. **Woodburn** moved

The adoption of the resolution.

Which motion prevailed.

Mr. **Herron** moved.

That the following members be excused for absence from Council and Committee meetings:

Mr. **Dillinger** on November 3, 1915; Mr. **English** on November 10th, and December 27th and 28th, 1915; Mr. **Garland** on November 24th, and December 3rd, 16th and 27th, 1915; Mr. **Herron** on November 10th, 1915; Mr. **Hetzel** on December 3rd, 27th and 28th, 1915; Mr. **Kerr** on November 10th, and December 1st, 2nd, 27th and 28th, 1915 Mr. **Rauh** on December 1st, 16th, 20th, 21st, 22nd and 27th. 1915; Mr. **Woodburn** on November 4th, and December 7th, 8th and 17th, 1915; President **Goehring** on November 4th and 15th, and December 3rd, 16th and 27th, 1915.

Which motion prevailed.

Mr. **Dillinger** arose and said,

"Mr. Chairman, In pursuance of the resolution just passed, it would now be proper for the Clerk to make the appointment."

The **Clerk** stated

That he believed he did not have the power to make the appointment at this time, and that the resolution would have to be signed by the Mayor.

The **Chair** stated

That he intended to call another meeting on Friday, and that the Clerk would have plenty of time to make the appointment.

Mr. **Dillinger** said,

"I am going to insist. I think the Clerk should carry out the will of Council."

The **Chair** stated

He believed the Clerk would do as requested, as he had never failed to carry out the wishes of Council.

ROBERT CLARK.Assistant City Clerk

Pittsburgh, Pa., Friday, Dec. 31, 1915. Council met pursuant to the following call:

Pittsburgh, December 28th, 1915.

Mr. E. J. Martin,
Clerk of Council.

Dear Sir:

Please call a special meeting of Council for Friday, December 31st, 1915, at 3 o'clock, P. M., for the consideration of such business as may come before the meeting.

Yours respectfully,
J. M. GOEHRING,
President.

Present—Messrs.

Dillinger	Herron
English	Kerr
Garland	Rauh
Goehring (Pres't)	Woodburn

Absent—Mr. Hetzel.

The **Chair** stated that as there were no objections, the reading of the minutes of the previous meeting would be dispensed with.

E. J. Martin, Clerk of Council, arose and said:

"Mr. Chairman and Gentlemen: In accordance with the resolution adopted at the meeting of Council held Tuesday, December 28th, 1915, directing me to appoint George A. Levy, to the postion of Efficiency Chief in the City Clerk's Office under the direction of the Council, I desire to say that I wish to comply with the terms of that resolution."

The **Chair** said: "The regular order of business will be dispensed with, and we will take up the unfinished business."

UNFINISHED BUSINESS

Bill No. 4128. An Ordinance entitled, "An Ordinance authorizing and directing the grading, paving and curbing of Bristol street, from Kaercher street to Ilion street, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby."

In Council, December 28th, 1915, Rule suspended, bill read three times and failed to pass for lack of a three-fourths vote.

Which was read.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Dillinger	Herron
English	Kerr
Garland	Rauh
Goehring (Pres't)	Woodburn

Ayes—8.

Noes—None.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally under the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

No. 4516.

MAYOR'S OFFICE.

Pittsburgh, December 30th, 1915.
President and Members of Council,
of the City of Pittsburgh.
Gentlemen:

I am returning you herewith, without my approval, Bill No. 4199, the same being an ordinance under the Act of 1895, "vacating a portion of Second avenue, between Tenth and Magee streets extended in the First ward of the City of Pittsburgh, being the strip of ground constituting the northerly sidewalk on said street, and abutting upon property of the Baltimore and Ohio Railroad Company, subject to certain terms and conditions," for the reason that the vacation of the sidewalk at this point as provided for in this ordinance would, no doubt, interfere with the construction of the proposed tunnel running from the North end of the Tenth Street Bridge to a certain point on Forbes street not designated, which improvement has been contemplated for some time and has been before Council for a number of years, as the portion vacated would be practically in front of the south end of this proposed tunnel.

For that reason, and not wanting to tie the City up and place it at the mercy of private property holders, I return the bill without my approval.

Yours very truly,

JOS. G. ARMSTRONG

Mayor.

Which was read, received and filed.

And the Mayor having returned, without his approval.

Bill No. 4199. An Ordinance entitled, "An Ordinance vacating a portion of Second avenue between Tenth and Magee streets extended in the First ward of the City of Pittsburgh, being the strip of ground constituting the northerly sidewalk of said street, and abutting upon property of the Baltimore and Ohio Railroad Company, subject to certain terms and conditions"

The same is void and of no effect, in accordance with the Act of Assembly, approved May 22, 1895, and the supplements thereto.

Mr. **Dillinger** presented

No. 4517.

As Chairman of the Public Safety Committee, I feel it my duty to correct some impressions that have been made in statements which appeared in the press of yesterday attributed to the Director of the Department of Public Safety, in regard to his being forced to take nine cornerman from the busy downtown district and placing them all in suburban beats. The Director claims that he is doing this because of a great demand of the public that these beats be filled up and that as Council has failed to appropriate the number of police that he has asked for he is forced to take these cornerman. Any child 10 years of age would know that even if the department did not have sufficient police officers the most important places for the protection of the greatest number of people is by having these downtown corners well protected by cornermen, where thousands of people and vehicles every hour need their protection.

As a matter of fact, these uncovered beats in the suburban districts have been left so purposely, as a matter of political expediency where they can use their sub-patrolman by giving them a few days per month and changing them around gives them a political hold on a greater number of men. As Council knew it would have to take care of the double platoon system in the fire department, which would be an extra burden on the taxpayer, we felt it would be impossible to give the number of extra police the department requested; so we provided chauffeurs for the patrol wagons and thus would release 27 able-bodied police officers for actual police duty. This provision passed in the budget ordinance and on the first day of January the Director will have 27 additional men at his disposal.

Now, when he tries to make the public believe that he has to take 9 cornermen from the most important posts in the City in order to place them upon suburban beats, he is misrepresenting the facts and is trying to put the responsibility in a most glaring form upon Council.

I do not think the public will stand a minute for the removal of these cornermen—and they shouldn't. If the Director would be the Director and not stand for all kinds of interferences from the Mayor to such an extent that today both the fire and police departments are demoralized for lack of discipline, and if he saw to it that all the police officers were today doing their whole duty and getting efficiency from them all instead of having some of them, as we have shown him from our investigations, loafing in speakeasies, pool rooms and gambling houses, the Director would not need nearly so many policemen as he has asked for. I say again that the Director should be the Director, or resign, and not try to place the responsibility upon Council.

As the police and fire departments are both semi-military organizations, I want to go on record as saying that I believe individually we have as good men in these departments as there is to be found in the United States, but they must have capable and intelligent direction. The ordinary soldier only carries out orders.

I further feel called upon to correct some statements recently attributed to the Mayor that have also appeared in the public press that Council has eliminated some 95 positions. I want to say, in the first place, that the actual number of postions eliminated by Council were 48. I can only add in parenthesis that I am fully convinced that there are many, many more that could have been eliminated for the benefit of the taxpayer; but as we get no assistance from the Mayor or his Cabinet, Council has to use its best judgment in getting at the dead wood on the payroll.

The Mayor states that we have only saved $115,000 to the taxpayers. Well $115,000 is $115,000! As I can very explicitly show this $115,000 is more than the Mayor has shown an inclination to save to the taxpayers. The only positions he advocated eliminated from the budget were 2 or 3 men who had sufficiently strong personalities to openly support candidates of their own choosing in the last campaign. So he was only advocating eliminating from the payroll 2 or 3 of his supposedly political enemies. If Council had added all that the Mayor asked in his veto of the budget it would mean an additional $250,000 to our budget, which added to the $115,000, he claimed Council has saved, would make a difference of $365,000, or about three-quarters of a mill. Or further if we had passed the budget in supplements as handed to us by the Mayor we would have added $1,600,000 more to the budget, or approximately 3 mills additional would have been added to the tax levy as now fixed by Council. To my mind the Mayor is more interested in seeing that the politicians are kept on the payroll than the crippling of the City's activities.

I want also the following summary of Reductions in force contemplated by the Salary and Appropriation Ordinances for the year 1916, inserted as a part of the record.

Summary of Reductions in Force Contemplated by the Salary and Appropriation Ordinances for the Year 1916.

In preparing this summary, no account has been taken of positions abolished in one organization unit and set up at the same rate and for the same duties in another unit, or in other words, where a transfer of the position and of the incumbent will be made simultaneously.

The total number of postions thus unprovided for in the 1916 salary ordinance amount to 90, which number includes first of all, 17 postions existing in 1915, and which were not included in the departmental requests for 1916; these 17 positions are those of Chief Investigator and Stenographer in the Bureau of Investigation and Complaints, Superintendent and Stenographer in the Bureau of Publicity, Employment Agency Inspector, Draftsman in the City Architect's Office, Assistant Food Inspector in the Division of Milk and Miscellaneous Food Inspection, Quarantine Inspector in the Division of Transmissible Diseases, Cleaner in the North Side Carnegie Library, Assistant Engineer, Oiler at Brilliant Pumping Station. Chief Engineer and two Assistant Engineers at Garfield Pumping Station, all in the Mechanical Division of the Bureau of Water, and Assistant Engineer in the Distribution Division of the same Bureau. The fifteen given above, with two Medical Inspectors in the Division of Transmissible Diseases, dropped at the request of the Director of the Department during the consideration of the budget, reduce the number of positions eliminated by Council on its own volition to 73.

Three positions, those of the Alienists at the Homes, were dropped at the requests of the incumbents, and two others, Light Inspector in the Bureau of Light and Bertillion Operator in the Bureau of Police, were vacant at the time of consideration of the budget; two others, one of the Division Superintendents in Highways and Sewers and one of the Police Magistrates, have been or will become vacant; these seven positions do not require the dismissal of any person, except those three who made the request to have their positions abolished; this reduces the number for which Council is responsible to 66.

Of this number, there are two clerks at $900 per annum and one stenographer at the same rate; new positions at the same rates and requiring the same qualifications were created, two clerks in the Delinquent Tax Collector's department, and one stenograper in the Treasurer's department, which further reduces the number of requested and unprovided for positions to 63.

This 63 includes 15 positions in the Civil Service Commission, which positions were not included in the 1916 salary ordinance for the reason that the Law Department advised Council that it had no power to prescribe the number of employes nor the compensation, and Council therefore included in the 1916 salary ordinance only the postions of the three Commissioners. After providing for the salaries of the Commissioners and for the supplies requested by the Commission, Council added the sum of $7,191.23 to its allowance for maintenance, the amount carried by the 15 positions mentioned in 1915 being $21,800.00. The appropriation made, therefore, will provide for only about one-third of the number of employes now being employed if the same salaries are continued by the Commissioners.

Of the 48 abolished positions now left for consideration, one was that of Forester in the Shade Tree Division of the Bureau of Parks, and to take care of the work Council created the position of Foreman of Laborers at $900.00 per annum; another position abolished was that of Clerk of Duquesne Market, and for that work Council created the position of Constable at $900.00 per annum.

Which was read, received and filed.

The **Chair** said:

"Gentlemen, as you are well aware this is probably the last meeting of this body, and it would seem quite appropriate that any remarks members desire to make on this occasion should be made at this time. It is to be regretted that our friend **Hetzel**, on account of sickness, is unable to be with us, so that we might have a full attendance. I have a few remarks to make."

Mr. **Kerr** arose and said:

"Mr. President and Gentlemen: The exercise of to-day mark the end of another chapter in the civic life of Pittsburgh. This is the end of the term of the first full term councilmen of the original Council of Nine. Today two more of the gentlemen who were appointed by Governor Tener retire to public life, that will leave only two of his appointees in the new Council.

"You, Mr. President, have served the Council as its presiding officer since its inauguration. You have been fair, courteous and sincere. During the many controversies which have taken place in the Council inspired by political, personal, and in many instances, honest differences of opinion, you have acted fairly and fearlessly. Things have been said at times by all of us which I am sure we have regretted. It would be well if we could always remember these lines—

The ill-time truth we might have kept;
Who knows how sharp it pierced and stung.
The word we had not sense to say—
Who knows how grandly it had rung.

"But you, Mr. President, bore it all with fortitude and exercised in many instances rare judgment.

"I therefore have the honor and pleasure to present to you as a token of esteem and respect from the members of Council this loving cup. I hope you will receive it in the same spirit in which it is given, and that you may cherish in your memory many pleasant thoughts of the days which you spent with us in your official capacity. I wish you many, many happy New Years."

The **Chair** said:

"I know it is but customary phraseology to say that 'I have been taken by surprise,' and I do not know what I shall say in order to impress that fact on your minds.

" I really needed no testimonial of your appreciation. I had every reason to know your appreciation from every word and action of yours during my term of office. I sincerely thank you for this testimonial and appreciate the reasons which prompted it. Perhaps it would not be inappropriate for me to say what little I have to say at this time.

"For months past I have looked forward with pleasure to the time when I should be relieved of my official duties, and now that the time has arrived I confess to a feeling of sadness at the thought of breaking off the intimate relations that have so long existed between myself and my associates in Council. It is, however, with much satisfaction that I record that no difference of opinion has ever been allowed to mar the friendly personal feelings existing between myself and my fellow-members, and it is with most kindly feelings that I part from each one of you.

"Before saying the final word of parting it may not be inappropriate to say a few words regarding the past. In 1895 I entered into the Allegheny, now North Side, Councils, and nearly all of the time since that date, with the exception of that time spent in the Senate, I have been connected with either the Councils of one or the other of the two cities. Radical changes have taken place in the administration of our City government during this period of twenty years, and while present conditions are far from being ideal, measured by the past there has been great improvement. Perhaps the most marked step toward better government was the adoption of Civil Service or the Merit System, in place of the so-called Spoils System, thereby depriving the political powers of their most valuable asset,—official patronage.

"Other reforms consisted in the passage of legislation such as the Registration and Corrupt Practice Acts, thereby safe-guarding the ballot-box, and while recent developments show that frauds still exist, conditions are immeasurably better than they were years ago.

"Many changes have been made in the Charter Acts, the most radical being the abolishing of the dual Council, reduction in the number of Councilmen, and election of Councilmen at large. This change was a step in the direction of more efficient government but in order to have a properly conducted and business-like administration of the City's affairs a still more advanced step will have to be taken and that is the placing of Councilmen, as well as all other City employees beyond political influences. How this can be done is worthy of the most serious consideration.

"Notwithstanding what has been done many problems remain for the future, such as the securing of legislation which will give the City the right of self-government, and also legislation that will allow for the more equitable distribution of the burdens of taxation.

"It is a matter of regret that notwithstanding the time, money and study spent by the present and two preceding administrations upon the street railway question no practical results have been reached. It was my hope that this Council after the close study which it has given to the street railway situation during the past year, would be able to place upon the statute books an answer to the many promises of better traction service. It is to hoped that the incoming Council will take a broad view of the question and act in the interests of the community as a whole, uninfluenced by special or private interests.

"Many improvements have been made during the present and preceding administration. A few of the most notable being the Extension of the Filtered Water System throughout the North Side, Cutting of the Hump, Filling in of the North Side streets, Abolishing of grade crossings, and the construction of Joint Court House and City Hall now underway.

"In conclusion I take this oportunity of thanking his Honor, the Mayor, Department and Bureau Heads for their many kindnesses and courtesies, and I also thank the representatives of the Press for their fairness at all times.

. "I wish to further make particular mention of my appreciation of the services rendered by the City Clerks and their assistants."

Mr. **Rauh** arose and said:

"Mr. President and Gentlemen: "The Old Year 1915 in passing into history records a truly painful event. In my experience as a servant of the people, during which I have been present at many sessions in the capacity of Councilman, never have I attended a gathering so reluctantly as today's meeting, for it brings with it many sorrowful recollections. Today we are to witness the passing from our midst of several members of Council, some of whom have faithfully filled office since the day that the small Council of nine was instituted.

"As I look back upon the day when Governor Tener named the first Council of nine in Pittsburgh and as I count those who have already severed their connection with this body and those who will leave us today, I find that this list includes such of my good friends as Messrs. **Babcock, Black, Goehring, Hoeveler, Kelly, Wilkins** and **Woodburn.** After this meeting only two of the original nine men will remain. Only Dr. **Kerr** and I of the original nine are left to testify to the trying days of the history of Pittsburgh's small governmental body.

"And now, Mr. **Goehring,** since you are one of the three men who will vacate their seats today, let me say that it fills me with profound regret to see you leave us. Mr. President, you have at all times acted impartially and courageously and you have been an honor to the Council over which you presided. There were ocasions when you were called upon to make important decisions which asisted us immeasurably. You have conscientiously administered the trust imposed in you and this loving cup is merely a token of our unanimous regard for you. Not only do I wish you health and happiness but I trust that you will find time to visit us often and offer us your invaluable advice on various matters.

'To my dear friend, Dr. **Woodburn,**—my tried, trusted and true friend for years, and a man of ability and strength of mind and character,—to you I sincerely say that I shall certainly feel your absence. All Pittsburgh will miss you for your opinions have been the honest expression of an honorable and thoughtful mind.

"To Mr. **Hetzel** I desire to say that his departure from us is not without my keen regret. His careful, conservative advice and Counsel have meant much to us in our sessions. It will always be a source of complete satisfaction to me to know that I have been able and will always be privileged to call him friend.

"May each of you this day realize that your communal service has not been rendered in vain; may you fully comprehend the lofty regard in which you are held by your fellow Councilmen; and may your new career free from the trials of Council experience, be filled with joy, success and peace!"

Mr. **Woodburn** arose and said:

"Mr. President and Gentlemen: I shall not attempt to sing that weird, mythical song of the dying swan You might think my swan was a crow, and bid me eat it, and in silence.

"As a public-spirited citizen, I have been in public life for many years, always desirous of the welfare of my fellow-citizens. The record of my official life, as a member of the "Council of Nine," has been written. It is now beyond my power to either repeal or amend it. The light of experience reveals many mistakes which perhaps would not have been had knowledge existed at the beginning.

"To these recorded errors I shall not add the weakness of apology or the sadness of regret. That record stands for or against me henceforth and forevermore.

"When my name was placed on the payroll I became an employee of the citizens of the City of Pittsburgh and deemed it my duty, where it was within my power, to require of my fellow employees an honest, conscientious service, at least equal in efficiency to that which I was giving to the people from whom we received our pay.

'The "small Council" has steadily grown smaller. Its decline in the last two years has been very rapid, due, primarily, to the new interpretation of old laws by a Law Department anxious to gratify the desire of the Mayor for self-aggrandizement based upon his misconception of the power and relation of the position to which he had been exalted. The Council continues to "take its law from this Law Department."

"To-day the Chief Executive is not, as his oath of office and the statutes of the State require, "causing the ordinances of the City to be enforced," but, aided by his Law Department, is devising ways and means of defeating the intent and purpose of the most recent enactments of this Council so as to make them inoperative.

"This legislative branch of the municipal government is under such legal restriction and restraint that it can only—like Mrs. Gusky in the Highland Zoo—lie down and stand up but always on the same spot.

"The social relations, the pleasant associations, have always been kindly and friendly. I have always found eight gentlemen in Council and I have always tried to be the ninth. If I have failed in any respect or in any particular, I beg your pardon, individually and collectively, this day.

"The friendships I have formed during the tenure of my office are a burden to my heart to-day and the severance of all of these is the thing I regret most. I wish to thank each and every member of Council for the many courtesies extended me and also for the assistance and valuable aid rendered me. I also wish you all a happy and most prosperous new year."

Mr. **Garland** arose and said:

"Mr. President and Gentlemen: I shall miss the Senator possibly more than any other Councilman for the reason that he and I had much to do with each other, seeing that our offices were close by, and I not only enjoyed his friendship but had the benefit of his sound advice.

The City of Pittsburgh will not lose him altogether, however, for as a Director in the Chamber of Commerce and as a good citizen, I know that he will take the same lively interest in all matters that have to do with civic betterment.

He is the old-time family man, one who loves his home and takes pride in its decoration, and as he looks upon this Cup, which will be exposed to his view at all times, it will call to his remembrance many of those things that the small Council carried out under his presidency. This is no time to enumerate what has been accomplished. Hospitals, Playgrounds, Swimming Pools, Comfort Stations, Bridges, and such like, it is unnecessary to dwell upon, but there is just one achievement to which I would call attention, and that is the "Cutting of the Hump" or Grant's Hill, which was initiated in the small Council, carried out by Councilmanic Bond Issue, and is today not only a finished job, but is blossoming forth with magnificent structures, which will add still greater glory to our City. If the small Council had accomplished nothing else, the "Cutting of the Hump" may be pointed to with pardonable pride.

What I have said of our President can also be said equally as well of the other members who are retiring—my old friend, Dr. **Woodburn**, and my absent friend, Mr. **Hetzel**. We will miss you all and your co-operation in doing things for the good of the City. We have had, as has been said, our differences of opinion at various times—we would not be human if we had not—but they were honest differences of opinion, and no man here impugns the honesty of any man who retires today or who holds over. To the three retiring members, I wish you all happiness and prosperity in the years to come."

Mr. **Dillinger** arose and said:

."Mr President, the members of Council have asked me to take charge of these implements of war (holding the brick and gavel in his hands), on account of being a neighbor of yours. They also request that you do not look too much at the loving cup, and when you go out motor riding you leave these implements at home. The City Controller has guaranteed to us that we have the right to present those to you, and he will sign for the presenting of these implements of authority to you on your retiring from office. This gavel is made of lignum vitae. I don't suppose you know much more about than I do. It is grown in the Tropics, and I assure you that it is a representative of the warm Southern tropical feeling, and we want you to feel that it is carrying with it the warm feelings each member has for you. We don't want Mr. **Herron** to have any extra claim on this brick, as we know it can be used in your home. When these implements are placed in your home I know Mrs. Goehring will take charge of them and when you come home late at night she can use them.

" We will more than miss you Senator, because you have been our legal advisor, and we feel that it is going to be a great loss to us in not having your authority in transacting the City business. However, as Mr. **Rauh** has suggested I hope you will often visit us and give us your assistance.

"Dr. **Woodburn,** you have been a man, and you have grace, grit and gumption, which is an example for all of us. You have demonstrated to the people of Pittsburgh your honesty and that you had nerve to carry out your conviction. I am sure that if you wish you can be back among us again two years from now.

"I am sorry that Mr. **Hetzel** is absent on account of sickness. I wish to express my confidence in him. I served with him in the Old Select Council, and it is with regret that this Council will lose the services of Mr. **Hetzel.**

"In conclusion I wish to say,

"That your faults we will write upon
the sand;
And your virtues may they abet in
the memories of our hearts.' "

The **Chair** said:

"I appreciate very much this last token of appreciation. However, I do not know whether it is conferred upon me by one vote or whether it ought to be by rollcall; otherwise we may get in trouble with the Controller. I have no doubt that every time I look up this gavel it will bring back certain periods of the past. While looking at it, it is a well preserved article. However, I notice some dents; I want to disclaim any credit for making those dents. I believe they were made during our last hearings on the budget.

Mr. **English** arose and said:

"Mr. President and Gentlemen: On many occasions in the past two years you have listened to me as I read remarks covering two, three, four and sometimes five pages of manuscript. No doubt you, Mr. President, like some other members of Council did not agree with my statement, but

I am glad to say that your kindness and patience was unlimited. Perhaps my being the youngest member of the Council was your reason for kind indulgence, but in any event I want you to know that I deeply appreciate the courteous treatment that I received.

"I recall the several occasions when after heated debate and after you yourself suggested an appeal from your decision you consented to further argument and exhibited a degree of patience which very few men are able to attain. Your kindness and patience was always rewarded and, Mr. President, I hope you will remember with pardonable pride that it was never necessary for any of us to appeal from any of your decisions. We have all had many heated arguments and perhaps I may have transgressed, but I can honestly say that I have never had any personal feeling or resentment toward you as President or toward any other member of Council; and I also feel that neither you nor any other member ever held any personal feeling or resentment toward me.

"I wish you to remember, Mr. President, that this material taken which is an evidence of our appreciation of your service as President of Council, together with all the pleasant tributes you hear today, have my hearty endorsement.

"I feel sure that every member of Council will agree with me when I say that you have lived up to your promise, 'to preside with fidelity and fairness to each member of Council.'

"To the other retiring members of this Council, Messrs. **Hetzel** and **Woodburn** I wish to have them know and understand that all the statements regarding President **Goehring** apply to them as well. They also have been kind and patient, and I want them to know that I appreciate their courteous treatment.

"My one regret is that we were unable to carry out the original idea of having a luncheon where we expected to entertain Controller Morrow, Mayor Armstrong, former Mayor Magee, and the members of the previous Council. Let us hope that such a meeting may yet be arranged. To all three retiring members I extend the compliments of the season and the wish that long years of prosperity and happiness may be their portion."

Mr. **Herron** arose and said:

"Mr. President, I desire at this time to thank you for the many courtesies which you extended to me during the past two years. I wish to heartily concur in what has been said of the three retiring members here today. I wish for them a happy and prosperous new year and success."

Mr. **Garland** presented the following communication:

Pittsburgh, December 31st, 1915.

To the President and Members
of the Council of the
City of Pittsburgh.

Gentlemen:

I regret exceedingly that I am compelled to write you on this occasion, as I am confined to my home on account of illness. This is the last occasion on which I can call you fellow Councilmen, but I hope that my relations with you during the time we have sat together in the Council Chamber have been such that I can always call you my friends. While we have not always agreed with each other on matters which came before us, I hope you will agree with me in considering these differences of opinion as official and not personal. During my term of office I have always tried to do my share in what the public expected of me; that is, to try and carry on the business of the City along business lines.

I wish to add that I leave the Council with the kindest feelings and best wishes of my fellow Councilmen and wish to extend to each and every member of Council my most grateful thanks for the many courtesies extended to me. I wish to thank also the clerks who have assisted Council in its duties, and also the members of the Press of our City who reported the news to the people of Pittsburgh, and to all others who have in any way, shape or manner aided this Council.

I wish for the members of Council the very best for the New Year. Again thanking each and every one for the courteous treatment extended me, I am,

Yours sincerely,
C. H. HETZEL.

Which was read, received and filed.

The **Chair** called upon E. S. Morrow, City Controller, who arose and said:

"Mr. President and Gentlemen: I did not come here prepared to address you on this occasion. I wish to state, however, that my relations with Senator Goehring have been pleasant and I have always been treated with courtesy by him. I shall miss him.

"Dr. **Woodburn,** I am sorry that you are going to retire. I would be glad to cultivate your friendship. I am your friend, and I trust I can count on you as my friend for the remainder of my life. I am also sorry to see Mr. **Hetzel** leave.

"The balance of the Council are going to be with me for the next two years, and I hope to see them on Monday morning. I suppose I shall act as clerk to the Finance Committee, and I trust and hope our relations in that committee will be the same as heretofore—always congenial and pleasant. I thank you."

Mr. **Woodburn** arose and said:

"Mr. President. allow me to say to the old Controller, finally and perhaps forever, that the title I gave him was one of endearment, and I assure him that it was always used in that sense. I always called him 'the old rascal', and he is an old rascal. I cherish his friendship, and I assure you that he will have my support as long as he needs it."

The **Chair** called upon **Herman Ruoff,** Assistant City Solicitor, who arose and said:

"Mr. President, I haven't anything to add to what has already been said, except to extend to you Mr. Chairman and members of Council my best wishes for many, many years of happiness and prosperity."

The **Chair** called upon **E. J. Martin**, City Clerk, who arose and said:

"Mr. President and Members of Council: I desire at this time to pay my respects to the departing members of Council. I have sat with each of the gentlemen who retire as Clerk to the committee over which they presided, and the President of this Council over which body he presided. At all times our relations have been very pleasant, and I cannot add no more to what has been said by the members of Council, and I wish each and every one of you many happy new years."

The **Chair** called upon **Robert Clark**, Assistant City Clerk, who arose and said:

"Mr. President and Members of Council: On an occasion of this kind the clerks do not care to say very much. We have seen several members of Council come and go, and we usually feel as bad as the retiring members. Our relations have been pleasant. I certainly concur in the eulogies expressed by the members of Council to the retiring members and in addition they have my best wishes for the future."

The **Chair** called upon **George Boxheimer**, stenographer in the City Clerk's Office, who arose and said:

"Mr. President and Gentlemen: Four and half years ago the small Council of nine took office, and at the present time only four members of the nine who were appointed by Governor John K. Tener remain. I am sorry to see two more of the original nine retire—Messrs. **Goehring** and **Woodburn**, as well as Mr. **Hetzel** who will also retire today. These gentlemen have always been courteous and kind to me, and I wish for them as I do for the other members of Council many, many happy new years."

The **Chair** called upon **John B. Townley**, newspaper reporter, who arose and said:

"Mr. President and Gentlemen: It is the newspaper reporter's business to keep men in official position in the lime light. I think the newspaper men have enjoyed the news which they gathered in this Council Chamber from the deliberations of the nine Councilmen. I might state that we have refrained from writing all we knew about you and we ought to receive your thanks for that. I hope our relations in the future will be as cordial as in the past. I extend to you our best wishes and hope the members will behave in the future as well as in the past."

Mr. **Herron** moved.

That the following members be excused for absence from the meeting of the Committee on Finance on Wednesday, December 29th, 1915: Mr. **Hetzel**, Mr. **Kerr**, Mr. **Woodburn** and President **Goehring**.

Which motion prevailed.

And there being no further business before the meeting, the **Chair** declared Council adjourned.

AN ORDINANCE—Fixing a schedule of fees to be charged for the use of the Music Hall and Lecture Room in the Carnegie Free Library of Allegheny Building.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the following fees be charged for the use of the Music Hall:

For each entertainment or meeting where an admission fee is charged and where the proceeds are not devoted to charity, $50.00 for each session.

For each entertainment or meeting where an admission fee is charged and where the proceeds are applied to charitable purposes, $25.00 for each session; but no permission shall be given for such entertainment or meeting unless a certificate be furnished to the custodian of the building by responsible officers of the church, society or charitable institution for the benefit of which said entertainment is to be given, certifying that the proceeds thereof are to be applied entirely to charitable purposes.

For entertainments of an educational nature where an admission fee is charged, $25.00 for each session.

For entertainments or meetings where no admission fee is charged, $25.00 for each session.

For churches and Sunday schools using the hall temporarily for their ordinary services on the Sabbath, $10.00 for each session.

For lectures and entertainments of an instructive, educational, non-sectarian, non-political nature given under the auspices of the Board of Education, the University Extension Society, the Academy of Science and Art, the Art Society, the Universities and Colleges located in the City of Pittsburgh and kindred societies and institutions to which the public is invited, the use of the hall shall be granted without charge. The issuance of tickets to the guarantors and their admission to the hall prior to the opening of the doors to the general public shall not inhibit the free use of the hall for such purposes, provided the general public is admitted 15 minutes before the entertainment is advertised to begin and allowed to occupy any empty seats.

No rent shall be charged for entertainments given in the hall under the auspices of the Board of Education of the City of Pittsburgh.

Section 2. The rental for the use of the Lecture Room is $10.00 per session.

The free use of the Lecture Room can be granted only on the same conditions as govern the free use of the Music Hall outlined above.

Section 3. Any meeting or entertainment of any kind which begins during the day time and lasts until evening, occupying the hall or Lecture Room for a part of the day and evening also, shall be regarded as two sessions or meetings and shall pay double the amounts above set forth.

Those making application for hall must pay the required fee in advance or at the time the date is assigned.

Section 4. No reduction or rebates from the above schedule of prices shall be allowed.

Section 5. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

Passed January 5, 1915.

Approved January 11, 1915.

No. 9

AN ORDINANCE—Accepting the dedication of that portion of the reserved strip one foot wide along the easterly side of the Westwood Plan of Lots, now within the boundaries of the Twentieth ward, City of Pittsburgh, for public use for highway purposes, and opening the same.

Whereas, C. E. Loeffler and Wm. C. Loeffler, her husband, of the City of Pittsburgh, County of Allegheny and State of Pennsylvania, the owners of the property hereinafter described, has executed and delivered to the City of Pittsburgh their certain deed of dedication bearing date November 18th, 1914, now on file in the office of the Bureau of Engineering of said City, wherein they have conveyed said ground to said City for public street or public highway purposes and have released said City from any liability for damages for or by reason of the physical grading of said strip or piece of ground to the grade established on the street or public highway upon which the same fronts or abuts.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the said Deed of Dedication be and the same is hereby accepted, and the Bureau of Engineering is hereby authorized and directed to place the same of record in the office of the Recorder of Deeds in and for the County of Allegheny.

Section 2. The ground so, as aforesaid, conveyed to said City for public highway purposes, shall be and the same is hereby appropriated and opened and the same shall be added to the public highways upon which the same shall now or hereinafter abut for the purpose of widening the same to such extent, in accordance with the terms of said Deed of Dedication, the said strip or piece of ground being bounded and described as follows, to-wit:

All that certain strip or piece of ground situate, partly in the Twentieth ward of the City of Pittsburgh and partly in the Borough of Westwood, County of Allegheny and State of Pennsylvania, being that certain reserve strip one (1) foot wide located along the easterly side of the Westwood Plan of Lots, which plan is of record in the Recorder's Office of Allegheny County, in Plan Book 20, pages 52 and 53 the said strip extending from the northerly line of Denniston avenue produced, as located in said plan to the southerly line of Valora street produced, as located in the Hethlon Plan of Lots recorded in the Recorder's Office of said County, in Plan Book 17, pages 180 and 181 the said strip of land being more particularly shown on the City View Plan of Lots, laid out by C. E. Loeffler and recorded in the Recorder's Office of Allegheny County, in Plan Book 26, pages 162 and 163. The said reserved strip being the same piece of ground which Clifford B. Harmon et ux by deed dated July 21, 1911, recorded in the Recorder's Office of said County, in Deed Book, volume 1696, page 535, granted and conveyed unto the said C. E. Loeffler.

Section 3. The Department of Public Works is hereby authorized and directed to enter upon, take possession of and appropriate the said described property for public highway purposes in conformity with the provisions of this ordinance.

Section 4. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Providing that hereafter all water supplied by the City of Pittsburgh on a metered service shall be paid for quarterly in accordance with the quarterly meter readings, and providing for a discount for prompt payments and a penalty for delayed payments, and imposing certain duties upon the Board of Water Assessors.

That, whereas, in accordance with the provisions of the Act of May 12, 1911, water furnished by the City of Pittsburgh on a metered service has been paid for at the end of the year at the time fixed for the payment of taxes for the succeeding year; and

Whereas, Under the provisions of the Act of May 31, 1913, the said provisions are amended so that the power to "prescribe the time or times at which such meters shall be read, and the terms and conditions as to meter service, and the time or times at which payments for water supplied through a meter service shall be made, may be determined by Council by ordinance; and

Whereas, It is found by experience that the deferring of the payments for water furnished on a meter basis until the following year is not practical and frequently furnishes occasions for dispute between landlords and tenants and between the City and the users of water by reason of the adjustments to be made; and

Whereas, It is now deemed advisable to provide for a more prompt payment for water supplied through a meter service, in accordance with the established practice of private water companies; now, therefore

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That hereafter all meters shall be read quarterly and as promptly thereafter as possible a statement of the amount of water used by the consumers in the preceding quarter, together with the amount then due the City of Pittsburgh, shall be promptly mailed to the said consumer. The said bill shall be subject to a discount of two per centum on the face thereof if paid within ten days thereafter, and if not paid within ten days shall be subject to a penalty for nonpayment of three per centum additional plus one-half per centum for each month or any part thereof that the same shall not be paid.

Section 2. The Board of Water Assessors shall at the same time that notice is sent to the consumer, in accordance with the provisions of Section 1 hereof, certify to the City Treasurer the amount due in accordance with the meter reading for the preceding quarter, and the City Treasurer shall thereupon enter the same in the books kept for said purpose and shall proceed to collect the same to the amount shown on said statements and as provided under the terms of Section 1 hereof. In case the said accounts are not paid within ten days, as provided in Section 1 hereof, they shall become delinquent and the said accounts shall thereafter be collected by the Collector of Delinquent Taxes, who shall, in default of payments, proceed with the collection thereof and the filing of liens in the same manner and at the same time as is provided under the Acts of Assembly for the collection of taxes for the current year.

Section 3. The question of determining the exact time at which any meter shall be read shall be subject to the rules, regulations and practices of the Board of Water Assessors, and they shall, so far as their organization and the nature of the work will permit, attempt to read each meter at given intervals of exactly three months, subject, however, to the usual fluctuations of time in making the readings as may be occasioned by the number of meters to be read, the force available, and the other elements which enter into and affect the question of carrying on such work.

Section 4. The amounts to be paid, in accordance with said meter readings, shall be determined by the rates which now are or hereafter may be fixed by the City of Pittsburgh as a charge for water supplied by the City at meter rates.

Section 5. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance.

AN ORDINANCE—Making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year beginning January 1st, 1915, and ending December 31st, 1915.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the revenues of said City derived from taxes and other sources during the fiscal year beginning January 1st, 1915, and ending December 31st, 1915, and also all unencumbered balances of appropriations of prior years as at said date, are hereby appropriated in the sum of $12,554,916.62 to pay the expenses of conducting the public business of the City of Pittsburgh and meeting the debt charges thereof during said fiscal year beginning January 1st, 1915, and ending December 31st, 1915, and that in appropriating said amount it is divided as follows:

New City of Pittsburgh:	
Conducting the public business and for sinking fund and interest charges......	$11,017,582.09
Old City:	
Sinking fund and interest charges	1,033,130.35
Former Allegheny:	
Sinking fund and interest charges	464,658.99
Former Boroughs:	
Sinking fund and interest charges	39,545.19

Section 2. No liability shall be incurred against any appropriation item in excess of the unencumbered balance thereof, and said appropriation items shall be administered subject to and in conformity with the following terms and conditions:

(a) The heads of the several departments shall prepare their several payrolls for audit by the Controller in accordance with the items of the ordinance establishing the respective positions and rates of compensation, and no payroll shall be approved by the Controller unless the incumbents and the rates of compensation agree with the items of said ordinance.

(b) There shall be affixed to all payrolls a certificate made by the person preparing such payrolls to the effect that there is a time record on file in said department, certified to by a person or persons having knowledge of the facts, showing the character of services and the exact time of employment of each person named in the payroll, and that the distribution of the time as shown on the payroll is in accordance with such time records.

(c) No transfer shall be made from one appropriation item to another except by resolution of Council, and such resolution shall in each case set forth the reasons for such request, and be accompanied by a certification from the Controller stating that there is a sufficient balance unencumbered and available in the appropriation item from which the transfer is to be made; provided, however, that

(1) No transfer shall be made from appropriations for "Salaries, Regular Employes" to any other appropriation than "Salaries, Regular Employes."

(2) No transfer shall be made from appropriations for "Wages, Regular Employes" to any other appropriation than "Wages, Regular Employes."

(3) No transfer shall be made from appropriations indicated herein by code symbols J, K, L, N, or O.

(d) All appropriations herein other than for personal service are made under the following conditions:

(1) In so far as practicable, all contracts and open market orders for purchases to be charged against such appropriations shall be based upon specifications which are definite and certain as to character and quality and which conform with such standard specifications as may be established by Council.

(2) In so far as such standard specifications may be established by Council, the Controller at the time of certification of contracts shall also certify that the specifications therefor are in conformance with those previously adopted as standard.

(3) All open market orders issued for supplies, materials, equipment or machinery for which standard specifications shall have been prescribed, shall contain a description of what is ordered which conforms with such standard specifications.

Section 3. The Director of the Department of Supplies is hereby authorized and directed to provide, upon requisition by the head of any department, all necessary supplies, materials, equipment and machinery for such department; provided, however, that no requisition of any department shall be filled by the Director of the Department of Supplies in excess of the unencumbered balance of the appropriation properly chargeable. Payments on account of direct purchases shall be made from the amounts herein appropriated therefor respectively. Purchases made by the Director of the Department of Supplies to go into stores shall be paid for from the capital fund appropriated herein for such purpose, and when and as directed by the Controller said fund shall be reimbursed from other appropriations to the extent of deliveries made from stores.

Section 4. The head of each department is hereby directed to furnish Council, within fifteen days after the close of each quarter, the following statements, which shall be made on forms to be prescribed by the Controller:

(a) Work accomplished or services rendered during the quarter and the cost thereof, on a consumption basis, classified according to the standard budget titles.

(b) Number of units or work or services in all cases where work or services can be measured in units, and the average cost per unit on a consumption basis.

(c) Inventory of supplies, materials and equipment.

No. 22

AN ORDINANCE—Authorizing and directing the issuance and sale of bonds of the City of Pittsburgh in the principal amount of Four Hundred Thousand ($400,000) Dollars, for the purpose of providing funds for the payment of the current ordinary expenses of conducting the public business of said City, and providing for the redemption of said bonds and the payment of interest thereon.

Whereas, the fiscal year 1914 ended December 31, 1914, and the taxes for the fiscal year 1915 will not be due and payable until on or after the first of March, 1915, and it will therefore be necessary to provide ready money to meet the ordinary expenses of the City; and

Whereas, in order to provide ready money to meet the current obligations of the City, it is necessary to anticipate the uncollected revenues by issuing short term bonds in the principal amount of ($400,000), for which the uncollected revenues for the fiscal year 1915 shall be pledged, now therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same*, That bonds of the City of Pittsburgh in the principal amount of Four Hundred Thousand ($400,00) Dollars be issued for the purpose of providing funds for the payment of the current ordinary expenses of conducting the public business of the City, which bonds shall be coupon bonds with interest coupon attached, payable May 1st, 1915, with the privilege of exchanging such coupon bond or bonds for a registered bond or bonds of the same maturity as and of any denomination not exceeding the aggregate principal amount of the coupon bond or bonds surrendered in exchange therefor, by surrendering such coupon bond or bonds with all coupons not then due, at the office of the City Controller, and the City Controller is hereby authorized to cause such coupon and registered bond to be engraved and to issue the same in the name of the City of Pittsburgh, the expense thereof to be charged to Appropriation No. 42, Contingent Fund.

Section 2. Said bonds shall be issued in denominations of one hundred ($100) dollars, or multiples thereof, shall be dated as of the first day of January, 1915, and shall be payable on the first day of May, 1915; with the option to the City to redeem all or any part of said bonds at any time or times prior to maturity thereof, by the payment of the principal amount of the bonds so called for payment and interest thereon to the date on which the same shall be called for payment. Notice of the call of all or any of said bonds for payment prior to maturity shall be given either by a single publication in each of the official newspaper authorized to do City printing, or by a written notice to the holders of said bonds at least fourteen days prior to the date for which they shall be called for redemption; and, in the event that less than all of the bonds outstanding shall be called for payment at any time, the City Controller shall draw by lot from out of the numbers of the then outstanding bonds the numbers of the bonds which are to be redeemed. Interest on bonds so called for redemption before maturity shall cease on the date for which they shall be called for redemption.

Said bonds shall bear interest at the rate of not exceeding four (4 per cent) per centum per annum; payable at the office of the City Treasurer of said City on the first day of May, 1915, or at such time as said bonds may be retired under the provisions hereof, and the principal thereof shall be payable at maturity at the same place. The said bonds shall be signed by the Mayor, countersigned by the City Controller, and sealed with the corporate seal of said city, and the coupons may be authenticated with the lithographed fac-simile signature of the City Controller.

Said bonds shall be sold by the Mayor and the City Controller at not less than par and accrued interest, at public or private sale, on the most advantageous terms obtainable; provided, however, that such uninvested balances in the Sinking Fund, as may be available for the purpose, shall be invested in the same without public notice by advertising or otherwise. And the proceeds of such sales, or so much thereof as shall be necessary, shall be applied to the purposes set forth in this ordinance and to no other purpose whatsoever. Each of said bonds shall be known and designated as "Current Expense Bond, 1915."

Section 3. The current uncollected taxes and other revenues of the fiscal year 1915, are hereby pledged for the payment of the principal and interest of said bonds; and there is hereby levied and assessed upon all subjects now by law liable or hereafter to be made liable to assessment for taxation for City purposes, a tax sufficient to pay the interest on said bonds as the same shall accrue and become payable, and also a tax equal to one hundred per centum of the total principal amount of said bonds, to be applied to, and set apart as, a sinking fund for the payment of the principal of said bonds as they become due and payable according to their terms; and the same are hereby appropriated out of the revenues of said City for the payment and redemption aforesaid.

Section 4. All registered bonds issued in exchange for coupon bonds, as provided in Section 1 of this ordinance, shall be registered with the City Treasurer of said City and be transferable only on the books of said City Treasurer.

Section 5. Said bonds shall be coupon bonds, exchangeable for registered bonds, and shall be substantially in the following form, to-wit:

The employees of said Bureau shall be:

One Superintendent of Tests at $2,400 per annum.

Chemist, one at $1,800 per annum.

Chemist-Inspector, one at $1,500 per annum.

Junior-Chemist, one at $1,200 per annum.

Laboratory Assistant, one at $900 per annum.

Laboratory Assistant, one at $780 per annum.

The Bureau of Tests shall be charged with the making of all physical tests and chemical analyses for materials, supplies and engineering, or other processes which do not logically fall within the scope of the work of the health laboratory of the Department of Public Health or the water testing laboratory of the Bureau of Water.

Section 2. That the Superintendent of Tests shall, upon proper requisition of the Department of Public Works, or any other Department of the City Government, make or conduct and be charged with the responsibility for making or conducting the appropriate physical or chemical tests agreeable to the authority of this ordinance.

Section 3. That the Superintendent of Tests shall keep or cause to be kept appropriate records of all chemical or physical tests or analyses made under the authority of this ordinance; that he shall furnish the Director of the Department of Public Works monthly reports showing by department and class of test the work performed during the current month; that the Superintendent of Tests shall at once prepare a schedule of commodities or materials which are not tested under present practices and processes which are not analysed for the purpose of outlining and executing a larger program of testing work for the City of Pittsburgh. That such schedule shall as soon as possible be issued by the Mayor and the City of Pittsburgh to govern several departments in referring materials, supplies or processes to the said Bureau of Tests for appropriate analysis.

Section 4. That the Division of Laboratory in the Bureau of Engineering, Department of Public Works, and the position of Inspector in the Asphalt Plant, Bureau of Highways and Sewers in the Department of Public Works, be and the same are hereby abolished.

Section 5. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 27

AN ORDINANCE—Authorizing the settlement of the equity suit of the City of Pittsburgh against the Oliver Iron & Steel Company at No. 719 October Term, 1913, in the Court of Common Pleas of Allegheny County, involving the right and title of the City to certain wharf lands along the Monongahela River in the Seventeenth ward, Pittsburgh; setting forth the terms and conditions of said settlement; and authorizing the proper officers of the City to execute and deliver the agreements pertaining thereto.

Whereas, A suit in equity was instituted in the Court of Common Pleas of Allegheny County at No. 719 October Term, 1913, in behalf of the City of Pittsburgh, as plaintiff, and against the Oliver Iron & Steel Company, as defendant, to establish the title to and regain possession of certain lands lying along the Monongahela River between South Tenth street and South Thirteenth street and a point beyond, situate in the Seventeenth ward of the City of Pittsburgh; and

Whereas, After the taking of testimony and the trial of said suit, negotiations towards a settlement of the matters in dispute were begun between the City Solicitor and the counsel for the Steel Company, and the said counsel for the City and Steel Company have suggested settlement of the suit upon certain terms and conditions contained in the agreement hereinafter set forth, subject to the authorization thereof by the parties to said litigation.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the said suit between the City of Pittsburgh and the Oliver Iron & Steel Company be settled upon the terms and conditions of the agreement herein set forth at length; and the Mayor and the Director of the Department of Public Works are hereby authorized and directed to execute and deliver said agreement for and on behalf of the City of Pittsburgh, and to do such other act or acts as may be necessary to effectually complete and carry out said agreement.

This agreement is as follows:

IN THE COURT OF COMMON PLEAS
OF ALLEGHENY COUNTY, PA.

City of Pittsburgh, Plaintiff,
vs.
Oliver Iron & Steel Company,
Defendant.
In Equity
No. 719 October Term, 1913.

Whereas, At the above number and term a Bill of Complaint was filed by the City of Pittsburgh, as plaintiff, against the Oliver Iron & Steel Company, as defendant, to recover certain public lands in the ward of the City of Pittsburgh, lying along the south side of the Monongahela River; and

Whereas, The Oliver Iron & Steel Company, the defendant, filed an answer to the said Bill of Complaint denying the right and claim of the City of Pittsburgh in and to the said land; and

Whereas, A hearing was had in the case and testimony taken on behalf of the plaintiff and the defendant, respectively; and

Whereas, The pleadings in the case and the testimony taken raised a very close and important question as to whether or not the City of Pittsburgh or the Oliver Iron & Steel Company is the lawful and real owner of the said land; and

Whereas, The City of Pittsburgh and the Oliver Iron & Steel Company have agreed to settle the matters in dispute.

Now This Agreement, dated the .... day of January, 1915, by and between the City of Pittsburgh and the Oliver Iron & Steel Company, Witnesseth, That the said parties have and do hereby agree and consent to the appended findings of fact; the said findings to have the same force and effect as if found by the Court.

And the said parties further agree that the form of decree appended to and following the findings of fact shall be entered by the Court as a final decree, disposing of all questions and issues in this case.

The Oliver Iron & Steel Company doth hereby nominate and appoint .... to be its attorney for it, and in its name and as and for its corporate act and deed to acknowledge this agreement before any person having authority by the laws of the Commonwealth of Pennsylvania to take such acknowledgment to the intent and the same may be recorded as such.

This agreement is made and executed for and in behalf of the City of Pittsburgh under the authority of an ordinance of the Council of Pittsburgh, adopted at a regular meeting of Council held on the .... day of January, 1915.

In Witness Whereof, The City of Pittsburgh has caused this agreement to be executed by the Mayor and the Director of the Department of Public Works, and its corporate seal to be affixed thereto, and the Oliver Iron & Steel Company has by a Resolution adopted at a meeting of its Board of Directors, duly held, caused this agreement to be executed on its behalf by the President of the Company, and its corporate seal to be affixed thereto, attested by the signature of the Secretary of the Company, the day and year above written.

FINDINGS OF FACT.

(1) The City of Pittsburgh is a municipal corporation, created and existing under the laws of the Commonwealth of Pennsylvania as a city of the second class.

(2) The Oliver Iron & Steel Company is a corporation created and organized under the laws of the Commonwealth of Pennsylvania, having its principal office in the City of Pittsburgh, and is engaged in the manufacture of iron and steel products, with its principal works located on the property comprising lots 1, 10, 19, 27, 35, 43, 49, 55, 63, 71, 80, 87, 94, 101 of the Bedford Plan, together with other lots in said plan, which plan is recorded in the office of the Recorder of Deeds of Allegheny County in Plan Book, volume 1, page 3.

(3) About the year 1805 Nathaniel Bedford being then the owner of a tract of land on the south side of the Monongahela River, laid out a plan of lots calling the same the Town of Birmingham, which plan is recorded in the office of the Recorder of Allegheny County in Deed Book, volume 17, page 410, which plan is also found in said office recorded in Plan Book, Volume 1, page 3.

By the said plan, the said Nathaniel Bedford did lay out and dedicate to public use certain streets, open spaces and highways shown thereon. Upon the said plan there appears an open space lying between the river lots of the plan and the Monongahela River of variable width and extending from the eastern to the western limits of said plan. This open space was dedicated by said Nathaniel Bedford in said plan as aforesaid as a public wharf or landing and marked upon said plan "Water Street." The plan is not drawn to scale and the exact location of the southerly line of the open space above mentioned is in dispute between the parties to this suit. By reason of encroachments on the river caused by extensive filling the northerly or river line of said open space, as the same existed in 1805, cannot now be determined.

(4) The open space marked "Water Street" in said Bedford Plan covered and included all the ground lying between the northern line of said plan and the low water mark of the Monongahela River and extended from the center line of Tenth street, as the said street is now laid out upon the ground, eastwardly to a line parallel with Thirteenth street as the said street is now laid out on the ground and 121 feet eastwardly from the eastern line of said Thirteenth street, as the same is now located.

(5) Subsequent to the laying out and plotting of said plan and the dedication of the streets as above stated said Nathaniel Bedford sold and conveyed a large part of the lots with reference to said plan to different vendees, including the defendant's predecessors in title. In so conveying the said lots Nathaniel Bedford recognized and acknowledged the said plan.

All the lots fronting along the Monongahela River and known as the River Lots of the Bedford Plan are now owned by the defendant. The deeds of Nathaniel Bedford described the northerly line of the said River Lots as "The Monongahela River," or "the beach of the Monongahela River," except in one deed which reads "To Water street on the Monongahela River."

(6) By an Act of the General Assembly of the Commonwealth of Pennsylvania, approved April 10, 1826, P. L. 374, the Town of Birmingham, which consisted of the said plan of lots was incorporated into a borough, and by virtue thereof said borough exercised jurisdiction over the streets and open spaces, as shown upon the said Bedford Plan.

(7) By the Act of March 30, 1838, P. L. 162, the limits of the Borough of Birmingham were extended and said act provided further that "The Burgess and council shall make a map of the extensions on which there shall be all streets, squares, lanes and alleys, which now or previous to the making of said map have been laid out or appropriated for public use, or for the use of owners of lots fronting or adjacent thereto, which map the Burgess and Council shall record in the Recorder's Office of Allegheny County on or before April 1st, 1839, and then the said streets, squares, lanes and alleys shall be public highways."

In compliance with the said Act and under the authority thereof, the Burgess and Council of the Borough of Birmingham did make a map of the said extension of the borough on which map were shown all the streets, squares, lanes and alleys laid out and appropriated for public use and the said plan or map is of record in the office of the Recorder of Allegheny County in Plan Book, volume 1, page 78. The said plan of the borough as extended also shows the original Bedford Plan, together with the open space lying between the River Lots of the said plan and the Monongahela River.

(8) By the supplemental Act of April 8, 1848, P. L. 415, the Borough of Birmingham was authorized to locate and open new streets. By Act of the General Assembly relating to the Borough of Birmingham, being the Act of March 13, 1849, P. L. 159, it was provided that no streets should be opened along the banks of the Monongahela River exceeding forty feet in width and "if any street shall be laid out and opened the south line thereof shall be 60 feet northerly from the south line of Water street, as laid out under the authority of said supplement in the year one thousand eight hundred and forty-eight, but not yet opened." The Ordinance of 1848 of the Borough of Birmingham laying out Water street is not in evidence and there is nothing in the testimony to show the location or width thereof, except an old plan made by McGowan.

(9) The Council of the Borough of Birmingham on May 28, 1856, adopted the following ordinance:

"That a street of the width of 40 feet to be called Water street shall be and the same is hereby declared to be located from McKee street to Harmony street along the bank of the Monongahela River as follows, viz: the southern boundary line of said street commencing on the eastern side of McKee street at the distance of 289 feet 3 inches northwardly from Neville street; thence eastwardly in a straight line to the western line of Ormsby street at the distance of 430 feet northwardly from Neville street; thence in a straight line to a point on the eastern line of Center street at the distance of 571 feet 6 inches northwardly from Coal Hill street and thence in a straight line to a point on the western line of Harmony street at the distance of 605 feet northwardly from Coal Hill street."

(10) Tenth street, Eleventh street, Twelfth street, Thirteenth street and Muriel street are streets of the original Bedford Plan and there has been no change in the location of the said streets. McKee street in the Bedford Plan is now known as South Tenth street. Grosvenor street of the Bedford Plan is now known as South Eleventh street. Denman street of the Bedford Plan is now known as South Twelfth street. Ormsby street of the Bedford Plan is now known as South Thirteenth street. Neville street of the Bedford Plan is now known as Muriel street.

(11) By proceedings in the Court of Quarter Sessions of Allegheny County at No. 1 September Sessions, 1882, Water street extending from Tenth (formerly McKee) street to Twelfth (formerly Denman) street was vacated.

(12) The Act of April 27, 1855, P. L. 361, provides:

"That the northern boundary of the Borough of Birmingham in the County of Allegheny shall be the low water line of the Monongahela River and the mouths of all streets terminating at said river in said borough shall hereafter be occupied, used and employed as public landings."

The Act further provides that the Burgess and Town Council be authorized to fix and adopt definite grades for and improving the said landing and to make rules, regulations and by-laws regulating the use of the same, to appoint a wharf master and to direct and enforce the collection of such fees, tolls and duties in the nature of wharfage as they deem just and expedient and to exercise in other respects over the said public streets and landings such other powers and authority which they may or can exercise by law over the other public streets within the borough aforesaid.

(13) The Act of April 19, 1858, P. L. 336 provides inter alia as follows:

"Section 1. That all that certain space of ground in the Borough of Birmingham in the County of Allegheny lying or included between the northern line of Water street as laid out by the ordinance of said borough passed the 28th day of May, A. D. one thousand eight hundred and fifty-six and the low water mark of the Monongahela River and extending from McKee street eastwardly to a line parallel with Ormsby street and 120 feet eastwardly from said Ormsby street, being the eastern line of the Town of Birmingham, as laid out by Nathaniel Bedford, be and the same is hereby declared to be a public wharf or landing and shall forever hereafter be so used, occupied and enjoyed, and the Burgess and Town Council of the Borough of Birmingham shall have full power to grade, pave and improve the same so as to make it suitable and commodious for said purpose; and it shall be their duty to keep said wharf or landing in good order or repair, and the Burgess and Town Council aforesaid shall have full power and authority to charge and enforce the collection of such reasonable tolls, fees and duties in the nature of wharfage as to them may seem proper and expedient and make suitable rules and by-laws for the regulation of said wharf or landing, and they shall in addition to the powers above granted have and exercise over said wharf or landing the same powers and authority which they may or can exercise over the public streets of said borough."

(14) Tenth street, Eleventh street, Twelfth street and Thirteenth street extend to low water mark of the Monongahela River and under the authority and direction of the Act of April 27, 1855, above recited, the mouths of the said named streets are now and must forever hereafter be occupied, used and employed as public landings. And for the purpose of this case each of said streets extends and continues at their present width from Muriel street, as the same is now located, to the Monongahela River.

(15) Under the authority of and in pursuance of the Act of the General Assembly of Pennsylvania, approved April 2, 1872, P. L. 743, the Borough of Birmingham was incorporated into and became a part of the City of Pittsburgh and the said City under the authority of said Act succeeded to all the rights, properties and franchises of the said borough.

(16) In 1855 and for some years prior thereto there was a ferry landing on the Monongahela River opposite the foot of Denman street, now Twelfth street, Denman street was paved with cobble stones and the pavement extended of the width as the street (50) from Denman street down to the ferry landing at the river.

From 1840 to 1875, or thereabouts a public ferry was maintained and operated from the said landing opposite Twelfth street down the Monongahela River for a distance of about two miles to the foot of Grant street in the City of Pittsburgh on the opposite side of said river. This ferry up to 1855 was owned and operated by a man by the name of Dalzell, and did both a passenger and freight business. The loads were taken on and off at the ferry landing at the foot of Twelfth street. About this same time there was also a ferry owned and operated by Fordyce running from the foot of Thirteenth street directly across the river to Pittsburgh.

From 1840 up to 1890, or thereabouts, the river boats landed at the different points on the river between Tenth and Thirteenth streets and during said time the Borough of Birmingham and the City of Pittsburgh as its successor collected tolls or wharfage from the various boats landing at these points.

(17) In 1863 Lewis, Oliver and Phillips, who were successively succeeded by Oliver Brothers & Phillips, and the Oliver Iron & Steel Company, purchased a portion of the property in question, to-wit: one-half of the block bounded by Tenth, Muriel and Eleventh streets and from time to time thereafter until the year 1900 made additional purchases which covered the entire northern frontage of the Bedford Plan between McKee, formerly Tenth street, and to a point 121 feet eastwardly from Thirteenth street, formerly Ormsby street. The property purchased in 1863 was an old manufacturing plant, from which as a nucleus the iron and steel works of the defendants expanded until it covered and now covers the entire property, with buildings and machinery representing an investment of upwards of two million dollars and with 2,000 employes.

Shortly after the first purchase in 1863, defendant and its predecessors in title began and continued to fill the ground along the river gradually extending it into the river and as the filling grew erected buildings thereon and used the same as part of the said manufacturing plant.

(18) During the entire period of occupancy by defendant and its predecessors, there was no objection by the borough, the city or by any person to said filling, or to the occupancy of any part of said land by defendant and defendant and its predecessors were assessed for and paid taxes on all said land and buildings to the City of Pittsburgh.

(19) If the defendant should be ousted from the land lying north of Water street and extending from the Monongahela River, the plant would have to be abandoned with a very heavy consequential loss.

(20) The dividing line between the property of the Oliver Iron & Steel Company and the property of the City of Pittsburgh is located and described as follows:

Beginning at the intersection of the east building line of South Tenth street with the southerly right of way line of the Pittsburgh and Whitehall Railroad and at a distance of 410.91 feet northerly from the northerly building line of Muriel street; thence deflecting to the right 84 degrees 31 minutes 20 seconds in an eastwardly direction along the southerly right of way line of the Pittsburgh and Whitehall Railroad for a distance of 1032.55 feet to a point 120.29 feet east of South Thirteenth street intersecting a line drawn parallel to South Thirteenth street at an angle of 84 degrees 28 minutes 20 seconds and at a distance of 510.59 feet northerly from the northerly building line of Muriel street.

(21) That all the land lying south of said dividing line, as above located and described, and north of Muriel street, is vested in the Oliver Iron & Steel Company and its successors, excepting therefrom the portions of said land lying between the lines of Tenth, Eleventh, Twelfth and Thirteenth streets.

(22) That all the land lying north of said dividing line as above located and described and extending to the Monongahela River is vested in the City of Pittsburgh as a public wharf or landing.

IN THE COURT OF COMMON PLEAS
OF ALLEGHENY COUNTY, PA.

City of Pittsburgh, Plaintiff,
vs.
Oliver Iron & Steel Company,
Defendant.
In Equity.
No. 719 October Term, 1913.

DECREE

This case came on to be heard at this term, and upon consideration of the findings of fact as agreed upon, the same are approved, it is ordered, adjudged and decreed:

(1) That the dividing line between the property of the Oliver Iron & Steel Company and the property of the City of Pittsburgh is located and described as follows:

Beginning at the intersection of the east building line of South Tenth street with the southerly right of way line of the Pittsburgh and Whitehall Railroad and at a distance of 410.91 feet northerly from the northerly building line of Muriel street; thence deflecting to the right 84 degrees 31 minutes 20 seconds in an eastwardly direction along the southerly right of way line of the Pittsburgh and Whitehall Railroad for a distance of 1032.55 feet to a point 120.29 feet east of South Thirteenth street intersecting a line drawn parallel to South Thirteenth street at an angle of 84 degrees 28 minutes 20 seconds and at a distance of 510.59 feet southerly from the southerly building line of Muriel street.

(2) That all the land lying south of said dividing line, as above located and described, and north of Muriel street is vested in the Oliver Iron & Steel Company and its successors, excepting therefrom the portions of the said land lying between the lines of Tenth, Eleventh, Twelfth and Thirteenth streets.

(3) That all the land lying north of said dividing line and extending to the Monongahela River is vested in the City of Pittsburgh as a public wharf or landing.

(4) That the use by and occupancy of the said land lying north of the said dividing line by the Oliver Iron & Steel Company shall continue until such time as the City of Pittsburgh, by corporate action, shall deem the same to be necessary for use as a public wharf or landing; provided, however, that said city shall first take such action as to that part thereof lying eastwardly from the westerly line of south Twelfth street. In case of action by the city, it shall apply to the Court for a modification of this clause so as to allow it to occupy so much of the land as it may desire, and its petition shall be granted in case the Court shall find that the corporate action is in good faith and that the City desires and intends to use so much land as is described in the petition for public wharf or landing purposes. However, the City may, without application to the Court, make such use of the land described in the third paragraph as it may find necessary for wharf or landing purposes, but so as not to disturb the use and occupancy by the Oliver Iron & Steel Company as at present.

(5) The Oliver Iron & Steel Company shall pay to the City of Pittsburgh a rental for its continued use and occupancy of the land hereinbefore decreed as belonging to the City of Pittsburgh, which rental shall be fixed and determined from time to time, as follows:

The assessing officers for the City shall value and assess the said land and the improvements thereon; and the Oliver Iron & Steel Company shall annually pay to the City of Pittsburgh a rental equal to the current annual taxation of the City of Pittsburgh, including the School tax, upon said valuation, at the time fixed for the payment of City Taxes. In case the Oliver Iron & Steel Company fails to pay the said rental at the time and times herein stipulated for the payment of the same, the City of Pittsburgh shall have the usual landlord's remedies for the collection of said rentals, and if the Oliver Iron & Steel Company shall persist in such failure it shall immediately, upon a notice in writing by the City Treasurer, yield up possession of the premises. In case the Oliver Iron & Steel Company shall consider itself aggrieved by said valuation and assessment it shall have the right to appeal from the valuation and assessment made by the City Assessors as though it were the owner of the premises.

(6) The defendants be and are hereby perpetually enjoined and restrained from erecting any other buildings or structures upon the said property of the City.

(7) The costs of this proceeding shall be paid by defendant.

Approved February 3, 1915.

No. 28

AN ORDINANCE—Amending an Ordinance entitled "An Ordinance granting to the Pennsylvania Light, Heat & Power Company, of Allegheny, its lessees, successors and assigns, the right to enter upon, use and occupy the streets, avenues and alleys in the

City of Allegheny, for the purpose of constructing, laying down and maintaining therein, conduits, subways, tubes, cables and wires, and to erect poles and supports upon and along said highways and string wires and cables upon the same."

Whereas, The Select and Common Councils of the City of Allegheny, on the 16th day of February, 1898, ordained and enacted into a law in Councils an ordinance entitled, "An Ordinance granting to the Pennsylvania Light, Heat & Power Company, of Allegheny, its lessees, successors and assigns, the right to enter upon, use and occupy the streets, avenues and alleys in the City of Allegheny, for the purpose of constructing, laying down and maintaining therein, conduits, subways, tubes, cables and wires, and to erect poles and supports upon and along said highways and string wires and cables upon the same," which ordinance was approved by the Mayor of the City of Allegheny on February 19th, 1898, Section 6 of which ordinance provides that there shall be paid to the City of Allegheny, by said company, an annual tax of two and one-half per centum (2½) on the gross receipts of such company, the average of which annual tax during the last three years is $4,854 97; and

Whereas, The City of Allegheny has since been consolidated and merged with the City of Pittsburgh; and

Whereas, - The said Pennsylvania Light, Heat & Power Company, and its lessees, successors and assigns, are desirous of paying a fixed amount per annum in lieu of said annual tax of two and one-half (2½) per centum on the gross receipts of such company; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That Section 6, of an ordinance ordained and enacted by the Select and Common Councils of the City of Allegheny, on the 16th day of February, 1898, and approved by the Mayor of the said City on February 19th, 1898, entitled, "An Ordinance granting to the Pennsylvania Light, Heat and Power Company, of Allegheny, its lessees, successors and assigns, the right to enter upon, use and occupy the streets, avenues and alleys in the City of Allegheny, for the purpose of constructing, laying down and maintaining therein, conduits, subways, tubes, cables and wires, and to erect poles and supports upon and along said highways and string wires and cables upon the same," which reads as follows:

"Section 6. There shall be paid to the City of Allegheny, by said Company, an annual tax of two and one-half per centum (2½) on the gross receipts of such company, payable in equal semi-annual installments on the second Mondays of January and July of each year, and the amount of every such installment shall be determined by the sworn statement of the President or Treasurer of said Company, which shall be filed with the Comptroller on or before the 15th day of January and July of each year, showing the amount of such receipts during the preceding six months," be and the same is hereby amended to read as follows;

"Section 6. There shall be paid to the City of Pittsburgh by said Company, an annual tax of five thousand ($5 000.00) dollars, which sum shall be in lieu of the two and one-half per centum of the gross receipts of said company, as provided in said ordinance, which amount shall be paid in equal semi-annual installments on the second Mondays of January and July in each year.

This amendment shall not become operative unless the Pennsylvania Light, Heat and Power Company shall within thirty days after the passage or approval of the same, file in the office of the Controller of the City, its acceptance of the provisions of this amendment, and also unless the Duquesne Light Company shall file a stipulation with the Controller of the City of Pittsburgh within the same time, that it guarantees the payment of the said sum at the times herein provided, and agrees that the said sum shall hereafter be paid to the City of Pittsburgh so long as the Duquesne Light Company, or the Allegheny Light Company, now operated by the Duquesne Light Company, their successors and assigns, shall furnish light, heat or power on the North Side of the City of Pittsburgh, being the section of the City formerly constituting the City of Allegheny."

Section 2. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

Passed January 19th, 1915.

Pittsburgh, February 1st, 1915.

I do hereby certify that the foregoing ordinance, duly engrossed and certified, was delivered by me to the Mayor for his approval or disapproval, on January 19th, 1915, and that the Mayor failed to approve or disapprove the same, or to return the same to Council within ten (10) days from said date, whereupon the same became a law without his approval, under the provisions of the Act of Assembly in such case made and provided.

No. 29

AN ORDINANCE—Providing for the letting of a contract or contracts for five (5) years for the furnishing of current necessary for the operation of the street lighting system of the North Side, City of Pittsburgh, lighting all municipal buildings on the North Side, and the installation of all the necessary apparatus, and providing for the cost thereof for the fiscal year of 1915.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Mayor and the Director of the Department of Public Works of the City of Pittsburgh shall be and are hereby authorized to advertise for and let a contract or contracts for a term of five (5) years, beginning March 1st, 1915, for the furnishing of current to the plant of the City of Pittsburgh, situate on Brockett street, North Side, necessary to operate by transformation and transmission through the said plant the street lighting system of the North Side of the City of Pittsburgh, and lighting all municipal buildings on the North Side, and for the furnishing and installation of all the necessary transformers, switchboards and auxiliary apparatus necessary for the transformation of the said current; provided that the City is able to obtain a bid for said current which will not exceed eighty-three one-hundredths (83/100) cents per kilowatt hour; the total sum to be paid for such current and service not to exceed the sum of thirty-five thousand dollars ($35,000.00) for the fiscal year of 1915, and to enter into a contract or contracts with the successful bidder or bidders for the performance of the work, in accordance with the Act of Assembly, entitled, "An Act for the government of cities of the second class," approved the 7th day of March, A. D. 1901, and the ordinances of Council in such cases provided.

Section 2. That the sum of thirty-five thousand dollars ($35,000.00), or so much of the same as may be necessary, shall be set apart and appropriated for the fulfillment of the contract for the fiscal year of 1915, and shall be paid out of the annual appropriation of the Bureau of Light.

Section 3. It is hereby further ordained and enacted that there shall be a condition in the contract to be entered into between the City of Pittsburgh and the successful bidder that no rights of the City with respect to supplying electric current or to operate a municipal electric plant shall in any way be impaired or affected by reason of said contract.

It shall also be further stipulated in the said contract that the City of Pittsburgh shall at least six months prior to the expiration of the contract notify the successful bidder whether it desires to enter into a similar or like contract for the future or to furnish electric current by its own plant; and if the City shall finally determine that it will thereafter furnish its own electric current, then the successful bidder shall on thirty (30) days' notice before the expiration of said contract disconnect all wires and remove all appurtenances belonging to them from the plant as soon thereafter as may be practicable.

Section 4. That any ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

EXONERATIONS.

For Vancancies—Where the premises is vacant and the entire supply of water shall, at the owner's written notice served on the Board of Water Assessors, be turned off by their direction by the Bureau of Water, and such water shall be turned on only by the Bureau of Water at the owner's written notice to the Board of Water Assesors, exoneration of ninety (90) per cent. for the flat assessment for the period during which the water is shut off shall be issued; provided that the period during which the water is shut off is greater than 60 days consecutively.

Property holders shall also be required to report such vacancies to the

Board of Water Assessors within fifteen (15) days after the vacancies occur.

All request for exoneration for excessive assessments must be made during the current year in which the assessments are made, or during sixty (60) days after the termination of said year, and no exoneration shall be granted after said period has expired.

For Changes in Water Uses—Where fixtures are renewed and water uses discontinued, exoneration will be issued covering the discontinued use from the date of approval of a contract covering the revised water uses. In case any owner of any premises shall cause or allow water to be used for any purpose or in any fixture for which there is no approved water contract on file in the office of the Bureau of Water, the rate for such usage or fixture shall be at the rate specified in the foregoing schedule, and shall date from the preceding January 1st, and the water for the entire premises shall be shut off until an approved contract for such additional water uses or fixtures has been signed and placed on file in the office of the Bureau of Water.

All fixtures on any premises, whether used or not, will be assessed as long as they remain in position.

WATER FOR FIRE PURPOSES.

No charge shall be made for water used during fires. All water used through fire system, except during fires, shall be charged for at metered rates. All fire systems, except such systems as have no connection other than automatic sprinkling heads, shall be metered.

EXPLANATION OF THE FOREGOING SCHEDULE.

In the foregoing schedule of rates, in cases where both flat and metered rates are specified, such flat rates shall govern until a meter or meters, controlling the entire supply of water, shall have been furnished by the City of Pittsburgh and installed, when the metered water rates rules and regulations shall govern. In the foregoing schedule of rates, in cases where metered rates only are specified and the meter or meters are not in service or approved service, or accrued service during any portion of the water rent period, the registration for the portion of the water rent period during which the meter or meters are in approved service, or the registration during the preceding water rent period, shall be applied pro rata to the period during which the meter or meters are not in approved service.

METERED WATER RATES.

Any owner of any premises may have the option of being supplied at meter rates, instead of the foregoing flat rates, except where metered rates are specified; provided that such option shall be expressed in writing in the form of an application to the Bureau of Water, such application becoming effective upon its approval by the Bureau of Water and the installation of the meter or meters; provided, also, that such application cannot be withdrawn after same has been approved and meter or meters installed; and provided further, that in no case where metered water rates are in force shall the charge for each premises for each quarter be less than the amount specified in the following schedule:

25 cents per quarter for 1 and 2 roomed dwelling house premises.

50 cents per quarter for 3 and 4 roomed dwelling house premises.

$1.00 per quarter for 5 and 6 roomed dwelling house premises.

$1.25 per quarter for 7 and 8 roomed dwelling house premises.

$2.00 per quarter for 9 and 10 roomed dwelling house premises.

$2.50 per quarter for 11 and 12 roomed dwelling house premises.

$3.00 per quarter for 13 and 14 roomed dwelling house premises.

$4.00 per quarter for 15 and 16 roomed dwelling house premises.

$5.00 per quarter for dwelling house premises of more than 16 rooms; and all premises not included in the above schedule the minimum charge shall be 2 1-2 per cent. of the yearly flat assessment per quarter, excepting in each case where a premise is equipped with an auxilliary water supply consisting of a pumping engine of not less than 50,000 gallons per day capacity and a reserve tank of not less than 3000 gallons capacity, the minimum charge for each quarter year shall be as follows:

For each ⅝ inch meter	$ 2.00
For each ¾ inch meter	3.00
For each 1 inch meter	5.00
For each 1¼ inch meter	7.50
For each 1½ inch meter	10.00
For each 2 inch meter	12.50
For each 3 inch meter	20.00
For each 4 inch meter	30.00
For each meter larger than 4 inch	50.00

The meter or meters to be used must be first approved by the Bureau of Water, must be installed under the direction of and in a manner satisfactory to the Bureau of Water, shall at all times be accessible to the Superintendent of Water Supply and Distribution, his agents or assistants. All auxiliary meters and all meters for fire service must be furnished by and at the expense of the property owner. All water supplies at metered rates shall be at the following rates per quarter year:

First 250,000 gallons or less at 18c per 1,000 gallons.

Second 250,000 gallons or less at 16c per 1,000 gallons.

Third 250,000 gallons or less at 14c per 1,000 gallons.

Fourth 250,000 gallons or more at 12c per 1,000 gallons.

For all water taken, the rates for which are not specifically provided, and which is not measured by meter, the quantities shall be estimated and charged for at above metered rates.

Section 3. That any Ordinance, or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance.

Passed January 28, 1915.

Pittsburgh, February 9th, 1915.

I do hereby certify that the foregoing ordinance, duly engrossed and certified, was delivered by me to the Mayor for his approval or disapproval, on January 29th, 1915, and that the Mayor failed to approve or disapprove the same, or to return the same to Council within ten (10) days from said date, whereupon the same became a law without his approval, under the provisions of the Act of Assembly in such case made and provided.

No. 31

AN ORDINANCE—Granting to Dunlevy & Bro. Company the right and privilege to construct and maintain a tunnel under and across Enterprise street, for the purpose of connecting present building of said Company with building on opposite side of street.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same*, That Dunlevy & Bro. Company, its successors and assigns, be and are hereby given the right and authority, at their own cost and expense, to construct, maintain and operate a tunnel under and across Enterprise street at a point about 97 feet south of Hamilton avenue as now located. The said structure to be constructed for the purpose of connecting an existing building located on the east side of Enterprise street with a building on the west side of Enterprise street formerly occupied by and the property of D. J. Kennedy Company. The said structure shall be constructed in accordance with the provisions of this ordinance and in accordance with the plan hereto attached and made a part hereof, entitled "Plan of Proposed Tunnel across Enterprise Street, at a point 97 feet south of Hamilton avenue.

Section 2. The said tunnel shall be twelve (12) feet in width and approximately eight feet three inches (8 feet 3 inches) in height. The clearance between the top of the tunnel and the finished street paving shall be such as to properly construct the roadway, and the construction of top of said tunnel shall be of sufficient strength to properly maintain the street.

Section 3. The said Company prior to the beginning of the construction of the said structure shall submit to the Director of the Department of Public Works of the said City, a complete set of plans in triplicate showing the location and all details of construction of the said structure, and said plans and the construction of the said structure shall be subject to the approval and supervision of the said Director; the said structure to be constructed under the authority of this ordinance shall further be subject to the regulations of the Bureau of Building Inspection, and to the ordinances of the said City relating thereto.

Section 4. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets, and to the ordinances of the City of Pittsburgh relating thereto, and to the provisions of any general ordinance which may hereafter be passed relating to the compensation, construction, operation and maintenance of subsurface structures on City streets.

Section 5. The said grantee shall bear the full cost and expense of the replacement and repair of the street pavement sewers, water lines and other surface and subsurface structures which may in any way be damaged or disturbed by reason of the construction, maintenance and use of said tunnel. All of the said work shall be done in the manner, and at such times as the Director of the Department of Public Works may order and shall be subject to his approval and supervision.

Section 6. The rights and privileges granted by this ordinance are granted upon the express condition that the City of Pittsburgh without liability reserves the right to cause the removal of said tunnel upon giving six (6) months' notice through the proper officers, or by resolution for ordinance of Council to the said Dunlevy & Bro. Company, its successors and assigns to that effect; and that the said grantee shall when so notified, remove the said structure and replace the street to its original condition at its own cost and expense.

Section 7. The said grantee shall be liable for all damages to persons or property including the street and subsurface structure therein, by reason of the construction, maintenance and operation of the said tunnel, and it is a condition of this consent that the City of Pittsburgh assumes no liabilities to either persons or property on account of this consent.

Section 8. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Regulating the opening of the surface of streets, alleys and highways of the City of Pittsburgh by other than the corporate authorities of said City; requiring permits therefor to be taken out except by street passenger railway, or traction companies, and fixing charges therefor, and for the permanent resurfacing of the streets, to be done by the City of Pittsburgh, or persons designated by the Director of the Department of Public Works; prescribing the conditions upon which the same will be granted, and prescribing the punishment for violations of the provisions of this ordinance.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the opening of the surface of any street, alley or highway of the City of Pittsburgh by other than the corporate authorities of the said City, is hereby prohibited unless a permit is obtained for that purpose in the manner hereinafter described. Such permit shall be granted by the Director of the Department of Public Works of said City when the person, firm or corporation applying for such permit files an application with the Division of Public Utilities, Bureau of Engineering, in compliance with the provisions of this ordinance and pays into the City Treasury the amounts hereinafter stated. Provided, however, that it shall not be necessary for any street passenger railway or traction company to take out a permit for the purpose of repairing the roadbeds of its railway or the replacing or repairing of the pavements between its tracks and one foot outside thereof where it is the duty of such street railway or traction company to repair and keep in repair that portion of the highway; provided also that nothing herein contained shall be construed to permit the issuing of a permit for the making of a tunnel under any street, alley or highway in the City of Pittsburgh.

Section 2. Permits for the opening of the surface of any streets, alleys or highways of said City shall only be granted upon compliance with the following express provisions:

(a) A written application shall be filed for each and every opening and the same shall be signed by the person, firm or corporation desiring such permit; provided, however, that one permit may be issued for a given opening which will permit also of other openings being made on same street, within a distance not exceeding 200 feet in each direction therefrom. Such application shall set forth the purpose for which such opening is to be made; the extent, size and location of the same; the dates during which such opening is to be permitted, the date and time such opening is to be refilled and temporarily resurfaced in the manner hereinafter provided; the number and date of approval of the ordinance granting the right to place the structure beneath the City streets, alleys or highways; and shall provide that the applicant will faithfully comply with each and every provision in this ordinance contained. All applications for permits shall be accompanied by a plate or sketch showing the location, character and dimensions of the proposed opening for the installation of the new work, or the location and character of the alterations involving changes in the location of pipes, conduits, wires or structures incidental thereto.

(b) No permit shall be granted in any case until the applicant shall have executed and delivered to the City of Pittsburgh a bond in the amount hereinafter fixed, with good surety, which surety shall be either an approved security or trust company or an individual who shall be the owner of real estate in the County of Allegheny, reasonably worth over and above all debts and encumbrances at least double the aomunt of said bond. The amount of said bond shall be, viz: $500.00 for each opening; $2,000.00 for an indefinite number of openings; said bond shall be given upon the conditions that the principal will indemnify and save the City from any loss, damage or excuse whatsoever, in any manner occasioned by or arising from the opening of any street, alley or highway or the work done in consequence thereof, or the manner of doing such work; and the said bond shall remain in force for a period of six months after the permanent resurfacing of each opening.

(c) Prior to the issuing of such permit, every such applicant shall pay to the City Treasurer the amount hereinafter required for the purpose hereinafter provided and shall exhibit to the said Division of Public Utilities, a receipt for the amount as aforesaid, before any permit shall be issued.

(d) Where the permit for the opening of such street, alley or highway is required for water supply purposes, the application shall be countersigned by the Superintendent of the Bureau of Water before the permit will be granted. When the opening is for the purpose of connecting any house, store or other building or property, with a sewer, no permit will be issued except upon the presentation of a proper certificate issued by the Department of Public Health.

(e) No permit shall be granted to any applicant unless said applicant shall have paid to said City any and all moneys then due to said City for prior openings made or for any loss, damage or expense, in any manner occasioned by or arising from the opening of streets, alleys or highways of said City under prior permits.

Section 3. The moneys received by the City of Pittsburgh, for the issuance of permits, shall be placed in a special fund to be known and designated as the "Street Repairing Fund," said fund to be used by the Department of Public Works as a rotary fund to carry on any paving provided for under the provisions of this ordinance.

Section 4. The basis of measurement of street surface openings shall be the actual number of square yards of paving or surfacing necessary to completely repair the street surface at such opening. A fraction of one-half of a square yard shall be considered as a full one-half square yard, and payment shall be made on this basis. All openings shall be measured by the Director of the Department of Public Works, his agents or assistants and such measurements shall be final and conclusive.

Section 5. All work done under the authority of any permit shall be supervised and inspected by a City Inspector to be designated by the Director of the Department of Public Works or his agents or assistants, and such supervision and inspection shall be done at the sole expense of the person, firm or corporation securing such permit.

Section 6. When the permanent resurfacing and repaving of street openings is done by the City of Pittsburgh then prior to the issuing of such permit, every such applicant shall pay to the City Treasurer the amount hereinafter required, which sum includes and covers the cost of the permanent repaving or resurfacing of said street and the supervision and inspection of the same by a City Inspector. The charges for a permit for a street surface opening three square yards or less, as aforesaid, shall be as follows:

Sheet asphalt, asphaltic concrete, vulcanite or similar surface ..	$11.00
Blockstone on concrete foundation	11.00
Brick on concrete foundation	11.00
Woodblock or asphalt block	11.00
Blockstone on gravel foundation.	3.75
Brick on gravel foundation	3.75
Cobblestone	3.50
Irregular blockstone	3.50
Macadam	3.50
Dirt Road	1.25
Granite block on concrete foundation	12.00
Concrete roadway	2.50

The charge for a permit for a street opening of more than three square yards and less than one hundred square yards shall be the sum of a charge for a permit for a street opening of three square yards, as provided for herein and the following charge for each additional square yard over and above three square yards; which sum covers the cost of the permanent repaving or resurfacing of said street by the City of Pittsburgh, and the supervision and inspection of the same by a City Inspector.

Sheet asphalt, asphaltic concrete, vulcanite or similar surface...	$ 2.50
Blockstone on concrete foundation	2.50
Brick on concrete foundation ..	2.50
Woodblock or asphalt block	2.50
Blockstone on gravel foundation.	.75
Brick on gravel foundation	.75
Cobblestone	.75
Irregular blockstone	.75
Macadam	.75
Granite block	3.00
Concrete roadway	2.00

The charge for a permit for a street opening or openings of more than 100 square yards shall be the actual cost of labor and materials necessary in the permanent refilling and resurfacing of said opening, plus 15 per cent to cover the cost of plant, supervision, inspecting, depreciation, etc., which sum the amount charged for a permit for street opening of three square yards shall be paid at time of taking out permit and the balance within 30 days after rendering of statement by City as to the cost of the work. Provided, however, that the Department of Public Works may, if it deems necessary and advisable, in cases of all openings of more than three square yards, make an estimate after said opening has been made of the probable area to be repaved under the provisions of this ordinance and make an estimate of the cost thereof in the manner and amounts hereinabove set forth and immediately render to the person responsible for the payment thereof a bill for the full cost of said work, as herein set forth, based upon the estimate of the cost as herein provided, which estimate of cost shall be final and conclusive, both as against the City of Pittsburgh and the person responsible for the payment thereof.

Section 7. Where permission is granted to make an opening or openings within the lines of the sidewalk in any street, alley or highway, the person, firm or corporation desiring to make said opening or openings shall pay into the City Treasury the sum of $1.50 for an opening of three square yards or less for the purpose of paying for the cost of issuing said permit and the necessary inspection to be furnished by the City of Pittsburgh, and if said opening is to be more than three square yards, the said person, firm or corporation shall pay in addition thereto at the rate of ten cents per square yard for each additional square yard of opening to cover the cost of inspection by the City, the said person, firm or corporation shall also restore the said sidewalk to its original condition, and see that the same is in a reasonably safe and proper condition.

Section 8. If the Director of the Department of Public Works finds that in any case it is to the interest of the City of Pittsburgh, or the person, firm or corporation making said opening, to have the permanent resurfacing and repairs to said street opening made by persons other than those in the employ of the City of Pittsburgh, he may advertise for bids and award a contract to the lowest responsible bidder or bidder for doing the aforesaid work, and the person, firm or corporation making the said opening or openings, shall, within thirty days, or at such other time or times not exceeding thirty days, as may be agreed upon by said person, firm or corporation, at the time said permit was issued, pay the contractor the actual cost of said work, in accordance with said bid, after the approval of said work by the City and the rendering of a final estimate thereon.

In addition to paying the aforesaid amounts, the said person, firm or corporation shall pay the sum of $1.00 for each permit, together with the actual cost to the City for any supervision, inspection and direction, considering only the time and expense of the persons actually engaged in said work of supervision and inspection, a statement of the cost thereof to be certified to the said person, firm or corporation within fifteen days after the completion of said work, and to be paid within thirty days thereafter, or at such other time as may have been agreed upon at the time of taking out the permit, and not exceeding thirty days after the rendering of said statement.

All questions arising under any of the provisions of this ordinance as to the amount of work reasonably required to be done to insure a permanent repair shall be determined and measured by the Director of the Department of Public Works, his agents and employes, and said work shall at all times be under his supervision, inspection and direction.

Section 9. All openings shall be refilled and temporarily resurfaced on or before the time fixed in the permit, in accordance with the requirements of the specifications for refilling and temporary resurfacing said openings, on file in the office of the Division of Public Utilities, Bureau of Engineering, Department of Public Works, and written notice shall be given when the work is done. Such temporary resurfacing shall be maintained by the applicant until the City of Pittsburgh, or persons designated, shall permanently refill and resurface said openings, which period shall extend no longer than two months after temporary resurfacing has been placed. All materials in the temporary resurfacing of said street shall belong to and become the property of the City unless the applicant for permit shall provide otherwise in his application for said permit and also remove said material when notified to do so by the Director of the Department of Public Works. ,

Section 10. The Director of the Department of Public Works shall have the right to inspect all work done under street opening permits and shall see that all the terms and provisions of this ordinance are strictly enforced, and shall have power and is hereby directed to prosecute each and every person violating any of the provisions contained herein and to bring suit to restrain each and every person, firm or corporation from opening the surface of any street, alley or highway of said City in violation of provisions contained herein.

Section 11. Any person violating the provisions of this ordinance shall, upon conviction thereof, before any alderman or police magistrate of the City of Pittsburgh, be subject to a fine not exceeding ten ($10.00) dollars for each and every offense, together with costs, and in the default of payment thereof, to imprisonment in the Allegheny County Jail for a period not exceeding 30 days; each failure to obtain a permit or having obtained a permit, to comply with any of the requirements of this ordinance, and each and every day during which such violation shall continue shall constitute a separate offense.

Section 12. That ordinance No. 278, approved August 1st, 1910, and any other ordinance or part of ordinance conflicting with the provisions of this ordinance be and the same are hereby repealed, so far as the same affects this ordinance.

No. 96

AN ORDINANCE—Establishing the opening grades of Celeron street, Cromwell street, East End avenue, Flotilla way, Forbes street, Pansy way and Peebles street, as laid out and proposed to be dedicated as legally opened highways by William E. Harmon, in a plan of lots of his property, in the Fourteenth ward of the City of Pittsburgh named "William E. Harmon's Plan of Forbes Manor."

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same.* That upon the approval of a certain plan of lots named "William E. Harmon's Plan of Forbes Manor,' proposed to be laid out by William E. Harmon, of his property in the Fourteenth ward of said City, the grades to which Celeron street, Cromwell street, East End avenue, Flotilla way, Forbes street, Pansy way and Peebles street, as shown thereon, shall be accepted as open public highways of said City, shall be as hereinafter set forth:

CELERON STREET

The grade of the west curb line of Celeron street, from Cromwell street to Forbes street, shall begin on the south curb line of Cromwell street at an elevation of 217.03 feet; thence rising at the rate of 1.052 feet per 100 feet for a distance of 619.63 feet to the north curb line of Forbes street to an elevation of 223.55 feet.

CROMWELL STREET

The grade of the south curb line of Cromwell street, from Peebles street to East End avenue, shall begin on the west curb line of Peebles street at an elevation of 212.91 feet; thence rising at the rate of 1.935 feet per 100 feet for a distance of 453.81 feet to the east curb line of East End avenue to an elevation of 221.69 feet.

EAST END AVENUE

The grade of the west curb line of East End avenue, from Forbes street to a property line of 149.060 feet south from Abbott street, shall begin on the north curb line of Forbes street at an elevation of 226.66 feet; thence falling at the rate of 0.73 feet per 100 feet for a distance of 711.86 feet to a property line to an elevation of 221.46 feet.

FLOTILLA WAY

The grade of the west curb line of Flotilla way, from Forbes street to a property line 339.73 feet south from Edgerton avenue, shall begin on the north curb line of Forbes street at an elevation of 229.10 feet; thence falling at the rate of 0.75 feet per 100 feet for a distance of 754.93 feet to a point of curve to an elevation of 223.44 feet; thence by a concave parabolic curve for a distance of 60.0 feet to a point of tangent to an elevation of 224.09 feet; thence rising at the rate of 2.93 feet per 100 feet for a distance of 66.70 feet to a property line to an elevation of 226.04 feet.

FORBES STREET

The grade of the south curb line of Forbes street, from Braddock avenue to Peebles street, shall begin on the east curb line of Braddock avenue at an elevation of 231.24 feet; thence falling at the rate of 1.61 feet per 100 feet for a distance of 418.54 feet to a point to an elevation of 224.50 feet; thence falling at the rate of 1.40 feet per 100 feet for a distance of 365.75 feet to the west curb line of Peebles street to an elevation of 219.38 feet.

PANSY WAY

The grade of the west curb line of Pansy way, from Cromwell street to Forbes street, shall begin on the south curb line of Cromwell street at an elevation of 219.50 feet; thence rising at the rate of 0.831 feet per 100 feet for a distance of 625.83 feet to the north curb line of Forbes street to an elevation of 224.70 feet.

PEEBLES STREET

The grade of the west curb line of Peebles street, from Forbes street to a property line 107.90 feet south of Abbott street, shall begin on the north curb line of Forbes street at an elevation of 219.09 feet; thence falling at the rate of 0.937 feet per 100 feet for a distance of 690.58 feet to a property line to an elevation of 212.62 feet.

Section 2. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 97

AN ORDINANCE—Amending an ordinance of the City of Pittsburgh, entitled "An Ordinance authorizing the proper officers for and on behalf of the City of Pittsburgh, to enter into a contract with The Pittsburgh Junction Railroad Company, the Consolidated Traction Company and the Pittsburgh Railways Company, for the purpose of abolishing an existing grade crossing at Thirty-third street and Liberty avenue, in the City of Pittsburgh, and for the purpose of providing for the changes in the grade of the tracks of said companies; the necessary changes in the grade of the existing streets; the construction of the necessary overhead structures; and all other changes incident thereto; and providing for the payment of the cost thereof," approved the 22nd day of March, 1913, and authorizing the proper officers for and on behalf of the City of Pittsburgh to enter into a supplementary contract, changing or amending the original ordinance made between the City of Pittsburgh and the said companies dated August 1, 1913, in accordance with the terms of this ordinance.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the proper officers of the City of Pittsburgh be and are hereby authorized and directed in the name and on behalf of the City of Pittsburgh, to make and enter into a contract with The Pittsburgh Junction Railroad Company, the Consolidated Traction Company and the Pittsburgh Railways Company for the purpose of amending the agreement made the 1st day of August, 1913, between the City of Pittsburgh, as party of the first part, The Pittsurgh Junction Railroad Company, as party of the second part, and the Consolidated Traction Company and the Pittsburgh Railways Company, as parties of the third part, pursuant to an ordinance entitled "An Ordinance authorizing the proper officers for and on behalf of the City of Pittsburgh, to enter into a contract with The Pittsburgh Junction Railroad Company, the Consolidated Traction Company and the Pittsburgh Railways Company, for the purpose of abolishing an existing grade crossing at Thirty-third street and Liberty avenue, in the City of Pittsburgh; and for the purpose of providing for the changes in the grade of the tracks of said companies; the necessary changes in the grade of the existing streets; the construction of the necessary overhead structures; and all other changes incident thereto; and providing for the payment of the cost thereof," and approved the 22nd day of March, 1913, in the following form, to-wit:

AMENDATORY AGREEMENT

This Agreement, made this .... day of ...., A. D. 1915, between the City of Pittsburgh, a municipal corporation of the State of Pennsylvania, hereinafter called the "City," party of the first part; The Pittsburgh Junction Railroad Company, a corporation of the State of Pennsylvania, hereinafter called the "Railroad Company," party of the second part, and the Consolidated Traction Company and the Pittsburgh Railways Company, corporations of the State of Pennsylvania, hereinafter called the "Railway Companies," parties of the third part, witnesseth:

Whereas, the City, the Railroad Company and the Railway Companies entered into an agreement dated the first day of August, A. D. 1913, pursuant to an ordinance entitled, 'An Ordinance authorizing the proper officers for and on behalf of the City of Pittsburgh, to enter into a contract with The Pittsburgh Junction Railroad Company, the Consolidated Traction Company and the Pittsburgh Railways Company, for the purpose of abolishing an existing grade crossing at Thirty-third street and Liberty avenue, in the City of Pittsburgh; and for the purpose of providing for the changes in the grade of the tracks of said companies; the necessary changes in the grade of the existing streets; the construction of the necessary overhead structures; and all other changes incident thereto; and providing for the payment of the cost thereof," and approved the 22nd day of March, 1913;

Whereas, the Railroad Company desires to make certain changes in the elevation to which the tracks of the Railroad Company shall be raised pursuant to the terms of said agreement, to determine the embankment and retaining walls referred to in sub-paragraph (A) of the second paragraph of said agreement and to begin the steel bridge therein referred to at about Station 176+50, instead of terminating said embankments and retaining walls and beginning the said viaduct at Station 178+90, to carry the tracks of the Railroad Company from about Station 176+50 to about Station 180+10 on a steel bridge supported on steel and concrete piers and abutments, and on Thirty-third street north of Liberty avenue on viaduct supported on only two (2) lines of columns, one (1) on each curb line, instead of three (3) lines of columns, one (1) on each curb line and one (1) in the center of the street, and to change the provisions of sub-paragraph (E) of the second paragraph of said agreement so as to provide that all supporting columns of the viaduct therein referred to shall be so placed as to leave a space thirty-three (33) feet wide between the centers thereof above the surface of the ground, and so as to provide that the faces of the columns shall be set at a distance of at least six (6) inches back from the curb line and the backs of the columns shall be set so as not to extend more than twenty-seven (27) inches from the curb line, instead of providing that the supporting columns of the viaduct shall not exceed eighteen (18) inches square in cross-section, above the ground surface, and that the faces of the columns shall be set at a distance of six (6) inches back from the curb line; and the City deems it advisable in order to better secure the safety of lives and property and to promote the interests of the City and the other parties hereto, that the foregoing modification of said agreement shall be made;

Whereas, The Public Service Commission of the Commonwealth of Pennsylvania requires that in any contract submitted to and approved by it, it shall be provided that it is not the purpose or intent, nor is the obligation of such contract such as to impair or in anywise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 26, 1913, and there was no such provision in the agreement made between the parties hereto dated the 1st day of August, 1913, referred to above;

Now, therefore, in consideration of the premises and of the mutual covenants and conditions herein contained, it is hereby agreed by and between the parties hereto, as follows:

1. The first paragraph of the agreement made between parties hereto, dated the 1st day of August, 1913, referred to above, to-wit:

"First. The tracks of the Railroad Company to the north and south of Liberty avenue, shall be raised above the present grade, and located in accordance with the Agreement Plan, and as hereinafter provided. The location of the stations hereinafter mentioned, are shown upon the said plan, and the elevations given are based upon the Baltimore & Ohio precise level datum, the relation of which to the City datum is as follows:

Elevation O, City datum, is equal to elevation 696.94 of the Baltimore & Ohio Railroad precise levels.

The raising of the tracks of the Railroad Company shall begin at or near Station 140+73, and shall extend to the south shore pier of the Railroad bridge over the Allegheny River, Station 197+93.

Beginning at Station 140+73, elevation of base of rail 762.2, the new grade shall be on a descending vertical curve to Station 147+29, at which point the elevation of base of rail shall be 777.38.

Thence on a descending grade of nine-hundredths of one per cent (0.09%) to Station 153+73, at which point the elevation of base of rail shall be 776.8.

Thence on a descending grade of three-tenths of one per cent (0.3%)

to Station 170+39.0 at which point the elevation of base of rail shall be 771.80.

Thence level to Station 180+55.7, the elevation of the base of rail being 771.80.

At Station 174+65, the new grade of the railroad intersects the center line of the existing Forfar street highway bridge, at which point the elevation of the top of rail shall be 772.22.

The tracks of the Railroad Company at the intersection of the Railroad Company's right of way on Liberty avenue at Thirty-third street, shall be carried over said Liberty avenue on a steel viaduct, in such manner that the elevation of the lowest part of the underside of said structure shall not be less than elevation of 768.3.

From Station 180+55.7, the new grade shall be a descending grade of one and one-tenth of one per cent (1.10%) to Station 197+93, at which point the elevation of the base of rail shall be 752.69.

The steel superstructure carrying the tracks shall be subject to the following requirements:

The tracks of the Railroad Company on Thirty-third street shall be carried over Penn avenue on a new steel viaduct, in such manner that the elevation of the lowest part of the underside of said superstructure shall not be less than twenty-five (25) feet above the present grade of Penn avenue as it now exists on the ground.

At the intersection of Smallman and Thirty-third streets the elevation of the lowest part of the steel structure spanning Smallman street shall not be less than twenty-two (22) feet above the present grade of Smallman street as it now exists on the ground, and at no point on Thirty-third street north of Smallman street, shall the clearance between the grades of said street, as the same now exist on the ground, and the lowest part of the underside of said steel structure carrying the railroad tracks, be less than it is at the present time."

is hereby amended so as to read as follows:

"First. The tracks of the Railroad Company to the north and south of Liberty avenue, shall be raised above the present grade, and located in accordance with the Agreement Plan, and as hereinafter provided. The plan entitled "General Plan of Grade Separation," attached hereto and marked "Exhibit D," is hereby substituted for the Agreement Plan attached to the agreement made between the parties hereto, dated the 1st day of August, 1913, hereinbefore referred to, entitled "General Plan of Grade Separation," and marked "Exhibit A," insofar as it relates to re-establishing grades of the Railroad Company's tracks and location of the stations hereinafter mentioned. The elevations given are based upon the Baltimore & Ohio precise level datum, the relation of which to the City datum is as follows:

Elevation O, City datum, is equal to elevation 696.94 of the Baltimore & Ohio Railroad precise levels.

The raising of the tracks of the Railroad Company shall begin at or near Station 138+50, and shall extend to the south shore pier of the railroad bridge over the Allegheny River, Station 197+97.36.

Beginning at Station 138+50, elevation of base of rail 784.91 the new grade shall be on a descending vertical curve to Station 149+50, at which point the elevation of base of rail shall be 776.99.

Thence on a descending grade of six hundredths of one per cent (0.06%) to Station 154+00, at which point the elevation of base of rail shall be 776.72

Thence on a descending grade of three-tenths of one per cent (0.3%) to Station 170+39, at which point the elevation of base of rail shall be 771.80.

Thence level to Station 175+00, the elevation of the base of rail being 771.80.

At Station 174+81.07 the new grade of the railroad intersects the center line of the existing Forfar street highway bridge, at which point the elevation of the top of rail shall be 772.22.

The tracks of the Railroad Company at the intersection of the Railroad Company's right of way on Liberty avenue at Thirty-third street, shall be carried over said Liberty avenue on a steel bridge, in such manner that the elevation of the lowest part of the underside of said structure shall not be less than elevation 768.3.

From Station 175+00, the new grade of the railroad shall be an ascending grade of one hundred twenty-eight thousandths of one per cent (0.128%) to Station 178+90, at which point the elevation of the base of rail shall be 772.30.

Thence level to Station 180+00, the elevation of base of rail being 772.30.

From Station 180+00 the new grade of the railroad shall be a descending grade of three-tenths of one per cent (0.3%) to Station 188+05, at which point the elevation of base of rail shall be 769.88.

Thence on a descending grade of one and five-tenths per cent (1.5%) to the center of the south shore pier of the railroad bridge over the Allegheny River, Station 197+97.36, at which point the elevation of the base of rail shall be 755.00.

The steel superstructure carrying the tracks shall be subject to the following requirements:

The tracks of the Railroad Company on Thirty-third street shall be carried over Penn avenue on a new steel viaduct, in such manner that the elevation of the lowest part of the underside of said superstructure shall not be less than twenty-five (25) feet above the present grade of Penn avenue as it now exists on the ground.

At the intersection of Smallman and Thirty-third streets the elevation of the lowest part of the steel structure spanning Smallman street shall not be less than twenty-two (22) feet above the present grade of Smallman street as it now exists on the ground, and at no point on Thirty-third street, north of Smallman street, shall the clearance between the grades of said street, as the same now exist on the ground, and the lowest part of the underside of said steel structure carrying the railroad tracks, be less than it is at the present time."

2. Sub-paragraph (A) of the second paragraph of said agreement, to-wit:

"From Station 140+73 at which point the new track elevation begins, to Station 178+90, the tracks of the Railroad Company are to be located entirely upon the railroad right of way and will be supported on embankment, retained by walls, where necessary. No part of said embankment or walls shall project beyond the building line of Thirty-third street, as hereinafter re-established by this agreement. Said embankment and retaining walls shall terminate at Station 178+90 at which point the steel viaduct shall begin. No part of the abutment of said steel viaduct shall extend beyond the building line of Ewing street or of Thirty-third street, as re-established by this agreement."

is hereby amended so as to read as follows:

"From Station 138+50, at which point the new track elevation begins, to Station 176+50, the tracks of the Railroad Company are to be located entirely upon the railroad right of way, and will be supported on embankment, retained by walls, where necessary. Said embankment and retaining walls shall terminate at about Station 176+50, at which point the steel bridge shall begin."

3. Sub-paragraph (B) of the second paragraph of said agreement, to-wit:

"From Station 178+90 to the south building line of Liberty avenue, the tracks of the Railroad Company shall be supported on a steel viaduct carried on steel columns, resting on concrete piers, so located as to provide free and unobstructed access for traffic under said structure. The elevation of the lowest part of the underside of said structure shall be such as to give a clear headroom under the viaduct, of not less than fourteen (14) feet above the present level of the ground."

is hereby amended so as to read as follows:

"From about Station 178+76 to the south building line of Liberty avenue, the tracks of the Railroad Company shall be supported on a steel bridge carried on concrete and steel piers, so located as to provide free and unobstructed access for traffic under said structure. The elevation of the lowest part of the underside of said structure shall be such as to give a clear headroom under the bridge of not less than fourteen (14) feet above the present level of the ground."

4. Sub-paragraph (C) of the second paragraph of said agreement, to-wit:

"The tracks of the Railroad Company shall be carried over Liberty avenue on a new steel viaduct, supported at each end by three (3) columns, located parallel to the center line of Liberty avenue, and thirty (30) feet distant therefrom, on each side of said street. No part of said columns or other supports above the surface of the ground, shall project over said building lines. The Railroad Company may further place three (3) columns on each curb line for the support of said bridge, leaving an unobstructed roadway of thirty-six (36) feet in width. The elevation of the lowest part of the underside of said structure shall be such as to give a clear headroom under the viaduct of not less than fifteen (15) feet above the re-established grade of Liberty avenue, as shown on Plan Exhibit "C" hereto attached."

is hereby amended so as to read as follows:

"The tracks of the Railroad Company shall be carried over Liberty avenue on a new steel bridge supported at the south end by two (2) columns, located parallel to the center line of Liberty avenue, and thirty (30) feet distant therefrom, and on the north end by an abutment, the face of which shall be parallel to the center line of Liberty avenue and thirty (30) feet distant therefrom, giving a full and unobstructed width on Liberty avenue of sixty (60) feet at right angles to the center line of Liberty avenue. The elevation of the lowest part of the underside of said structure shall be such as to give a clear headroom under the bridge of not less than fifteen (15) feet above the re-established grade of Liberty avenue, as shown on Plan Exhibit "C" hereto attached."

5. Sub-paragraph (D) of the second paragraph of said agreement, to-wit:

"The tracks of the Railroad Company on Thirty-third street, north of Liberty avenue shall be carried on a new steel viaduct supported on three (3) lines of columns, one on each curb line and one in the center of the street. The columns located in the center of Thirty-third street shall be provided with special foundations, which shall span the existing eight foot by ten foot (8 ft. x 10 ft.) brick and stone sewer constructed on Thirty-third street and shall be carried on footings, so constructed as to prevent any of the superimposed load from coming on the sewer. The footings of these foundations shall be carried to a suitable depth, and shall be approved by the Director of the Department of Public Works of the City

The Railroad Company shall be responsible for any and all damage to the sewer, both during and subsequent to the construction of the steel viaduct, resulting by reason of the construction of said viaduct."

is hereby amended to read as follows:

"The tracks of the Railroad Company on Thirty-third street, north of Liberty avenue, shall be carried on a new steel viaduct, supported on two (2) lines of columns, one on each curb line, except between stations 195+00 and 197+00, where the elevated Thirty-sixth street yard track connects with the main viaduct, requiring a third column for support of said elevated yard track located approximately on the west building line of Thirty-third street."

6. Sub-paragraph (E) of the second paragraph of said agreement, to-wit:

"The floor of the said viaduct over and across Liberty avenue, Penn avenue and Smallman street shall be of watertight construction and well-drained, so as to effectually prevent water, drainage or filth from dripping to the streets below. All supporting columns of the viaduct shall not exceed eighteen (18) inches square in cross-sections above the ground surface. The faces of the columns shall be set at a distance of six (6) inches back from the curb line. At all intersecting streets, alleys or driveways between Liberty avenue and the Allegheny river, the columns supporting the viaduct shall be placed in such locations as not to obstruct or interfere with the use of said streets, alleys or driveways.

The width of the steel viaduct between the abutment at Station 178+90 and the South shore pier (Station 197+93) shall not exceed 34.5 feet. The aligment of the viaduct from the abutment (Station 178+90) to Station 182+04 shall conform to the location shown on the agreement plan, and the center line of said viaduct between stations 182+04 and 197+93 shall coincide with the center line of Thirty-third street between said stations."

is hereby amended so as to read as follows:

"The floor of the said bridge and viaduct over and across Liberty avenue, Penn avenue and Smallman street shall be of watertight construction and well-drained, so as to effectually prevent water, drainage or filth from dripping to the streets below. The supporting columns of the viaduct shall be so placed as to leave a space of thirty-three (33) of, above the surface of the ground. The face of the columns shall be set at a distance of at least six (6) inches back from the curb line and the backs of the columns shall be set so as not to extend more than twenty-seven (27) inches from the curb line. At all intersecting streets, alleys or driveways between Liberty avenue and the Allegheny river, the columns supporting the viaduct shall be placed in such locations as not to obstruct or interfere with the use of said streets, alleys or driveways.

The width of the steel viaduct between station 180+10 and the south shore pier (Station 197+97.36) shall not exceed 34.5 feet, except between stations 195+00 and 197+00, where the elevated Thirty-sixth street yard track connects with the main viaduct."

7. The Fourth paragraph of said agreement, to-wit:

"The City agrees forthwith, duly and legally to vacate that portion of Thirty-third street, to be occupied by the Railroad Company in accordance with the plan hereto attached, and marked "Exhibit B'" and bounded and described as follows, to-wit:

Beginning at a point on the easterly building line of Thirty-third street, at the distance of twenty-eight and eight-tenths (28.8) feet southeastwardly from the southerly building line of Liberty avenue, eighty (80) feet wide; thence extending in a southeasterly direction along the said easterly building line of Thirty-third street, for the distance of eighty-five (85) feet to a point; thence deflecting in a northwesterly direction, by the arc of a curve with a radius fourteen hundred and forty-eight (1448) feet, the tangent to the said curve having an angle of thirteen degrees (13 degrees) thirty-one minutes (31 minutes) with the said westerly building line of Thirty-third street, at the point of intersection, for the distance of eighty-seven and six-tenths (87.6) feet to a point; thence extending in a northeasterly direction, by a line parallel with the southerly building line of Liberty avenue, for the distance of eighteen (18) feet to the place of beginning; containing eight hundred and four (804) square feet, as shown in yellow on a plan hereto attached marked "Exhibit B."

In consideration of the City's agreeto vacate said portion of said Thirty-third street, the Railroad Company hereby agrees upon said vacation by the City, to dedicate to the City of Pittsburgh, for public use as a highway, certain land now owned by the Railroad Company, situated at the southwest corner of the intersection of Liberty avenue and Thirty-third street, and to remove the building thereon, as shown on attached plan, marked "Exhibit B", and bounded and described as follows, to-wit:

Beginning at the intersection of the southerly building line of Liberty avenue, sixty (60) feet wide, with the westerly building line of Thirty-third street, thence extending in a southeasterly direction along the said westerly building line of Thirty-third street for the distance of ninety-five (95) feet to a point; thence deflecting to the right one hundred sixty-nine degrees (169 degrees) 00 minutes, and extending in a northwesterly direction for the distance of ninety-six and seventy-eight hundredths (96.78) feet to a point on the said southerly building line of Liberty avenue; thence deflecting to the right one hundred and one degrees (101 degrees) and extending along the said southerly building line of Liberty avenue in a northeasterly direction, for the distance of eighteen and forty-six hundredths (18.46) feet to the place of beginning, containing eight hundred and seventy-six and eighty-five hundredths (876.85) square feet as shown in red on plan hereto attached, marked "Exhibit B."

The City of Pittsburgh hereby agrees forthwith to accept said dedication for the uses and purposes herein mentioned."

is hereby amended so as to read as follows:

"The City agrees forthwith, duly and legally to vacate that portion of Thirty-third street to be occupied by the Railroad Company in accordance with the plans hereto attached and marked "Exhibit E", and bounded and described as follows, to-wit:

Beginning at a point on the easterly building line of Thirty-third street, at the distance of twenty-eight and eight tenths (28.8) feet southeastwardly from the southerly building line of Liberty avenue eighty (80) feet wide; thence extending in a southeasterly direction along the easterly building line of Thirty-third street for the distance of one hundred ten and three-tenths (110.3) feet to a point; thence deflecting to the right, in a northwesterly direction, one hundred sixty-four degrees, forty-seven minutes and thirty seconds (164 degrees 47 minutes 30 seconds) for the distance of one hundred fourteen and three-tenths (114.3) feet to a point; thence deflecting to the right one hundred five degrees, fourteen minutes and twenty seconds (105 degrees 14 minutes 20 seconds) in a northeasterly direction, by a line parallel with the southerly building line of Liberty avenue, for the distance of thirty (30) feet to the place of beginning; containing sixteen hundred fifty-four and five-tenths (165.45) square feet, as shown in yellow on a plan hereto attached marked "Exhibit E."

In consideration of the City's agreement to vacate said portion of Thirty-third street, the Railroad Company hereby agrees upon said vacation by the City, to dedicate to the City of Pittsburgh for public use as a highway, certain land now owned by the Railroad Company, situated at the southwest corner of the intersection of Liberty avenue and Thirty-third street, and to remove the building thereon, as shown on attached plan marked "Exhibit E" and bounded and described as follows, to-wit:

Beginning at the intersection of the southerly building line of Liberty avenue, sixty feet (60 feet) wide, with the westerly building line of Thirty-third street; thence extending in a southeasterly direction along the said westerly building line of Thirty-third street for the distance of one hundred twenty-six and nine-tenths (126.9) feet to a point; thence deflecting to the right one hundred and sixty-four degrees, forty-seven minutes and thirty seconds (164 degrees 47 minutes 30 seconds) and extending in a northwesterly direction for the distance of one hundred thirty-one and five-tenths (131.5) feet to a point on the said southerly building line of Liberty avenue; thence deflecting to the right one hundred five degrees, fourteen minutes and twenty seconds (105 degrees 14 minutes 20 seconds) and extending along the said southerly building line of Liberty avenue in a northeasterly direction for the distance of thirty-four and five-tenths (34.5) feet to the place of beginning; containing twenty-one hundred eighty-nine (2189.0) square feet, as shown in red, on plan hereto attached, marked "Exhibit E."

The City of Pittsburgh hereby agrees forthwith to accept said dedication for the uses and purposes herein mentioned.

The Railroad Company hereby agrees to pave, in accordance with City of Pittsburgh specifications for paving, that portion of Thirty-third street vacated by the City, lying north of the northerly neat line of the first pier south of the southerly building line of Liberty avenue."

8. It is hereby understood and agreed that it is not the purpose or intent, nor is the obligation of the contract made between the parties hereto, dated the first day of August, 1913, nor of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, such as to impair or in anywise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 26th, 1913.

9. The agreement made between the parties hereto, dated the first day of August, 1913, except as herein expressly modified, shall be and remain in full force and effect.

Witness, the corporate seal of the City of Pittsburgh, and the signatures of the Mayor and the Director of the Department of Public Work, together with the certificate of the City Controller and the approval of the City Solicitor, and also the respective corporate seals of The Pittsburgh Junction Railroad Company the Consolidated Traction Company and the Pittsburgh Railways Company, duly attested by the signatures of their respective officers, the day and year above written.

No. 98

AN ORDINANCE—Granting to the Crucible Steel Company of America the right and privilege to construct and maintain a crane run-way across Thirty-first street, between the Allegheny river and the Allegheny Valley railroad.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same*, That the Crucible Steel Company of America, its successors and assigns, be and are hereby given the right and authority, at their own cost and expense, to construct, maintain and operate a crane run-way over and across Thirty-first street, at a point between the Allegheny river and the Allegheny Valley Railroad. Said structure to be constructed for the purpose of loading and unloading material for the Park Works of the Crucible Steel Company of America located on the west side of Thirty-first street. The said structure shall be constructed in accordance with the provisions of this ordinance, and in accordance with the plans hereto attached and made part hereof, entitled "Crucible Steel Co. of America, Park Works, Proposed Crane Runway across Thirty-first Street". and identified as Accession No. HL-1336, Folder No. H-138 of the files of the Bureau of Engineering, Department of Public Works.

Section 2. The clearance between the lowest part of the under side of said crane run-way and present surface of the street beneath shall be at least twenty-six (26) feet.

Section 3. The said Company prior to beginning the construction of the said structure, shall submit to the Director of the Department of Public Works of the said City, a complete set of plans in triplicate showing the location and all details of construction of the said structure, and said plans and the construction of the said structure shall be subject to the approval and supervision of the said Director; the said structure do be constructed under the authority of this ordinance shall further be subject to the regulations of the Bureau of Building Inspection, and to the ordinances of the said City relating thereto.

Section 4. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City Streets to the ordinances of the City of Pittsburgh relating thereto and to the provisions of any general ordinance which may hereafter be passed relating to the construction, operation and maintenance of overhead structures on City streets.

Section 6. The said grantee shall bear the full cost and expense of the replacement and repair of the street pavement, sewers, water lines and other surface and sub-surface structures which may be in any way damaged or disturbed by reason of the construction, maintenance and use of the said run-way. All of the said work shall be done in the manner and at such times as the Director may order, and shall be subject to his approval and supervision.

Section 6. The rights and privileges granted by this ordinance are granted upon the express condition that the City of Pittsburgh without liability reserves the right to cause the removal of said crane run-way upon giving six (6) months notice through the proper officers or by resolution, or ordinance of Council to the said Crucible Steel Company of America, its successors and assigns, to that effect; and that the said grantee shall, when so notified, remove the said structure and replace the street to its original condition at its own cost and expense.

Section 7. The said grantee shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction, maintenance and operation of the said run-way, and it is a condition of this consent that the City of Pittsburgh assumes no liability to either persons or property on account of this consent.

Section 8. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 99

AN ORDINANCE—Authorizing and regulating the payment to persons in the employ of the City of Pittsburgh, of salary or wages, during absence from their employment by reason of illness contracted, or injuries sustained while in the performance of their duties.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That all persons in the employ of the City of Pittsburgh who shall be absent from their employment by reason of illness contracted or injuries sustained while in the performance of their duties, shall be entitled to receive one-half their salary or wages during such absence upon compliance with all the terms and conditions of this ordinance. Provided, however, that no payment of salary or wages shall be made for any period of absence exceeding sixty days in case of illness and ninety days in case of injury.

Section 2. Salary or wages during the period of absence from employment, as provided in this ordinance, shall only be paid upon application by the employee to the head of the department in which such person is employed, setting forth the nature of the illness or injury causing the absence, that the illness was contracted or the injury sustained while actually engaged in the performanee of his or her duty. Said application shall be verified by the affidavit of the person making the application and the affidavit of two other persons, whenever practicable, and shall be accompanied by a certificate from the attending physician or surgeon and if he be not a city physician, said certificate shall also be signed by a city physician, who shall have examined the applicant within twenty-four hours after occurence of injury or illness, setting forth the nature of the illness or injury, the period or probable period of absence from employment necessitated thereby. Upon the filing of said application and certificate the head of the department with whom they are filed, if approved by him, shall refer the same to the City Solicitor for verification and approval. If the City Solicitor approves the said application, it, together with the certificate from his or her immediate superior or foreman, that such employes is not on the regular payroll during said period, shall be referred by the head of the department to the controller for approval and upon his approval the applicant shall be entitled to receive his or her salary or wages during the period of absence actually necessitated by said illness or injury in the usual course of payment for such employee. Provided, however, that the period for which such salary or wages are paid shall not exceed the probable period of absence stated in the physician's or surgeon's certificate unless a further certificate by the attending physician or surgeon shall be secured as hereinafter provided, and shall in no event exceed the period of sixty days in case of illness and ninety days in case of injury.

If the absence necessitated by said illness or injury shall exceed the probable period stated in the physician's certificate, then no salary or wages shall be paid the applicant after the expiration of said period until the attending physician or surgeon and City Physician shall certify to the probable further period of absence which such injury or illness will necessitate. Upon the approval of said certificate in the same manner as the original application, the applicant shall then be entitled to receive his or her salary or wages in the manner hereinbefore provided for the further period of absence actually necessitated by said illness or injury; which, however, shall not exceed the probable period stated in said second certificate, or exceed the period of sixty days in case of illness and ninety days in case of injury.

Section 3. In cases of claims for illness contracted in the service, payment of salary or wages shall not be allowed for the first week of necessary absence.

Section 4. All employees entitled to receive one-half salary or wages during their absence from their employment, under the provisions hereof, who shall be absent beyond the time actually necessitated by their illness or injury, whether or not the time they are so unnecessarily absent, shall be within the probable time of absence stated in the physician's or surgeon's certificate, shall forfeit their right to receive their salary or wages to which they would otherwise then be entitled, under the provisions of this ordinance.

Section 5. The words "while in the performance of their duties" shall include any injury received or illness contracted while at the place of employment during the hours of regular service.

Section 6. Every department shall keep a strict account of all payments of salary or wages made under the provisions of this ordinance on account of lost time by reason of injury or illness and each payroll should show any payment made thereon for lost time as herein provided.

Section 7. Every employee injured or claiming to be taken ill while in the actual discharge of duty shall immediately notify the head of the department in which he is employed of the fact, and the head of said department shall immediately notify the Chief City Physician of such illness or injury of the employee.

Section 8. All moneys paid employees as aforesaid shall be paid from and charged to the annual appropriations to the respective Bureau in which such persons are employed.

Section 9. The provisions of this ordinance shall not apply to employees of the Bureau of Police, Fire and Electricity.

Section 10. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 119

AN ORDINANCE—Providing for the reporting of venereal diseases in the City of Pittsburgh and prescribing penalties for the violation thereof.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same*, That it shall be the duty of every physician, practicing in the City of Pittsburgh, to report to the Department of Public Health by number from his case book or by initial letter all cases of venereal diseases coming under his care, acute or chronic or of remote diseases traceable thereto as a direct cause, avoiding in every case any history that would in any way disclose the identity of the patient; in every case giving the sex, age, nationality, race, marital or non-marital state, diagnosis, primary or secondary, duration of the case and source of infection when possible. That the above rule shall also apply to physicians attending cases of venereal diseases in all public or private institutions, hospitals, dispensaries, clinics, homes, asylums, charitable and correctional institutions.

Section 2. All reports made in accordance with the provisions of the previous section and all records of clinical or laboratory examinations indicating persons affected with venereal diseases shall be regarded as confidential and shall not be open to inspection by the public or any person other than the official custodian of such reports or records in the Department of Public Health and such other persons as may be authorized by law to inspect such reports or records, nor shall the custodian of any such report or record or any other such person divulge any part of any such report or record so as to disclose the identity of the person to whom it relates.

Section 3. Any person who shall fail, neglect or refuse to comply with, or who shall violate any of the provisions of this ordinance, shall upon conviction thereof in a summary proceeding before any police maigistrate of the City of Pittsburgh be sentenced to pay a fine of not more than fifty ($50.00) dollars, or be imprisoned in the county jail for a period of not more than thirty (30) days, in default of payment of said fine.

Section 4. The Department of Public Health of the City of Pittsburgh is hereby authorized and empowered to enforce the provisions of this ordinance.

No. 120

AN ORDINANCE—Authorizing the Mayor and the Director of the Department of Public Works to let a contract for raising the southerly end of the north span of the North Side Point bridge and making repairs to the Rocker bearings according to the specifications furnished therefor by the Bureau of Engineering, and appropriating for the payment of said work the sum of $4,500.00 from Apropriation No. 150.

Whereas, It was recently discovered that the rocker bearings under the shoe at the southern end and downstream side of the north span of the North Side Point Bridge have become displaced; and

Whereas, It is necessary to life the span in order to make repairs and to reduce the load as much as possible the sidewalk and roadway paving which is now in progress on the south span must be suspended on the north span until repairs are made; and

Whereas, to follow the regular course of procedure in the letting of City contracts would in this case result in great delay in opening the bridge to traffic; and

Whereas, To meet the emergency, bids have been asked and received by the Department of Public Works for doing the work specified, the lowest bid being submitted by the Pittsburgh Construction Company amounting to Four Thousand and Five Hundred ($4,500) Dollars.

Now, it having been considered and determined by the Council that an emergency exists authorizing the dispensation of the charter provision requiring the advertising for bids for public improvement work.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Director of the Department of Public Works be and he is hereby authorized to award to and make a contract with the Pittsburgh Construction Company for raising the southerly end of the north span of the North Side Point bridge, and for making the necessary repairs thereto, for the sum of Four Thousand Five Hundred ($4,500) Dollars as specified in their bid of April 15th, 1915, and approved by the Director of the Department of Public Works and that the Mayor be and hereby is authorized to issue and the City Controller to countersign a warrant in favor of the Pittsburgh Construction Company for the sum of Four Thousand and Five Hundred ($4500) Dollars upon the satisfactory completion of the work and charge same to Appropriation No. 150, North Side Point Bridge.

Section 2. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Granting unto the Consolidated Gas Company, its successors, lessees and assigns, the right to enter upon, use and occupy the new North Side Point Bridge, together with the approaches thereto, for one ten-inch gas line, subject to the terms and conditions herein provided.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Consolidated Gas Company, its successors, lessees and assigns shall have the right and is hereby authorized to enter upon, use and occupy for the purpose of placing thereon, one ten-inch gas line on the new North Side Point Bridge, together with the approaches thereto, said gas line to be constructed and located as shown on blue print hereto attached and made part hereof.

Section 2. The rights herein conferred in Section 1 hereof are and shall be subject to the following terms and conditions:

First. The Consolidated Gas Company shall pay the City of Pittsburgh, annually, the sum of Two Hundred ($200.00) Dollars.

Second. All detail and supplemental plans relating thereto providing for the construction and location of said pipe line shall be subject to the approval of the Director of the Department of Public Works.

Third. Should at any time the maintenance and operation of the said pipe line, together with the fixtures and appliances connected therewith, render such bridge unsafe for travel by vehicles or pedestrians, the said Company will make such changes, alterations or repairs at its own expense as shall be necessary to render the said bridge safe for public travel, and should it be necessary at any time to reconstruct the said bridge, then the Gas Company will make such changes, alterations and repairs at its own expense in and to the said pipe line, fixtures and appliances connected therewith, as will conform to such reconstruction of said bridge. Such changes, alterations and repairs to be made in accordance with plans and specifications approved by the Director of the Department of Public Works.

Fourth. The Consolidated Gas Company agrees to indemnify and save harmless the City of Pittsburgh from and against any loss or damage which the City may be compelled to pay by reason of the construction, maintenance or operation of the said pipe line and the appliances and fixtures connected therewith.

Section 3. The Consolidated Gas Company shall within thirty days after the passage and approval of this ordinance, file its written acceptance of this ordinance, together with all the terms and conditions herein provided in the Controller's Office of the City of Pittsburgh, and shall pay the first year's charge as herein provided, and in case the said payment is not made and this ordinance accepted within the said thirty days, then all rights hereunder shall cease and terminate and this ordinance shall become null and void.

Section 4. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets, and to the ordinances of the City of Pittsburgh relating thereto, and to the provisions of any general ordinance which may hereafter be passed relating to the compensation, construction, operation and maintenance of sub-surface or other structures on City streets or bridges.

Section 5. The rights and privileges granted by this ordinance to the Consolidated Gas Company shall be for a term of fifteen years, but the City of Pittsburgh reserves the right to revoke the rights and privileges hereby granted and to cause the removal of said pipes at the expiration of fifteen years upon giving one year's notice through the proper officers, or by resolution or ordinance of Council to the said Consolidated Gas Company, its successors and assigns to that effect; and that the said grantee shall when so notified, remove the said structure and replace the bridge to its original condition at its own cost and expense.

Section 6. It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in any wise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 29, 1913.

AN ORDINANCE—Restoring and reinstating the leases of H. S. Hays and C. P. Mercer for storerooms Nos. 1 and 2 in the North Side Market and fixing the term and rental therefor, and providing for leases or permits therefor.

Whereas, by Ordinance No. 170, approve May 1, 1913, of record in Ordinance Book, volume 25, page 183, the Director of the Department of Public Works was authorized to grant leases for storerooms, stalls and stands in the North Side Market for a period of two years from April 1, 1913, and

Whereas, the leases made pursuant to said ordinance expired on March 31, 1915, and the Council passed a resolution on March 30. 1915, directing said Director to extend or continue leases then in existence until such further time as the Council should fix the duration and term of leases in all the market houses of the City, and

Whereas, contrary to said resolution and without any authority said Director notified and required H. S. Hays and C. P. Mercer, the then occupants and lessees of storerooms Nos. 1 and 2, respectively, to vacate for the purpose of giving said leases therein to Alexander A. Sloan and Joseph R. Hite, to whom subsequent to the passage of said resolution said Director executed and delivered leases for a period of two years, which leases said Director was without authority to give, and

Whereas, the ejecting of said Hays and Mercer from said storerooms is unjust and without cause; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Director of the Department of Public Works be and he is hereby authorized and directed to cancel the leases made for storerooms Nos. 1 and 2 in the North Side Market House to Alexander A. Sloan and Joseph R. Hite and to cause the said persons to remove therefrom forthwith if possession shall have been given to them. That the consent of the City is hereby given to said H. S. Hays to occupy storeroom No. 1 in said Market for the period of two years from April 1, 1915, at the rental of $1,500.00 per annum, payable in equal monthly installments in advance, and to said C. P. Mercer to occupy storeroom No. 2 in said Market for the period of two years from April 1, 1915, at the rental of $1,800.00 per annum, payable in equal monthly installments in advance, subject to the provision that if a general ordinance shall be passed regulating the leasing of stands and storerooms in the market houses the leases may be terminated on thirty days notice.

Section 2. The Director of said Department is hereby required to grant written permits in the usual form to said Hays and said Mercer for the said period.

Section 3. That any Ordinance or part of ordinance conflicting with the provisions of this ordinance be, and the same is hereby repealed, so far as the same affects this ordinance.

Passed April 20, 1915.

Pittsburgh, May 4th, 1915.

I do hereby certify that the foregoing ordinance, which has been disapproved by the Mayor, and returned with his objections to the Council, was passed by a two-thirds vote of said Council, this 4th day of May, A. D. 1915.

No. 136

AN **ORDINANCE**—Authorizing and directing an increase of the indebtedness of the City of Pittsburgh in the sum of two hundred and forty thousand dollars ($240,000.00), and providing for the issue and sale of bonds of said City in said amount to provide funds for the raising of the grades of Penn avenue from Eleventh street to Water street, and Duquesne way from Ninth street to Evans alley, and changing of grades and reconstruction of other streets and highways incident thereto, and for the payment of any damages to property arising therefrom, and providing for the redemption of said bonds and the payment of interest thereon.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the indebtedness of the City of Pittsburgh be increased by the amount of two hundred and forty thousand (240,000.00) dollars, to provide moneys for the payment of the damages and expenses resulting from the raising of the grades of, and grading, paving, curbing, and otherwise improving of Penn avenue from Eleventh street to Water street, and Duquesne way from Ninth street to Evans alley, and other streets and highways affected thereby and incident thereto, and for the payment of any damages to property arising therefrom.

Section 2. That bonds of the City of Pittsburgh in the aggregate principal amount of two hundred and forty thousand dollars ($240,000.00) be issued for the purpose aforesaid, with interest coupons attached, payable semi-annually, with the privilege of exchanging such coupon bond or bonds for a registered bond or bonds of the same maturity as, and of any denomination not exceeding the aggregate amount of the coupon bond or bonds surrendered in exchange therefor, by surrendering such coupon bond or bonds, with all coupons not then due, at the office of the City Controller; and the City Controller is hereby authorized and directed to cause such coupon and registered bonds to be engraved, and to issue the same in the name of the City of Pittsburgh, the expense thereof to be charged to Appropriation No. 42, Contingent Fund.

Section 3. Said bonds shall be issued in denominations of one hundred dollars, or multiples thereof, shall be dated as of the first day of May, A. D. 1915, and shall be payable in fifteen equal annual installments, as follows: Bonds to the aggregate amount of sixteen thousand dollars ($16,000.00) shall be payable on the first day of May in each and every year, beginning with the year one thousand nine hundred and sixteen and ending with the year one thousand nine hundred and thirty.

Said bonds shall bear interest at the rate of four and one-fourth (4 1-4) per centum per annum, payable semi-annually at the office of the City Treasurer of said City on the first day of November and May of each year, without deduction for any taxes which may be levied thereon by the State of Pennsylvania pursuant to any present or future law, the payment of which is hereby assumed by the City of Pittsburgh, and the principal thereof shall be payable at maturity at the same place. The said bonds shall be signed by the Mayor, countersigned by the City Controller, and sealed with the corporate seal of said City, and the coupons shall be authenticated with the lithographed fac-simile signature of the City Controller.

Said bonds shall be sold by the Mayor and the City Controller at not less than par and accrued interest, on the most advantageous terms obtainable, after ten days' public notice in the official newspapers of the City of Pittsburgh; provided, however, that such uninvested balances in the Sinking Fund, as may be available for the purpose, shall be invested in the same without public notice by advertising or otherwise. If no bids are received, the Mayor and the City Controller, are hereby authorized and empowered to sell the same at private sale. And the proceeds of such sales, or so much thereof as shall be necessary, shall, if specifically appropriated by ordinance, therein fixing the amounts and conditions of expenditure, be applied to the purposes set forth in this ordinance and to no other purpose whatsoever. Each of said bonds shall be known and designated as "Penn Avenue Improvement Bonds 1915."

Section 4. Until said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law liable or hereafter to be made liable to assessment for taxation for City purposes, an annual tax, commencing the year after said bonds have been issued, sufficient to pay the interest on said bonds as the same shall accrue and become payable; and also an annual tax equal to six and two-thirds (6 2-3) per centum of the total amount of said bonds hereby authorized, to be applied to and set apart as a Sinking Fund for the payment of the principal and redemption of said bonds as they become due and payable according to their terms, and the same are hereby appropriated out of the revenues of said City for the payment and redemption aforesaid.

Section. 5. All registered bonds issued in exchange for coupons bonds, as provided in Section 2 of this Ordinance, shall be registered with the City Treasurer of said City and be transferable only on the books of said City Treasurer.

Section 6.: All bonds issued by the authority of this Ordinance and the Acts of Assembly authorizing the same shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all the rights, privileges and immunities thereof; and shall be free from taxation as aforesaid, and for the payment of the principal of said bonds, and the interest thereon semi-annually, as aforesaid, as the same shall mature and become payable, the faith, honor, credit and property of said City are hereby pledged.

Section 7. Said bonds shall be coupon bonds, exchangeable for registered bonds, and shall be substantially in the following form, to-wit:

No. 148

AN **ORDINANCE**—Authorizing and directing an increase of the indebtedness of the City of Pittsburgh in the sum of Ninety Thousand Dollars, and providing for the issue and sale of bonds of said City in said amount, to provide funds for the payment of the difference between the total cost, damages and expenses and the special benefits arising to property benefited by the relocating, widening, extending, change of grade, grading, paving, curbing and otherwise improving of Hamilton avenue, and providing for the redemption of said bonds and the payment of interest thereon.

Whereas, the corporate authorities of the City of Pittsburgh by an ordinance approved September 14, 1910, of record in said City's Ordinance Book, volume 22, page 101, signified their desire to increase the indebtedness of said City in the sum of One Million Four Hundred and Ten Thousand Dollars, for the following purposes: For the payment of the difference between the total cost, damages and expenses and the special benefits arising to property benefited by the relocating, widening, extending, change of grade, grading, paving, curbing and otherwise improving of certain streets and highways, the damages caused thereby, to-wit: Public highways on the North Side and West End flooded by rises in the Allegheny and Ohio Rivers, Four Hundred Thousand Dollars; Hamilton avenue, Three Hundred Thousand Dollars; West Carson street or River road, One Hundred Thousand Dollars; South Eighteenth street, Sixty Thousand Dollars; Warrington avenue, Eighty thousand Dollars; Corliss street, One Hundred and Fifty Thousand Dollars; Atlantic avenue, Forty-five Thousand Dollars; Second avenue, extending from Glenwood bridge to the easterly boundary line of said City, Fifty Thousand Dollars; Chartiers street, Twentieth ward, Five Thousand Dollars; Webster avenue, Fifty-five Thousand Dollars; Kirkpatrick street, Fifty Thousand Dollars; Second avenue and Try street, including the separation of the railroad grade crossing thereat, One Hundred and Fifteen Thousand Dollars,

Whereas, the Council of said City by an ordinance approved September 30th, 1910, of record in said City's Ordinance Book, volume 22, page 115, authorized and directed that said question of increasing the indebtedness in said amount and for said purposes be submitted to a vote of the electors of said City at the general election held in said City on Tuesday, November 8th, 1910; and

Whereas, Proper and timely notice having been given according to law, such election was held and conducted in every respect as required by law, and duly certified returns thereof, together with a certified copy of the said ordinances, and proper proofs of publication and advertisements, were duly filed in every respect as required by law, as more fully appears in the proceedings in said matter filed of record in the office of the Clerk of the Court of Quarter Sessions of Allegheny county, Pennsylvania, at Bonded Indebtedness, No. 1 November Sessions, 1910, Bonded Indebtedness Docket, volume 10, page 149; and

Whereas, By the returns of said election, filed with said Clerk of said Court of Quarter Sessions, it appears that a majority of the electors voting at said election voted in favor of said increase of indebtedness; and

Whereas, A duly certified copy of said record under seal has been furnished by said Court of Quarter Sessions to the corporate authorities of said City and the same has been placed of record on the minutes thereof, as required by law; and

Whereas, There has been heretofore authorized an increase of the indebtedness of the City of Pittsburgh in the sum of Two Hundred and Ten Thousand Dollars out of the aforesaid total sum of Three Hundred Thousand Dollars, for the purpose aforesaid, by ordinance approved December 21, 1912, and recorded in Ordinance Book volume 24, page 533; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the indebtedness of the City of Pittsburgh be increased by the amount of Ninety Thousand Dollars, to provide funds for the payment of the difference between the total cost, damages and expenses and the special benefits arising to property benefited by the relocating, widening and otherwise improving of Hamilton avenue.

Section 2. That bonds of the City of Pittsburgh in the aggregate amount of Ninety Thousand Dollars be issued for the purpose aforesaid, with interest coupons attached, payable semi-annually, with the privilege of exchanging such coupon bond or bonds for a registered bond or bonds of the same maturity as, and of any denomination not exceeding the aggregate principal amount of the coupon bond or bonds surrendered in exchange therefor, by surrendering such coupon bond or bonds, with all coupons not then due, at the office of the City Controller; and the City Controller is hereby authorized and directed to cause such coupon and registered bonds to be engraved, and to issue the same in the name of the City of Pittsburgh, the expense thereof to be charged to Appropriation No. 42, Contingent Fund.

Section 3. Said bonds shall be issued in denominations of One Hundred Dollars, or multiples thereof, shall be dated as of the first day of May, A. D. 1915, and shall be payable in thirty equal annual installments, as follows:

Bonds to the aggregate amount of Three Thousand Dollars shall be payable on the first day of May in each and every year, beginning with the year one thousand nine hundred and sixteen and ending with the year one thousand nine hundred and forty-five.

Said bonds shall bear interest at the rate of four and one-fourth per centum per annum, payable semi-annually at the office of the City Treasurer of said City on the first day of November and May, of each year, without deduction for any taxes which may be levied thereon by the State of Pennsylvania pursuant to any present or future law, and payment of which is hereby assumed by the City of Pittsburgh, and the principal thereof shall be payable at maturity at the same place. The said bonds shall be signed by the Mayor, countersigned by the City Controller, and sealed with the corporate seal of said City, and the coupons shall be authenticated with the lithographed fac-simile signature of the City Controller.

Said bonds shall be sold by the Mayor and the City Controller at not less than par and accured interest, on the most advantageous terms obtainable, after ten days' public notice in the official newspapers of the City of Pittsburgh; provided, however, that such uninvested balances in the Sinking Fund, as may be available for the purpose, shall be invested in the same without public notice by advertising or otherwise. And the proceeds of such sales, or so much thereof as shall be necessary, shall, if specifically appropriated by ordinance, therein fixing the amounts and conditions of expenditure, be applied to the purposes set forth in this ordinance and to no other purpose whatsoever. Each of said bonds shall be known and designated as "Hamilton Avenue Street Improvement Bond, 1915."

Section 4. Until said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law liable or hereafter to be made liable to assessment for taxation for City purposes, an annual tax, commencing the year after said bonds have been issued, sufficient to pay the interest on said bonds as the same shall accrue and become payable; and also an annual tax equal to three and one-third per centum of the total amount of said bonds hereby authorized, to be applied to and set apart as a Sinking Fund for the payment of the principal and redemption of said bonds as they become due and payable according to their terms, and the same are hereby appropriated out of the revenues of said City for the payment and redemption aforesaid.

Section 5. All registered bonds issued in exchange for coupon bonds, as provided in Section 2 of this Ordinance, shall be registered with the City Treasurer of said City and be transferable only on the books of said City Treasurer.

Section 6. All bonds issued by the authority of this Ordinance and the Acts of Assembly authorizing the same shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all the rights, privileges and immunities thereof; and shall be free from taxation, as aforesaid, and for the payment of the principal of said bonds, and the interest thereon semi-annually, as aforesaid, as the same shall mature and become payable, the faith, honor, credit and property of said City are hereby pledged.

Section 7. Said bonds shall be coupon bonds, exchangeable for registered bonds, and shall be substantially in the following form, to-wit:

(Form of Coupon Bond.)

UNITED STATES OF AMERICA,
Commonwealth of Pennsylvania,

AN ORDINANCE—Granting to the Jones and Laughlin Steel Company, their successors and assigns, the right to lay, maintain and use certain pipes under and across Ross street, at Third avenue, subject to the terms and conditions of this ordinance.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Jones and Laughlin Steel Company, their successors and assigns, are hereby given the right and authority to lay, maintain and use the following pipes under and across Ross street, near Third avenue, for the purpose of affording pipe connections between the Jones and Laughlin office building at the southeast corner of Ross street and Third avenue, and the B. F. Jones, Jr., Building at the southwest corner of Ross street and Fourth avenue, subject to the provisions of this ordinance.

One (1) 6 inch heavy pipe for transmission of steam;

One (1) 2 1-2 inch extra heavy pipe for return;

Six (6) 2 1-2 inch conduits for power and lighting.

The foregoing pipes shall be laid in the location and in full conformance with the plan on file in the Department of Public Works and approved May 14th, 1915, by the Director of the Department of Public Works and identified by Accession Number H. L. 1373, Folder No. H-139, said plan being entitled "Heating, Lighting and Power Lines between Jones and Laughlin Office Building and B. F. Jones, Jr., new Building, corner of Ross street and Fourth avenue."

Section 2. The construction, maintenance and use of the said pipes shall be at all times subject to the approval of the Director of the Department of Public Works.

Section 3. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets and to the ordinances of the said City relating thereto and to the provisions of any general ordinance which may hereafter be passed relating to the construction, compensation, operation and maintenance of overhead and underground structures on City streets.

Section 4. The said grantee, its successors and assigns, shall be liable for all damages to persons or property, including the street and sub-surface structures therein by reason of the construction, maintenance and use of the said pipes and conduits.

Section 5. Said grantee shall, at its own cost and expense, repair and replace all street pavement, sidewalks, surface and sub-surface structures which are in any way damaged or disturbed in the construction, maintenance and use of the said pipes and conduits, all of which work shall be subject to the approval and supervision of the Director of the Department of Public Works of the said City.

Section 6. The rights and privileges granted by this ordinance are granted upon express condition that the City of Pittsburgh, without liability, reserves the right to cause the removal of said pipes and conduits upon giving sixty (60) days' notice through the proper officers, or by resolution or ordinance of Council to the said grantee to that effect; and that the said grantee shall, when so notified, remove the said pipes and conduits and replace the street to its original condition at its own cost and expense.

Section 7. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That Sections 4 and 5 of an ordinance entitled, "An Ordinance regulating signs, sign-boards, awnings, marquises and porte cocheres on, over or in close proximity to a public highway, and liable to become dangerous to the traveling public; providing for the issuing of permits by the Department of Public Safety; fixing the license fees to be paid therefor; providing for the inspection thereof, and providing a penalty for the violation of the provisions of this ordinance," approved by the Mayor July 3rd, 1913, and recorded in Ordinance Book, volume 25, page 322, which read as follows:

"Section 4. The provisions of this ordinance shall not apply to awnings placed on the second floor windows, or above the same, but shall apply to all awnings which overhang the sidewalks and are fastened below the second floor windows. All awnings shall be so constructed that the lowest part thereof shall be not less than seven and one-half feet above the level of the sidewalk and shall be firmly and securely fastened to the building, and be kept in good order and repair."

"Section 5. No sign, sign-board, marquise, porte cochere or awning which overhangs a public highway, except the flat signs as herein provided in Section 2, and no sign on top of any building, and no sign or sign-board which is on a public highway, or sufficiently close to a public highway to become dangerous to the traveling public, shall be maintained, or hereafter erected until a permit therefor shall first be obtained from the Department of Public Safety through the Bureau of Building Inspection, authorizing the construction thereof, as hereinafter provided.

The following fees shall be charged for the issuing of said permits:

For each overhanging illuminated sign at the rate of 10 cents per annum per square foot of sign surface on each illuminated side of said sign, provided, that no permit shall be issued for an illuminated sign for which a charge shall be made of less than $2.00 and the maximum charge for any permit shall be $10.00. The said rates shall apply to all existing projecting signs which are permitted under this ordinance, provided, that in the case of existing non-illuminated signs, measurements shall be made on one side only.

The fee for the issuing of permit for illuminated roof signs shall be $5.00 and for marquise or porte cocheres shall be $10.00. In case a sign is attached to a marquise, or the marquise itself carries any advertising matter, an additional permit shall be taken out on the basis provided for overhanging illuminated signs, and all the requirements of Section 1 shall apply thereto respecting illumination and construction in so far as the same are not inconsistent with the provisions of Section 3 hereof.

The fee for a permit for any other type of sign, sign-board or awning, not specifically covered shall be $1.00.

No license fee shall be charged for a permit for a flat sign of the area described in Section 2 hereof. The fee for any flat sign in excess of such area shall be $1.00."

Shall be and the same are hereby amended to read as follows:

"Section 4. All awnings shall be so constructed that the lowest part thereof shall not be less than seven and one-half feet above the level of the sidewalk and shall be firmly and securely fastened to the building and be kept in good order and repair. No advertising whatsoever shall be placed on any awning, except that the name or the business only may be placed on the front of the awning."

"All awnings hereafter constructed shall be supported solely from the building, without any support whatever on the curb line, or the sidewalk. No awning of a permanent character, constructed of wood or metal, or both, shall hereafter be erected until plans for the same have been approved by the Director of the Department of Public Safety."

"Section 5. No sign, sign-board, marquise, porte cochere, or awning which overhangs a public highway, except the flat signs as herein provided in Section 2, and no sign on top of any building, and no sign or sign-board which is on a public highway, or sufficiently close to a public highway to become dangerous to the traveling public, or hereafter erected until a permit therefor shall first be obtained from the Department of Public Safety, through the Bureau of Building Inspection, authorizing the construction thereof, as hereinafter provided.

The following fees shall be charged for the issuing of said permits:

For each overhanging illuminated sign at the rate of 10 cents per annum per square foot of sign surface on each illuminated side of said sign, provided, that no permit shall be issued for an illuminated sign for which a charge shall be made of less than $2.00, and the maximum charge for any permit shall be $10.00. The said rates shall apply to all existing projecting signs which are permitted under this ordinance, provided, that in the case of existing non-illuminated signs measurements shall be made on one side only.

The fee for the issuing of permit for illuminated roof signs shall be $5.00 and for marquises or porte cocheres shall be $10.00. In case a sign is attached to a marquise, or the marquise itself carries any advertising matter, an additional permit shall be taken out on the basis provided for overhanging illuminated signs, and all the requirements of Section 1 shall apply thereto respecting illumination and construction in so far as the same are not inconsistent with the provisions of Section 3 hereof.

The fee for a permit for any other type of sign or sign-board not specifically covered; shall be $1.00. No license fee shall be charged for a permit for a flat sign of the area described in Section 2 hereof. The fee for any flat sign in excess of such area shall be $1.00. Any awning heretofore constructed which is supported by a post, pillar or other support, on the sidewalk as well as the building, shall pay a license fee of $2, and if the entire awning is of permanent construction consisting of either metal or wood, or both, the license fee shall be $5. Any continuous awning which is of permanent construction which extends over more than one street shall be considered a separate awning for each of said streets and a separate license fee shall be paid therefor. No license fee shall be charged for what is commonly distinguished as drop awnings, which are made of cloth and metal or wood frame, and are supported solely from the building."

General Provisions.

Section 1. Moving of vehicles from one location to another for 30 minute periods, in order to evade the intent and purpose of the rule, will be considered a violation of the provisions of this ordinance, and policemen are hereby authorized to enforce its requirements.

Section 2. On an avenue or street divided longitudinally by a parkway, walk, sunken way or viaduct, vehicles shall keep to the right of such division.

Section 3. No vehicle shall back to make a turn in any street, if by so doing it interferes with other vehicles, but shall go around the block or to a street intersection sufficiently wide to turn in without backing.

Section 4. At intersections or street corners or other locations where policemen are stationed for the purpose of managing traffic conditions, drivers of vehicles shall come to a stop when the officer gives one blast of the whistle and proceed when two blasts are given. Three or more blasts of the whistle given by the policeman indicates a signal of alarm, either the approach of a fire engine or some other danger, and vehicles shall be immediately drawn up to the curb on either or both sides of the street, leaving the central part of the street free for the use of emergency purposes.

Section 5. No vehicle or street car shall so occupy any street as to interfere with or interrupt the passage of other street cars or vehicles except in cases of accident.

Section 6. No vehicle shall stand headed, or be driven, on one-way streets, or any street marked by an arrow sign, except in the direction in which traffic is moving or indicated by the arrow; but it may stop at either curb provided there are no other violations of law.

Section 7. A vehicle waiting at the curb shall promptly give place to a vehicle about to receive or discharge passengers, or loading and unloading of goods or materials.

Section 8. Vehicles that have been standing by the curb and desire to get into traffic line shall not break into line, but shall await their turn at the end of the line, unless duly authorized by instructions of a policeman.

Section 9. Splitting of track or "straddling" of the two inside rails of street car lines is prohibited, provided, that the same interferes with the movement of traffic.

Section 10. When two or more vehicles arrive at a street intersection at the same time, the vehicle to the right hand of any driver shall have the right of way.

Section 11. No one shall drive or conduct any vehicle in such condition, so constructed, or so loaded as to be likely to cause delay in traffic or accident or injury to man, beast or property.

Section 12. No one shall ride upon the rear end of any vehicle without the consent of the driver, and when so riding no part of the person's body shall protrude beyond the limits of the vehicle.

Section 13. Vehicles hauling iron or any other material extending out over the rear end of the vehicle shall have provided a red flag as means of warning to pedestrians in order to prevent accidents.

Section 14. The Director of the Department of Public Safety shall be and he is hereby authorized and directed to supply patrolmen with "Red Tags" which shall be used for the purpose of giving due notice to the owners, chauffeurs and drivers of automobiles and other vehicles, when there are any violations of the traffic laws and rules of the Department of Public Safety, that they shall appear before a Police Magistrate at one of the Police Stations in the City, designating the date and time thereof, provided, however, that this provision shall not interfere with the rights of policemen to arrest on view for crimes and misdemeanors, which power is given by laws and ordinances now in existence.

Section 15. "For Hire" cars and taxicabs are not permitted to stand in front of or adjacent to any cafe.

Section 16. The provisions of this ordinance shall not interfere with the loading and unloading of goods and materials, but drivers will not be permitted to allow their vehicles to remain on the streets designated for a longer period than is reasonable for such loading and unloading purposes.

ARTICLE 4.

Penalty.

Section 1. Any person violating any provisions or regulations above set forth or authorized shall, upon conviction thereof before any Alderman or Police Magistrate of the City of Pittsburgh be fined not less than Five ($5.00) Dollars and not exceeding Twenty-five ($25.00) Dollars and in default of payment of such fine, may be committed to imprisonment for not more than thirty days in the Allegheny County Jail.

Section 2. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 185

AN ORDINANCE—Accepting the dedication of certain property, in the Fourth ward of the City of Pittsburgh, for public use for highway purposes and opening the same as a portion of Forbes street.

Whereas, Nicola Land Company, a corporation organized and existing under the laws of the State of Pennsylvania, the owner of the property hereinafter described, has executed and delivered to the City of Pittsburgh, its certain Deed of Dedication, bearing date June 16th, 1915, now on file in the office of the Bureau of Engineering of said City, wherein it has conveyed said ground to said City for public street or public highway purposes for the widening of Forbes street and has released said City from any liability for damages for or by reason of the physical grading of said lot or piece of ground to the grade established on the street or public highway on which the same fronts or abuts.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the said Deed of Dedication be and the same is hereby accepted, and the Bureau of Engineering is hereby authorized and directed to place the same of record in the office of the Recorder of Deeds in and for the County of Allegheny.

Section 2. That ground so, as aforesaid, conveyed to said City for public highway purposes, shall be and the same is hereby appropriated and opened as a public highway and as a part of Forbes street, upon which the same abuts, in accordance with the terms of said Deed of Dedication, the same being bounded and described as follows, to-wit:

Beginning at a point on the southerly line of Forbes street distant 291.41 feet northeastwardly from the easterly line of Bouquet street; thence continuing along the said southerly line of Forbes street in a northeasterly direction for the distance of 58.46 feet to a point; thence deflecting to the right 24 degrees 32 minutes and continuing along the said southerly line of Forbes street in an easterly direction for the distance of 58.46 feet to a point; thence in a westerly direction by the arc of a circle having a radius of 268.87 feet and a central angle of 24 degrees 32 minutes for the distance of 115.13 feet to the place of beginning, containing 240.64 square feet.

Section 3. The Department of Public Works is hereby authorized and directed to enter upon, take possession of and appropriate the said described property for a public highway in conformity with the provisions of this ordinance.

Section 4. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 186

AN ORDINANCE—Granting unto Mr. F. F. Nicola, his successor and assign, the right to lay, maintain and use a certain concrete tunnel under and across Exchange way, at a point 70 feet 9 inches east of Bells way, subject to the terms and conditions of this ordinance.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That Mr. F. F. Nicola, his successor and assign, is hereby given the right and authority to lay, maintain and use the following concrete tunnel under and across Exchange way, at a point 70 feet 9 inches east of Bells way, for the purpose of conveying freight from the Pennsylvania Railroad tracks into a building to be built on the property of the said F. F. Nicola, subject to the provisions of this ordinance:

One (1) concrete tunnel 5 feet wide by 5 feet 5 inches high, inside measurements.

The foregoing tunnel shall be laid in the location and in full conformance with the plan on file in the Department of Public Works and identified by Accession No. HL-1385, Folder No. H-140, the said plan being entitled "Plan of proposed tunnel to be constructed by Mr. F. F. Nicola across Exchange alley, Pittsburgh, Pa."

Section 2. The construction, maintenance and use of the said tunnel shall be at all times subject to the approval of the Director of the Department of Public Works.

Section 3. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets and to the ordinances of the said City relating thereto, and to the provisions of any general ordinance which may hereafter be passed relating to the construction, operation and maintenance of overhead and underground structures on City streets.

Section 4. The said grantee, its successor and assign, shall be liable for all damages to persons including the street and subsurface structures therein by reason of the construction, maintenance and use of the said tunnel.

Section 5. The said grantee shall, at his own cost and expense, repair and replace all street pavement, sidewalks, surface and subsurface structures which are in any way damaged or disturbed in the construction, maintenance and use of the said tunnel, all of which work shall be subject to the approval and supervision of the Director of the Department of Public Works of the said City.

Section 6. The rights herein granted may be cancelled and revoked at any time hereafter upon sixty days' notice by the Director of the Department of Public Works to the said F. F. Nicola, his successors, or assigns, and thereupon the said F. F. Nicola, his successors or assigns shall remove the said tunnel from Exchange way and replace the same in good condition under the direction of the Director of the Department of Public Works.

Section 7. This ordinance shall not become operative unless the said F. F. Nicola shall within thirty days after the passage and approval thereof, file his acceptance in writing, with the City Controller, of this ordinance with all the terms and conditions thereof.

Section 8. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 191

AN ORDINANCE—Authorizing and directing the Director of the Department of Public Works to allot stands in new market building and providing for allotment of stands to old stand holders and preference to existing tenants.

Whereas, In the tearing down of the Diamond Market Buildings many stand owners have or will be dispossessed of stands which are of value because of the good will attached by reason of years of occupancy; and

Whereas, Said tenants being deprived of their stands through no fault of their own, it is but just and proper that in the allotment of locations or stands in the new buildings that said tenants should be replaced with respect to location and desirability as nearly as possible as they stood in the old buildings; and

Further that in all cases old tenants in allotting and renting should be preferred; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Director of the Department of Public Works is hereby empowered and directed to allot stands (both temporary and permanent) in the new market buildings, and said Director is hereby directed to allot to the stand holders and tenants of the old buildings stands in the new buildings occupying as nearly as changed conditions will allow, the same position as to location and desirability as the stands possessed by said tenants in the old buildings.

Section 2. Be it further provided that in the allotment of stands in the new market buildings, existing or old tenants shall have the preference.

Section 3. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

Passed June 29, 1915.

Pittsburgh, July 13th, 1915.

I do hereby certify that the foregoing ordinance, which has been disapproved by the Mayor and returned with his objections to the Council, was passed by a two-thirds vote of said Council, this 13th day of July, A. D. 1915.

No. 192

AN ORDINANCE—Regulating dance halls, providing conditions under which dances may be held in the City of Pittsburgh, and imposing certain penalties for the violation of the provisions of this ordinance.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the term "dance," for the purpose of this ordinance, shall include:

Every dance not held in a private home or residence.

Any class in which instruction in dancing is given for hire.

The term "dance hall" shall mean any hall, room, pavilion, or place in which a dance, as above defined, is to be held.

Section 2. No dance hall, as defined in this ordinance, shall be used until a certificate of registration shall have been obtained, application for such certificate of registration shall be made to the Department of Public Safety of the City of Pittsburgh at least five days before any dance is to be held in such hall. The hall shall be inspected by the Bureau of Building Inspection and when approved the certificate shall be issued through the Department of Public Safety to the owner or lessee of such hall without charge. Such certificate shall be good for one year from date of issue, and in the event of a change of ownership of the dance hall a new application shall be made for a certificate.

Section 3. No certificates of registration shall be issued unless such dance shall comply with and conform to all ordinances and regulations of the City and unless the said dance halls shall be well ventilated, and separate dressing rooms shall be provided for men and women opening directly from the dance hall, well lighted and having adequate toilets; palatable drinking water shall also be provided. Said dance halls shall be in a safe condition and shall conform to all the rules and regulations respecting the construction of buildings and shall at all times be kept in a safe and proper condition.

Section 4. No person shall serve, have or drink intoxicating liquor in or about any dance hall and no dance shall be held or conducted in any place where intoxicating liquor may be obtained without leaving such dance hall and without payment of the regular entrance charges in case of a return. No return check shall be given to persons leaving the hall. It shall be the duty of any person to whom a certificate of registration, as above provided, has been issued, to see that the provisions of this ordinance are enforced, and to this end he shall retain the right at any time to cause dancing or the use of said dance hall to be suspended, and in case any knowledge or credible information shall come to him that any of the provisions of this ordinance are being violated, he shall forthwith cause such violation to cease or cause dancing in such hall to be discontinued.

The owner of such certificate of registration shall keep such dance hall in a clean, healthful and sanitary condition at all times and have the stairways and other passages and all rooms and places connecting with such dance halls, at all times open and well lighted.

Section 5. For the purposes of issuing permits for dances as defined by this ordinance, dances shall be classified in divisions as follows:

Division A shall include (1) all dances of bona fide social character to which admission is limited strictly on invitation of the person, organization, society, or other, acting as host and for which no fee, either by way of admission or in any other manner, is charged; (2) classes in which instruction is given for hire, providing those attending for the purpose of such instructions are under the age of fourteen years.

Division B shall include any dance given by any fraternal, charitable, religious or benevolent organization having a regular membership, when properly vouched for, associated primarily for mutual, physical and mental welfare, to which admission is limited to members and guests, and for which a fee is charged and the revenue accruing to such organization, and shall also include small dancing studios or dancing schools having less than 2500 square feet of floor space and never having more than 20 persons in attendance, where dancing instruction is given for hire to classes of students.

Division C includes all dances for which admission is charged and to which the public is promiscuously invited, and all other dances within the scope of this ordinance not classified in Divisions A and B.

No charge shall be made for dances included in Division A. Dances included in Division B shall pay one-half of the rate as established by this ordinance. Dances included in Division C shall pay for permits at the rate of Fifty Dollars per annum where the floor space of dance halls contains less than 2500 square feet of surface. Dances to be given in dance halls containing 2500 square feet or more of surface shall pay fees at the rate of One Hundred Dollars per annum. Fees to be paid quarterly. Licenses may be issued by the month or for single dances in which event the fee shall be one-tenth of the annual fee as named. An application for permit shall be made at least seventy-two hours before the dance is to begin and a separate permit must be secured for each dance held. These permits are to be obtained and paid for by the persons holding the dances and not by the owner of the hall.

Section 6. Whenever requested by persons securing certificates or permits for dances classified in Divisions A and B, one or more police officers of the City shall be assigned to the said dance hall. In issuing permits for dances in Division C it shall be discretionary with the Director or Head of the Department of Public Safety, or the Superintendent of the Bureau of Police, or the Police Commissioner in charge of the district in which said dances are to be held, to specify that one or more officers should attend said dances and the wages for these officers shall be paid by the applicant at the time of securing the permit therefor. The desk sergeant of the nearest police station shall also be informed of the location of all dances being held within that district in order to assign policemen in case of fire or disorder. Compliance with instructions from the Department of Public Safety aimed to prevent vulgarity and immorality shall be considered by the police officials as a reasonable consideration in determining whether police shall attend dances. Dances where the correct closed position for dancing is approved by the Department of Public Safety and the dancing teachers and dance hall proprietors of Pittsburgh is strictly enforced shall be favorably regarded when the question of enforcing police attendance arises. All masquerade, costume dances and unusual entertainments known commonly as "novelty" should have two or more police in attendance.

Each and every certificate of registration and every permit shall be given subject to the condition and provision that any police officer of the City shall have the right to attend any dance as defined in this ordinance for the purpose of inspecting the same, and no person shall deny or refuse such police officer admission thereto at any and all times while the same is being used for a dance, and it shall be the duty of the police officers of the City to see that the provisions of this ordinance are well and truly complied with and to arrest and prosecute any and all persons violating any of the provisions of this ordinance.

It shall be the duty of the Director of the Department of Public Safety to forthwith suspend any permit and cause any dance being held to be discontinued and terminated and the place where the same is being held to be vacated whenever any violations of the provisions of this ordinance shall not be at once corrected upon notice by him to the person in charge to correct the same.

All dances shall be discontinued and all dance halls shall be closed on or before the hour of twelve o'clock, midnight, provided, however, that upon application of a responsible person, organization or society, an investigation by the Department of Public Safety, it may grant such person, organization or society a permit to continue until a time specified in such permit, but no tickets shall be sold or accepted for admission to such dance hall after the hour of twelve o'clock, midnight.

Section 7. It shall be unlawful after nine o'clock P. M. to permit or suffer any person to attend or take part in any dance or remain in such dance hall, if such person is under eighteen years of age, unless such person be in company of at least one of his or her parents or legal guardian. It shall be unlawful for any person to make any misrepresentation or false statement as to the age of himself or herself, or any other person, for the purpose of obtaining the admission of such person as to whose age such statement of representation is made to any dance hall, or the permission for such person to remain therein in violation of this ordinance, and it shall be unlawful for any person to represent herself or himself to be a parent or legal guardian of any other person in order that such other person may obtain admission to such dance hall, to be permitted to remain therein in violation of this ordinance.

Section 8. No dance of a gross or vulgar character shall be permitted in any dance hall and no person shall be permitted to conduct himself in a gross or vulgar manner in such place. The hall shall be brightly lighted during the progress of the dance and so-called shadow dances and moonlight dances shall be prohibited. No intoxicated person shall be permitted in any dance hall during the progress of any dance.

Smoking shall not be permitted in the dance hall proper nor in any anteroom reserved for ladies or in the hallway leading to such dance hall. Boisterous conduct and profanity and loitering shall be prohibited in the hallways and about the entrance leading to the dance hall.

The Director of the Department of Public Safety is hereby authorized and directed to have copies of this ordinance or any part thereof, which he may deem material, printed on cards with print of a reasonably large size, so that it may be easily read, and such cards shall be posted at the entrance of any dance hall for which a certificate of registration is issued.

Section 9. The distribution of free or complimentary tickets in schools, school yards, the streets or any public place when the tickets give admission to dances, dancing schools or classes, and the soliciation of minors under the age of eighteen years to attend dances is prohibited.

Section 10. Any person violating any of the provisions of this ordinance shall, on conviction thereof before any police magistrate of the City, be fined in a sum not exceeding One Hundred Dollars and in default of the payment thereof be committed to the Allegheny County Jail for a period not exceeding thirty days, and said license may be revoked at any time for any violation of the provisions of this ordinance.

Section 11. That an ordinance entitled, "An Ordinance regulating dance halls, providing conditions under which dances may be held in the City of Pittsburgh, and imposing certain penalties for the violation of provisions of the ordinance," approved July 8th, A. D. 1914, and recorded in Ordinance Book volume 26, page 203, and an ordinance entitled, "An Ordinance amending Sections 5 and 6 of an ordinance entitled 'An Ordinance regulating dance halls, providing conditions under which dances may be held in the City of Pittsburgh, and imposing certain penalties for the violation of the ordinance' approved July 8th, A. AN ORDINANCE—Authorizing the proper officers of the City to enter into a contract with the Pittsburgh Railways Company for the adjustment of the car license tax for the years 1915, 1916 and 1917, at the sum of $20,000.00 per year, payable quarterly.

Whereas, An ordinance has been heretofore enacted by the City of Pittsburgh fixing certain charges upon the street cars operating within the City of Pittsburgh; and

Whereas, The Pittsburgh Railways Company operates all of the cars of the various street railway companies and traction companies within the City of Pittsburgh; and

Whereas, Certain disputes have from time to time arisen between the City of Pittsburgh and the Pittsburgh Railways Company respecting the amounts which should be paid under the provisions of said ordinance, and by virtue of the police powers of the City of Pittsburgh, for the poles, wires, tracks, cars, fixtures, and other appliances of the Pittsburgh Railways Company, and the various street railway companies and traction companies, operated by the Pittsburgh Railways Company; and

Whereas, It is the desire of the City of Pittsburgh and the Pittsburgh Railways to effect an amicable adjustment of the claims of the City on account of license fees against the Pittsburgh Railways Company for the years 1915, 1916 and 1917 without prejudice to any rights or claims that the City of Pittsburgh may have by virtue of any ordinance heretofore passed fixing car license charges, or other charges, or otherwise due, or becoming due prior to January 1st, 1915, and without prejudice to the rights of the Pittsburgh Railways Company to contest the validity of said ordinance or ordiannces for claims prior to January 1st, 1915; now therefore

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the proper officers of the City be and they are hereby authorized and directed to enter into a contract with the Pittsburgh Railways Company in the following form:

ARTICLES OF AGREEMENT.

Made and entered into this .... day of ...., 1915, by and between the City of Pittsburgh, a municipal corporation of the Commonwealth of Pennsylvania, party of the first part, and the Pittsburgh Railways Company, a corporation duly created and existing under the laws of the Commonwealth of Pennsylvania, party of the second part.

That Whereas, The City of Pittsburgh and the Pittsburgh Railways Company are desirous of settling and determining the amount which should be paid by the Pittsburgh Railways Company on account of car license taxes or fees, for the years 1915, 1916 and 1917; and

Whereas, The Pittsburgh Railways Company, while it denies the validity of any ordinance heretofore enacted fixing a car license fee or charge, nevertheless, desires to effect an amicable adjustment of the matter and as the controlling and operating company of all the various street railway companies and traction companies in the City of Pittsburgh is liable for the payment of any license, taxes or fees which may be chargeable to any of the said railway companies and traction companies.

Now, Therefore This Agreement Witnesseth: That in consideration of the mutual covenants and agreements herein contained it is hereby agreed between the City of Pittsburgh and the Pittsburgh Railways Company that the amount to be paid by the Pittsburgh Railways Company for the calendar years of 1915, 1916 and 1917 for car license tax shall be and is hereby fixed and determined, at the sum of Twenty Thousand ($20,000.00) Dollars per year, payable quarterly on the first days of April, July, October and January of each year.

The aforesaid sum of Twenty Thousand ($20,000.00) Dollars per year shall be in lieu of all car license taxes, pole and wire license fees or taxes existing by reason of the police powers of the City of Pittsburgh which may or might become due and owing to the City of Pittsburgh during the years 1915, 1916 and 1917. Provided, however, that nothing herein contained shall affect or impair the obligations imposed by virtue of certain ordinances heretofore enacted by the former City of Allegheny imposing certain car license taxes, said ordinances being as follows, namely:

An ordinance to the North Side Passenger Railway Company, approved the 23rd day of June, 1881, which Company was subsequently merged into the Transverse Passenger Railway Company, and the subsequent ordinance to the Transverse Passenger Railway Company and the Allegheny Traction Company enacted August 4th, 1893;

Also an ordinance to the Millvale, Etna and Sharpsburg Street Railway Company enacted March 15, 1894;

Also an ordinance to the Union Passenger Railway Company enacted December 30, 1880;

Also an Act of Assembly incorporating the Pittsburgh, Allegheny and Manchester Passenger Railway Company, approved the 12th day of April, 1859, under the provisions of which ordinances and Act of Assembly the said companies are now obligated to pay at the rate of $40.00 per car as provided in said ordinances and Act of Assembly, and the said obligations are to continue and remain as heretofore in addition to the payments herein provided for.

The obligations heretofore imposed under the provisions of three ordinances of the former City of Allegheny imposing a certain tax on the gross receipts of the hereinafter mentioned companies in lieu of all other charges whatsoever, namely:

The ordinance to the North Side Traction Company enacted March 15th, 1897;

The ordinance to the Cedar Avenue Street Railway Company enacted August 15th, 1901, and the ordinance to the Superior Avenue and Shady Avenue Street Railway Company enacted August 15th, 1901, all of which obligations are to remain and continue in addition to the payment of $20,000.00 per year as herein provided.

It is Understood and Agreed that if during the years 1915, 1916 and 1917 the operation and control of the various street railways companies and traction companies, or any of them, is taken from the Pittsburgh Railways Company by the appointment of a Receiver for such companies, or otherwise, that the obligation of the Pittsburgh Railways Company shall not continue as to such companies, but shall continue as to those companies which shall be controlled or operated by it. The proportionate amount to be paid by the Pittsburgh Railways Company to be based upon the proportion of cars then operated by the Pittsburgh Railways Company as compared with the total number of cars operated by that Company immediately prior to the appointment of such Receiver; provided, however, that if the companies affected, are the various Railway Companies or Traction Companies, or any of them, heretofore referred to, located on the North Side of the City of Pittsburgh which are paying under the provisions of their special ordinances or charters, or any of them, that the obligations of the Pittsburgh Railways Company for the payment of the amount herein shall not be affected thereby.

This contract is entered into without prejudice to any rights or claims that the City of Pittsburgh may have for car license fees or charges, or other charges, due or becoming due prior to January 1st, 1915, by virtue of any ordinance or otherwise.

It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as, to impair, or in any wise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 26, 1913.

This Agreement is entered into by and on behalf of the City of Pittsburgh by virtue of an ordinance of the City of Pittsburgh duly approved on the .... day of ...., 1915, entitled "An Ordinance authorizing the proper officers of the City to enter into a contract with the Pittsburgh Railways Company for the adjustment of the car license tax for the years 1915, 1916 and 1917, at the sum of Twenty Thousand ($20,000.00) Dollars per year, payable quarterly," and by and on behalf of the Pittsburgh Railways Company in pursuance of a resolution of the Board of Directors of the Pittsburgh Railways Company, duly passed at a meeting of the Board of Directors on the ...... day of .... 1915.

In Witness Whereof, The City of Pittsburgh has hereunto attached its corporate seal, and has caused this agreement to be signed by the Mayor, and duly attested by the Director of the Department of Public Works, and the Pittsburgh Railways Company has hereunto attached its common and corporate seal, and caused this agreement to be signed by its president, duly attested by its secretary the day and date first above written.

No. 198

AN ORDINANCE—Authorizing the Postal Telegraph-Cable Company to lay and maintain underground cables, conduits and tubes beneath certain streets of the City of Pittsburgh.

Whereas, Certain questions have arisen and certain litigation is now pending respecting the rights of the Postal Telegraph Cable Company to lay and maintain its underground cables and conduits in certain streets of the City of Pittsburgh, particularly those involved in the section designated as the "Hump District"; and,

Whereas, An ordinance has heretofore been enacted conferring upon the Postal Telegraph Cable Company the right to lay and maintain underground cables along certain streets in the City of Pittsburgh, to-wit:

Beginning at the south end of the bridge at the corner of Sixth street and Duquesne way; thence along Duquesne way to Barkers place; along Barkers place to Liberty avenue; diagonally across Liberty avenue to Oliver avenue; along Oliver avenue to Grant street; along Wood street from Oliver avenue to Fourth avenue; along Fourth avenue from Wood street to Smithfield street; and said Company has since established its principal office for the City of Pittsburgh in the Keenan Building, at the corner of Liberty avenue and Seventh street, and has established branch offices in the Carnegie Building, at the corner of Fifth avenue and Cherry way, and at No. 236 Fourth avenue; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same*, That the Postal Telegraph Cable Company be and is hereby authorized and empowered, subject to the terms and conditions hereinafter provided, to maintain underground cables and underground conduits through and along the streets and ways above mentioned (except from the south end of the bridge at the corner of Sixth street and Duquesne way; thence along Duquesne way to Barkers place, along Barkers place to Liberty avenue) and in addition thereto, along River avenue from Federal street to Sandusky street; along Sandusky street from River avenue to a point 200 feet north of North avenue; along Exchange way from Barkers place to Sixth street; along Liberty avenue from Fancourt street to Twelfth street; from the south end of the bridge at the corner of Sixth street and Duquesne way along Sixth street to Penn avenue; along Penn avenue to Barkers place; and along Barkers place to Liberty avenue; from the corner of Liberty avenue and Seventh street; thence along Liberty avenue to Sixth avenue and along Sixth avenue to Grant street; thence along Grant street to Strawberry way; thence along Strawberry way to Pentland street; thence along Pentland street to Seventh avenue and thence along Seventh avenue to Bedford avenue at the present cable pole for overhead wires of the Postal Telegraph Cable Company; along Cherry way from Sixth avenue to Fifth avenue, along Smithfield street from Liberty avenue to the Monongahela

hela River Bridge; along Smithfield street south of the Monongahela river to Carson street; along Wood street from Sixth avenue to Oliver avenue; along Fourth avenue from the Stock Exchange Building at No. 229 Fourth avenue to Wood street; along Fifth avenue from a point opposite No. 346 Fifth avenue to Sixth avenue; along Fifth avenue from Penn avenue to Liberty avenue and along Penn avenue from Sixth street to Fifth avenue.

Section 2. That the Postal Telegraph Cable Company be and is hereby authorized and empowered to lay with its underground conduits, and to maintain along the most direct routes above described, tubes for the purpose of transmitting messages by pneumatic power from its principal office in the Keenan Building to its branch offices in the Carnegie Building and in the Pittsburgh Stock Exchange Building, No. 229 Fourth avenue.

Section 3. That in no case shall the said Company interfere with any of the water pipes or sewers or any other structures belonging to the City that may be laid under the streets of the City, except in cases where it may be compelled to interfere with the house connections. In such cases of interference, the said Company shall protect such connections and replace them in good condition at their own cost.

Section 4. The rights granted by this ordinance shall be exercised subject to the provisions of the ordinance of the City of Pittsburgh, approved May 22, 1895, entitled, "A general ordinance relating to the entry upon, use and occupation of the highways of the City of Pittsburgh by corporations supplying electric light, heat and power to the public, or operating telegraph or telephone lines, and providing regulations pertaining thereto," and the ordinance of the City of Pittsburgh, approved April 10, 1912, entitled, "An Ordinance, a supplement to an ordinance entitled, 'An ordinance relating to the erection, construction and inspection of wires and appliances used for electrical purposes, providing for the inspection and supervision of the same upon the streets and within buildings, and providing for the appointment of inspectors thereof,' approved May 3rd, 1895; requiring permits to be obtained from the Department of Public Safety for the construction of wires and appliances for electrical purposes across or along streets or highways, or over and under bridges, providing for the inspection of said wires and appliances; fixing fees for said permits and inspection, and requiring persons or corporations maintaining or constructing such wires and appliances to file plans of such wires and appliances in the Bureau of Electricity," and an ordinance approved March 17th, 1915, entitled, "An Ordinance regulating the opening of the surface of streets, alleys and highways of the City of Pittsburgh, by other than corporate authorities of said City; requiring permits therefor to be taken out, except by street passenger railway or traction companies, and fixing the charges therefor and for the permanent resurfacing of the streets to be done by the City of Pittsburgh or persons designated by the Director of the Department of Public Works prescribing the conditions upon which the same will be granted and prescribing the punshment for violations of the provisions of this ordinance," and any further ordinance or ordinances relating to the opening of the surface of streets, alleys and highways of the City. The said Company shall also be subject to the provisions of any reasonable general ordinance hereafter passed relating to the entry upon, use and occupation of the highways of the City of Pittsburgh, by corporations or persons supplying electric light, heat and power to the public, or operating telegraph or telephone lines, and to any reasonable amendments or supplements to the aforesaid ordinances.

All the permits required to be obtained under either of said ordinances shall be obtained by the said Postal Telegraph Cable Company, and the said Company expressly agrees that the provisions of the above mentioned ordinance approved April 10, 1912, shall be considered as applying to the work to be constructed under this ordinance.

In order to expedite the work and avoid unnecessary interference with the general public's use of the streets, and to insure that the work will be done with the greatest dispatch, the Director of Public Works shall in said permit fix the time in which the whole work shall be completed, and the maximum amount of street which shall be opened in a given time; and the said Director in said permit shall impose reasonable provisions, terms and conditions, including those for liquidated damages for failure to do and complete the work in compliance with the terms, provisions and conditions of the permit and of this ordinance. If the Company shall give or let the work to a contractor or other person, such contractor or person must satisfy the Director of his ability and intention to do and complete the work in compliance with the terms, provisions and conditions of the permit and of this ordinance, and upon his failing so to do, the Director shall refuse the permit, or cancel it if already given, and when cancelled, with notice thereof in writing by the Director to the Postal Telegraph Cable Company, the permit shall thereupon become void and of no effect.

The said Company agrees further to comply with the requirements of the Superintendent of the Bureau of Electricity as to size of its conduits, and to furnish in each of its underground cables, only as when said cables are installed, two conductors for use in connection with the fire alarm, police and call wires of the City of Pittsburgh, free of cost to the City.

The said Company also agrees to permit the said City to install and maintain in any of the said Company's spare or unused ducts in said conduits, only as and when conduits are constructed, not exceeding two wires, for use in connection with fire alarm, police and call wires of the City of Pittsburgh, free of cost to said City, it being understood and agreed that said wires shall be furnished, installed and maintained in said spare or unused ducts, at the City's own sole cost and expense, and shall be maintained in said ducts only until such times as the said Company shall install its own cables therein.

The said City hereby agrees to remove its said wires from said spare or unused ducts ten (10) days after receipt of written notice from said Company that the said Company intends to install its own cables therein, and thereupon said Company shall furnish in lieu of the City's wires so removed, two conductors, as hereinabove provided.

Section 5. All the rights and privileges to be exercised by the Postal Telegraph Cable Company under the provisions of this ordinance, and all ducts, conduits, and other appliances or equipment constructed hereunder shall be used by the Postal Telegraph Cable Company solely for the corporate purposes of the said Company and shall not be occupied, used, leased, transferred or assigned to any other person, partnership or corporation.

Section 6. Whenever any municipal or other public improvement or improvements shall be proposed or made upon or under any street or streets or any part thereof in which the Company's cables or conduits are constructed, or when any repair work shall be done under or upon any such street or streets or part thereof, it shall be the duty of the Company to maintain and protect its cables, conduits or other structures during the construction of such improvement or improvements or while said repair work is being done; and if the said conduits, cables, or structures, or any part thereof, interfere with or materially inconvenience the construction of said improvement or improvements, after sixty (60) days' notice in writing from the Director of the Department of Public Works so to do, the Company shall remove its said conduits, cables and other structures at its own cost to some other location upon the streets or to other streets as designated by ordinance of Council.

Section 7. All underground cables and conduits or other structures laid and constructed under the authority of this ordinance shall be laid and constructed, and all work in connection therewith shall be done at the Company's expense, but under the direction, supervision and inspection of the Director of the Department of Public Works or his subordinate, and the Company shall pay to the City a reasonable sum to cover the cost to the City of such direction, supervision and inspection, which sum shall be fixed by general ordinance of Council.

Section 8. The privileges conferred by this ordinance are not assignable either by operation of law or by act of the Company, nor be made the subject of lease to any person or corporation, nor shall the said privileges, either directly or indirectly, be used, enjoyed or controlled by any other person or corporation, without the consent of Council and the Mayor, and in case a Receiver be appointed for the Company or proceedings in bannruptcy be instituted by or against it, or in case the Company shall, without the consent of Council and the Mayor, purchase, acquire or in any manner secure control of, any right or rights granted to any other person or corporation to lay and maintain telegraph conduits or cables in any street of the City or part thereof, then upon the happenings of any or either of the above stated events, or of the violations of any or either of the above prohibitions, all rights conferred by this ordinance shall immediately cease and determine, and the City may take possession of all telegraph conduits or cables and other structures laid under the authority of this ordinance.

Section 9. In case the City of Pittsburgh shall directly or indirectly provide a system of underground conduits or pipe gallery in any street or streets of the City, the Company by its acceptance of this ordinance agrees:

First. If the conduits or pipe gallery provided for by the City in any street or part thereof shall be properly designed and constructed, and adequate therefor, the Company, immediately after the construction of said conduits or pipe gallery, shall place its cables, wires and other appliances in said conduits or pipe gallery so provided by the City and pay therefor a reasonable annual or quarterly charge.

Second. In case the Company's then existing underground conduits or part thereof in any street or streets interfere with any of the City's conduits or pipe galleries, the said Company agrees to remove its own underground conduits at its own expense to some other part of said street or streets, or to adjacent streets as may be authorized by Council of the City of Pittsburgh.

Section 10. The franchise and rights herein conferred shall be and are hereby limited to a term of twenty (20) years from the date of the acceptance of this ordinance.

Section 11. As a compensation to the City for the use of the portion or portions of the streets as provided for in this ordinance or any amendment thereof, the Company agrees to pay to the City annually two (2) cents for each duct foot of conduit by it laid under and in the streets of the City under the authority of this ordinance or any amendment thereof; said rental to be due on the first day of January of each year.

Section 12. The Postal Telegraph Cable Company shall, within thirty (30) days after the passage of this ordinance, file with the Controller of the said City, its written acceptance of this ordinance, together with all the provisions and conditions herein contained, by writing duly authorized by said corporation and duly executed by its proper officers, and in case the said Company fails to file the said acceptance within thirty (30) days, then this ordinance shall become null and void; but the said acceptance shall be made by the Company and received by the City and the installation of the conduits shall be done upon the express understanding that in so accepting the terms and conditions of this ordinance and installing its conduits the Company does not waive its right to contest the validity of the terms, conditions and agreements in this ordinance contained, or any amendment thereof.

Section 13. It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in any wise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 26, 1913.

Section 14. That an ordinance entitled, "An Ordinance authorizing the Postal Telegraph Cable Company to lay and maintain underground cables, conduits and tubes beneath certain streets of the City of Pittsburgh," approved November 9, 1914, and any other ordinance or part of ordinance conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance.

No. 199

AN ORDINANCE—Granting unto the Liberty Brewing Company, their successors and assigns, the right to lay, maintain and use certain concrete ducts under and across Hamilton avenue, at a point 93 feet west of Julius street, subject to the terms and conditions of this ordinance.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Liberty Brewing Company, their successors and assigns, are hereby given the right and authority to lay, maintain and use the following concrete ducts under and across Hamilton avenue, at a point 93 feet west of Julius street, for the purpose of affording pipe connections between the bottling house situated at the northwest corner of Hamilton avenue and Julius street, to the brewery building at the southwest corner of Hamilton avenue and Julius street, subject to the provisions of this ordinance:

One (1) 48 inch Concrete Conduit.

One (1) 36 inch Concrete Conduit.

The foregoing conduits shall be laid in the location and in full conformance with the plan on file in the Department of Public Works, and identified by Accession No. HL-1383, Folder No. H-140, the said plan being entitled "Liberty Brewing Company plan showing location of proposed pipe conduits, Hamilton avenue, Pittsburgh, Pa."

Section 2. The construction and repair of the said pipes shall be at all times subject to the approval of the Director of the Department of Public Works.

Section 3. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets, and to the ordinances of the said City relating thereto and to the provisions of any general ordinance which may hereafter be passed relating to the compensation, construction, operation and maintenance of overhead and underground structures on City streets.

Section 4. The said grantee, its successors and assigns, shall be liable for all damages to persons or property including the street and sub-surface structures therein, by reason of the construction, maintenance and use of the said conduits.

Section 5. Said grantee shall, at its own cost and expense, repair and replace all street pavement, sidewalks, surface and sub-surface structures which are in any way damaged or disturbed in the construction, maintenance and use of the said pipes and conduits, all of which work shall be subject to the approval and supervision of the Director of the Department of Public Works of the said City.

Section 6. Should the buildings and property of the Liberty Brewing Company, which will be connected by the conduits referred to in this ordinance, permanently cease to be used as a brewery, the rights and privileges herein granted to the said Liberty Brewing Company, its successors and assigns, shall end and cease and said conduits shall be removed by the said Liberty Brewing Company, its successors and assigns at their own expense after four (4) months' notice from the Director of the Department of Public Works of the City of Pittsburgh.

Section 7. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

Whereas, The construction of said tunnel will necessitate the relocation, alteration and construction of certain sewers and connections therewith and it is the desire of the City to confer upon the Commissioners of the County of Allegheny, the right to make such changes, alterations and connections in the City's sewers as may be necessary incident to the construction of said tunnel; now, therefore,

Section 1. ***Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,*** **That** the right is hereby given and conferred upon the Commissioners of the County of Allegheny and Commonwealth of Pennsylvania, to make such changes, alterations, constructions and reconstructions of the sewers of the City as may be found necessary in the construction of the proposed County Highway Tunnel Number One; and particularly the right is given to construct a new 72 inch sewer on the private property of the Colonial Trust Company and on Warrington avenue to connect with the existing sewer on Ravine street at a point near Curtis street, the said sewer to be used as a substitute for the existing sewer and to have all the necessary lateral connections and appurtenances connected therewith. The said sewer and the laterals and appurtenances connected therewith to be constructed in accordance with the plan marked D-2717, now on file in the Department of Public Works, and said work to be performed subject to the inspection and supervision of the Department of Public Works.

The said rights herein conferred are given with the express understanding and agreement that the County of Allegheny shall pay all expenses in connection with the said work which shall include the cost of construction and any damages or obligations whatsoever to any owner of property, or to any persons whatsoever arising by the location and construction of said sewers and connections, and further that the sewers when completed and accepted by the Department of Public Works shall become the property of the City of Pittsburgh and shall constitute a part of its public sewer system.

Section 2. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 227

AN ORDINANCE—Granting to the Allegheny County Steam Heating Company, a corporation existing under the laws of the Commonwealth of Pennsylvania, the right to enter upon any of the streets, roads, lanes, or alleys, in that part of the City of Pittsburgh between the Allegheny and Monongahela Rivers, and west of Hooper street, Washington place and Sixteenth street for the purpose of laying and maintaining conduits, pipes and other appliances thereunder for the conveyance and distribution of steam or hot water for heat and other purposes, subject to certain terms and conditions as herein provided.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Allegheny County Steam Heating Company shall have the right and is hereby authorized, upon the approval of the plans as hereinafter provided, to enter, from time to time, upon any of the streets, roads, lanes or alleys, in that part of the City of Pittsburgh between the Allegheny and Monongahela Rivers and west of Hooper street, Washington place and Sixteenth street in the said City, and to open the same and to lay and maintain therein and thereunder, conduits, pipes, street boxes, valves, drain lines, service connections and such other appliances as may be necessary for the conveyance and distribution of steam or hot water for heat and other purposes.

Section 2. The Company shall before entering upon any of the said streets, roads, lanes and alleys in the City of Pittsburgh, submit to the Director of the Department of Public Works, for his approval, plans showing the proposed location of the conduits, pipes, street boxes or drain lines, and of all other appliances in such detail as may be required by the Director of the Department of Public Works, and said Company shall not proceed with said work until the said plans or modifications thereof or if the Director deems necessary in the interests of the City, plans comprehending a substitution and relocation of routes or parts thereof shall have been approved by the Director of the Department of Public Works, and a permit secured from the said Director, authorizing the opening of said streets and the construction of the said conduits, pipes, boxes and lines as set forth in said plans.

In order to expedite the work and avoid unnecessary interference with the general public's use of the streets, and to insure that the work will be done with the greatest dispatch, the Director of the Department of Public Works shall in said permit fix the time in which the whole work shall be begun and completed, and the maximum amount of street which shall be opened in a given time; and the said Director in said permit shall impose reasonable provisions, terms and conditions, including those for liquidated damages for failure to do and complete the work in compliance with the terms, provisions and conditions of the permit and of this ordinance. If the Company shall give or let the work to a contractor or other person, such contractor or person must satisfy the Director of his ability and intention to do and complete the work in compliance with the terms, provisions and conditions of the permit and of this ordinance, and his failing so to do, the Director shall refuse the permit, or cancel it if already given, and when cancelled, with a notice thereof in writing by the Director to the Allegheny County Steam Heating Company, the permit shall thereupon become void and of no effect.

Section 3. The said Company shall give the Director of the Department of Public Works at least ten (10) days' notice of its intention to open any street for the purpose of laying and maintaining any of its conduits, service connections or appliances.

All work in connection with the construction and maintenance of its conduits, connections and appliances shall be at the expense of the Company, and all of said work on the street shall be subject to the direction and inspection of the Department of Public Works, and the said Company shall reimburse the city for any inspection or supervision deemed necessary by the Director of the Department of Public Works to insure the compliance with all of the provisions of this ordinance, and the proper protection of the public in carrying out of the work necessary to accomplish the purposes herein provided.

Section 4. All the work hereinunder shall be done subject to the provisions of the ordinance approved March 17th, 1915, entitled, "An Ordinance regulating the opening of the surface of streets, alleys and highways of the City of Pittsburgh by other than the corporate authorities of said City; requiring permits therefor to be taken out except by street passenger railway, or traction companies, and fixing charges therefor, and for the permanent resurfacing of the streets, to be done by the City of Pittsburgh, or persons designated by the Director of the Department of Public Works; prescribing the conditions upon which the same will be granted, and prescribing the punishment for violations of the provisions of this ordinance," and to any amendments or supplements thereto, and also subject to the provisions of any general ordinance now in force or hereafter enacted, relating to the entering upon, use and occupation of the streets of the City of Pittsburgh.

Section 5. The said Company shall pay to the City two per cent (2%) of the gross receipts for the first year of its operation; two and one-half per cent (2½%) of the gross receipts for the second year of its operation, and the third year, and each succeeding year, three per cent (3%) of the gross receipts, which sum shall be paid to the City of Pittsburgh on the first of January of each year.

The secretary, or treasurer, or auditor of the Company shall file a statement showing the gross receipts of the Company from year to year with the Controller of the City, and make affidavit thereto. The books of the Company shall at all reasonable times be open to the inspection of the City of Pittsburgh by its duly authorized representatives, and the City of Pittsburgh may at any time by resolution require that the Company file with the City Controller a statement of its entire expenditures for the construction of the entire plant together with a detailed statement of the annual operating receipts and expenditures of said Company. Nothing contained in this ordinance shall be taken to confer any exclusive rights or privileges upon the Allegheny County Steam Heating Company.

Section 6. The Company shall be responsible for any damages or liabilities to persons or property caused by the construction, maintenance or location of said underground system, and shall defend all suits that may be brought against the City on account of same, after reasonable notice by the City to the Company of the filing of said suits or claims and in case the City shall find it necessary to defend any of the aforesaid suits or claims, then the Company shall reimburse the City for all expenses and damages whatsoever devolving upon the City by reason of the said suits or claims.

Section 7. The term of this franchise shall be for a period of twenty-five years from the date of the acceptance of this ordinance by the said company as hereinafter provided, and shall continue thereafter until such time as the City shall acquire the physical property and plant only of said Company as hereinafter provided.

At any time after the said period of twenty-five years the City may acquire the physical property of said Company by paying a price therefor to be determined as hereinafter provided.

Section 8. At any time after the said period of twenty-five years the City upon thirty (30) days' notice in writing to the Company of its intention to acquire the plant of the said Company may purchase the same at a price to be fixed by appraisers who shall be appointed as follows:

One by the City and one by the Company, and in case said appraisers are unable to agree, then by the appointment of a third appraiser to be selected by the two jointly, and in case the said two appraisers are not able to agree upon a third within thirty days, then the person who is acting as president judge of the Court of Common Pleas of Allegheny County shall have power, and he is hereby authorized, to appoint the said third appraiser. The said appraisers shall fix the value of the said plant by taking the actual cost of all the physical property and plant only of said Company and allowing a fair and reasonable depreciation thereon, and shall also determine the value of said physical property and plant as based upon the reproduction value thereof making reasonable allowance for depreciation and obsolescence, and the City of Pittsburgh shall have the option to acquire the said physical property at any time within six months thereafter by paying either the actual cost less depreciation, or the reproduction value less depreciation and obsolescence as herein provided. In case the City shall not purchase at that time, the City shall pay all the expenses of the appraisal, and shall have the right to ask for another appraisal at any time after one year thereafter. In case the City purchases, the expense of the appraisers shall be borne equally by the City and the Company.

Section 9. In case the City of Pittsburgh shall find it necessary in the future in the construction of any underground tube, tunnel or subway, to require the removal and relocation of any of the conduits, pipes or fixtures of the Company, and in case the City shall provide space and facilities for the relocation of the conduits, pipes and fixtures of this company, in the said underground tube, tunnel or subway, then the said Company agrees to relocate its aforesaid conduits, pipes or fixtures in such underground tube, tunnel or subway and pay therefor a reasonable rental, and it further agrees by the acceptance of this ordinance to place any new structures or new construction work in any street in any underground tube, tunnel or subway hereafter constructed, operated, owned and maintained by the City, in which provision is made for the location of the conduits, pipes or fixtures of this Company

Section 10. The privileges conferred by this ordinance are not assignable either by operation of law or by act of the Company, nor be made the subject of lease to any person or corporation, nor shall the said privileges be used by any other person or corporation, without the consent of Council and the Mayor. Upon a violation of any or either of the above prohibitions, all rights conferred by this ordinance shall immediately cease and determine.

Section 11. It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair or in anywise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 26, 1913.

Section 12. The consent hereby granted shall not become effective until this ordinance is accepted by the Company in writing, which writing shall be filed with the City Controller within thirty days after the passage or approval of this ordinance. The rights hereunder shall cease and terminate unless said Company shall within four months submit plans to begin work and shall commence the work within three months of the approval of said plants.

Section 13. That any ordinance or part of ordinance conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance.

No. 231

AN ORDINANCE—Authorizing and directing an increase of the indebtedness of the City of Pittsburgh in the sum of ninety thousand dollars ($90,000.00), and providing for the issue and sale of bonds of said City in said amount, to provide funds for the construction of a refuse disposal plant, and providing for the redemption of said bonds and the payment of interest thereon.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the indebtedness of the City of Pittsburgh be increased by the amount of ninety thousand dollars ($90,000.00) to provide moneys for the following purposes, namely: For the construction of a refuse disposal plant.

Section 2. That bonds of the City of Pittsburgh in the aggregate principal amount of ninety thousand dollars ($90,000.00) be issued for the purpose aforesaid, with interest coupons attached, payable semi-annually, with the privilege of exchanging such coupon bond or bonds for a registered bond or bonds of the same maturity as, and of any denomination not exceeding the aggregate principal amount of the coupon bond or bonds surrendered in exchange therefor, by surrendering such coupon bond or bonds, with all coupons not then due, at the office of the City Controller; and the City Controller is hereby authorized and directed to cause such coupon and registered bonds to be engraved, and to issue the same in the name of the City of Pittsburgh, the expense thereof to be charged to Appropriation No. 42, Contingent Fund.

Section 3. Said bonds shall be issued in denominations of one hundred dollars, or multiples thereof, shall be dated as of the first day of July, A. D. 1915, and shall be payable in thirty equal annual installments, as follows:

Bonds to the aggregate amount of three thousand dollars ($3,000.00) shall be payable on the first day of July in each and every year, beginning with the year one thousand nine hundred and sixteen and ending with the year one thousand nine hundred and forty-five.

Said bonds shall bear interest at the rate of four and one-fourth per centum per annum, payable semi-annually at the office of the City Treasurer of said City of Pittsburgh on the first day of January and July, of each year, without deduction for any taxes which may be levied thereon by the State of Pennsylvania pursuant to any present or future law, the payment of which is hereby assumed by the City of Pittsburgh, and the principal thereof shall be payable at maturity at the same place. The said bonds shall be signed by the Mayor, countersigned by the City Controller, and sealed with the corporate seal of said City, and the coupons shall be authenticated with the lithographed fac-simile signature of the City Controller.

Said bonds shall be sold by the Mayor and the City Controller at not less than par and accrued interest, on the most advantageous terms obtainable, after five days' public notice in the official newspapers of the City of Pittsburgh; provided, however, that such uninvested balances in the Sinking Fund, as may be available for the purpose, shall be invested in the same without public notice by advertising or otherwise. And the proceeds of such sales, or so much thereof as shall be necessary, shall, if specifically appropriated by ordinance, therein fixing the amounts and conditions of expenditure, be applied to the purposes set forth in this ordinance and to no other purpose whatsoever. Each of said bonds shall be known and designated as "Refuse Disposal Bond 1915."

Section 4. Until said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law liable or hereafter to be made liable to assessment for taxation for city purposes, an annual tax, commencing the year after said bonds have been issued, sufficient to pay the interest on said bonds as the same shall accrue and become payable; and also an annual tax equal to three and one-third per centum of the total amount of said bonds hereby authorized, to be applied to and set apart as a Sinking Fund for the payment of the principal and redemption of said bonds as they become due and payable according to their terms, and the same are hereby appropriated out of the revenues of said city for the payment and redemption aforesaid.

Section 5. All registered bonds issued in exchange for coupon bonds, as provided in Section 2 of this Ordinance, shall be registered with the City Treasurer of said City and be transferable only on the books of said City Treasurer.

Section 6. All bonds issued by the authority of this Ordinance and the Acts of Assembly authorizing the same shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all the rights, privileges and immunities thereof; and shall be free from taxation, as aforesaid, and for the payment of the principal of said bonds, and the interest thereon semi-annually, as aforesaid, as the same shall mature and become payable, the faith, honor, credit and property of said city are hereby pledged

Section 7. Said bonds shall be coupon bonds, exchangeable for registered bonds, and shall be substantially in the following form, to-wit:

AN ORDINANCE—Amending Sections Two and Six of an ordinance entitled "An Ordinance authorizing and directing the issuance and sale of bonds of the City of Pittsburgh in the aggregate principal amount of two million seven hundred and sixty thousand dollars, for the purpose of funding existing unfunded indebtedness of the City, consisting of contractors' claims, judgments and assessments, arising from the opening, widening and improving of streets and the construction of sewers and the acquirement of property for public use, and other floating indebtedness, and providing for the redemption of said bonds and the payment of interest thereon," approved November 14th, 1914.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same.* That Section Two of an ordinance entitled "An Ordinance authorizing and directing the issuance and sale of bonds of the City of Pittsburgh in the aggregate principal amount of two million seven hundred and sixty thousand dollars, for the purpose of funding existing unfunded indebtedness of the City, consisting of contractors' claims, judgments and assessments, arising from the opening, widening and improving of streets and the construction of sewers and the acquirement of property for public use, and other floating indebtedness, and providing for the redemption of said bonds and the payment of interest thereon," approved November 14th, 1914, which reads as follows:

"Section 2. Said bonds shall be issued in denominations of one hundred dollars, or multiples thereof, shall be dated as of the first day of November, A. D. 1914, and shall be payable in thirty equal annual installments, as follows:

Bonds to the aggregate amount of ninety-two thousand dollars shall be payable on the first day of November in each and every year, beginning with the year one thousand nine hundred and fifteen and ending with the year one thousand nine hundred and forty-four. Said bonds shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually at the office of the City Treasurer of said City on the first days of May and November, of each year, and the principal thereof shall be payable at maturity at the same place. The said bonds shall be signed by the Mayor, countersigned by the City Controller, and sealed with the corporate seal of said City, and the coupons shall be authenticated with the lithographed fac-simile signature of the City Controller.

Said bonds shall be sold by the Mayor and the City Controller at not less than par and accrued interest, on the most advantageous terms obtainable, after five days' public notice in the official newspapers of the City of Pittsburgh; provided, however, that such uninvested balances in the sinking fund, as may be available for the purpose, shall be invested in the same without public notice by advertising or otherwise. And the proceeds of such sales, or so much thereof as shall be necessary shall, if specifically appropriated by ordinance, therein fixing the amounts and conditions of expenditure, be applied to the purposes set forth in this ordinance and to no other purpose whatsoever. Each of said bonds shall be known and designated as 'Funding Bond, 1914,'" be and the same is hereby amended to read as follows:

Section 2. Said bonds shall be issued in denominations of one hundred dollars, or multiples thereof, shall be dated as of the first day of November, A. D. 1914, and shall be payable in thirty equal annual installments, as follows:

Bonds to the aggregate amount of ninety-two thousand dollars shall be payable on the first day of November in each and every year, beginning with the year one thousand nine hundred and fifteen and ending with the year one thousand nine hundred and forty-four.

Said bonds shall bear interest at the rate of four and one-quarter per cent per annum, payable semi-annually at the office of the City Treasurer of said City of Pittsburgh on the first days of May and November of each year, without deduction for any taxes which may be levied thereon by the State of Pennsylvania, pursuant to any present or future law, the payment of which is hereby assumed by the

City of Pittsburgh, and the principal thereof shall be payable at maturity at the same place. The said bonds shall be signed by the Mayor, countersigned by the City Controller and sealed with the corporate seal of said City, and the coupons shall be authenticated with the lithographed fac-simile signature of the City Controller.

Said bonds shall be sold by the Mayor and the City Controller at not less than par and accrued interest, on the most advantageous terms obtainable, after five days' notice in the official newspapers of the City of Pittsburgh; provided, however, that such uninvested balances in the sinking fund, as may be available for the purpose, shall be invested in the same without public notice by advertising or otherwise. Each of said bonds shall be known and designated as "Funding Bond, 1914."

AN ORDINANCE—Vacating a portion of Hamilton avenue between Lambert street and a point 109.13 feet east of Lambert street.

Whereas, The City of Pittsburgh in re-widening of Hamilton avenue from Lambert street to the first unnamed ten foot alley east of Lambert street took from J. Ogden Armour, property amounting to 1284 square feet and established a grade, making a cut of approximately nine feet in front of this property for which the Board of Viewers awarded the sum of $2,500.00, and,

Whereas, The City of Pittsburgh in the said widening of Hamilton avenue included an unnamed alley ten feet in width running from Lambert street eastwardly 119.13 feet through the said property and the Board of Viewers in the said widening proceedings assessed against the said J. Ogden Armour property, benefits in the sum of $2,500.00, and,

Whereas, The awards for said damages and benefits off-set each other, in the said widening proceedings and it is desirous to both the City of Pittsburgh and J. Ogden Armour that the said Hamilton avenue be reduced to conform in width with the remainder of the street by vacating the balance of the street; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That a portion of Hamilton avenue as widened by Ordinance No. 124, approved April 22nd, 1914, between Lambert street and a point 119.13 feet eastwardly therefrom and as hereinafter more fully described, be and the same is hereby vacated

Beginning at the intersection of the easterly line of Lambert street with the southerly line of Hamilton avenue, as widened by the said ordinance; thence curving in a northeasterly direction by the arc of a circle with a radius of 23.54 feet and a central angle of 92 degrees 25 minutes 50 seconds for the distance of 37.97 feet; thence in a southeasterly direction for the distance of 94.68 feet to a point on the easterly line of an unnamed ten foot alley laid out in Mellon's Plan of Station Lots; thence in a southwesterly direction along the easterly line of the said unnamed ten foot alley for the distance of 18.395 feet to the southerly line of Hamilton avenue, as opened by said ordinance; thence along the said southerly line of Hamilton avenue in a northwesterly direction for the distance of 119.13 feet to the place of beginning, as shown on plan hereto attached.

Section 2. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Creating a Pension Board and pension fund for the pensioning of employees of the City of Pittsburgh, except beneficiaries of the Police and Fire Pension funds, providing the manner in which said pension fund shall be maintained, administered and distributed and designating the beneficiaries of said pension fund.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That there is hereby created and established a pension fund for the pensioning of employees of the City of Pittsburgh, which shall be known as the "Pension Fund of the City of Pittsburgh."

Section 2. Said pension fund shall be controlled, administered and distributed by a Board, which is hereby created, to be known as the "Pension Board of the City of Pittsburgh," consisting of the Mayor, City Controller, President of the City Council, and two employees to be chosen by the employees contributing to said pension fund. The said Pension Board shall perform such duties as are imposed upon it by this ordinance and an Act of Assembly entitled, "An Act requiring cities of the second class to establish a pension fund for employees of said cities and regulating the administration and the payment of such pensions" approved the 28th day of May, A. D. 1915, and shall have the power to make such reasonable rules governing said pension fund as it may deem necessary to carry into effect the provisions of this ordinance and said Act of May 28, 1915.

Section 3. The beneficiaries of the said pension fund shall be those persons designated in said Act of May 28, 1915, and they shall pay such dues and receive such pensions as are provided for in said Act. Said dues shall be deducted from the regular monthly or semi-monthly pay-rolls of said employees.

Section 4. The moneys of said Pension Fund shall be invested in such securities as said Pension Board shall from time to time designate and approve.

Section 5. Said Pension Board shall appoint such Trust Company or Companies, bank or banks of the City of Pittsburgh, as it may from time to time elect, to act as depositories of the moneys of the said pension fund.

Section 6. Council shall annually set aside and appropriate out of all taxes or income of the City of Pittsburgh to the Pension Board hereby created a sum sufficient to maintain the pensions or compensations due under this ordinance and said Act of May 28, 1915.

Section 7. Council shall provide the said Pension Board with proper quarters for the transaction of its business and appropriate annually sufficient funds for its incidental expenses.

Section 8. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Granting permission to Mueller Brothers, their successors and assigns, to remove a certain portion of the railing or parapet on the northerly side of the east abutment of the Baum boulevard (formerly Atherton avenue) Bridge over the Pennsylvania Railroad, for a distance of about thirty-two (32) feet from the easterly end of the parapet on said abutment, in order to provide an unobstructed view of the show room of the building being constructed by the said Mueller Brothers.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That permission be, and is hereby, granted to Mueller Brothers, their successors and assigns, at their own cost and expense and under the supervision of the Director of the Department of Public Works, to remove that part of the railing or parapet on the northerly side of the east abutment of the Baum boulevard (formerly Atherton avenue) Bridge over the Pennsylvania Railroad that is above the grade of the sidewalk thereof, for a distance of about thirty-two (32) feet from the easterly end of said parapet. Said permission is granted upon the condition, however, that the said Mueller Brothers at their own cost and expense and under the supervision of the Director of the Department of Public Works, shall complete their proposed building of fireproof construction, adjacent to said east abutment so that the wall of said building that is adjacent to said parapet shall be at least two stories high above the grade of the said sidewalk and so that no space shall intervene between the said building and the abutting walls at the level of the sidewalk, and that the present sidewalk shall be extended over the part of the said wall from which the railing or parapet is to be removed, as aforesaid, to the adjacent wall of the proposed building. Provided, further, that said railing or parapet shall not be removed until such time as the proposed building shall be erected to the level of the sidewalk of said east abutment. Said Mueller Brothers shall, at their own expense and to the satisfaction of the Director of the Department of Public Works, do all work necessary to repair and adjust the sidewalk and parapet which is affected by the alterations herein provided for.

Said permission is granted upon the condition, however, that the Mueller Brothers, at their own cost and expense shall complete their proposed building of fireproof construction, and the front wall thereof facing the bridge shall be at least two stories high above the grade of the said sidewalk, which must extend over even with said wall, and shall be of such finished and ornamental material as may be approved by the Director of the Department of Public Works, under whose supervision this work must be done. Provided, further, that said railing or parapet shall not be removed until such time as the proposed building shall be erected to the level of the sidewalk of said east abutment. Said Mueller Brothers shall at their own expense and to the satisfaction of the said Director, do all work necessary to repair and adjust the sidewalk and parapet which is affected by the alterations herein provided for.

No. 341

AN ORDINANCE—Providing for the examination of and issuing of permits to persons operating pipes, boilers, engines, containers, tanks or vessels under air, water or gas or steam pressure, in the City of Pittsburgh, for the inspection of such pipes, boilers, engines, stationary or locomotive engines, containers, tanks or vessels and for the installation and regulation of safety devices thereon and prescribing penalties for violation of the provisions thereof.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That it shall be unlawful for any person or persons to operate in the City of Pittsburgh any pipes, boilers, engines, stationary or locomotive, containers, tanks or vessels under pressure of air, water, gas, or steam, except pipes, containers, tanks or vessels used in transportation of air, water or gas, hot water tanks used for domestic purposes which are subject to City water pressure only and steam generators, unless such person or persons hold a permit as hereinafter provided.

Section 2. All persons desiring to operate any pipe, boiler, engine, stationary or locomotive, container, tank or vessel embraced within the provisions of this ordinance, shall apply to the boiler inspector of the City of Pittsburgh, who shall examine the applicant, and if, after examination, the inspector is satisfied that the applicant's character, habits of life and ability qualifying him as a suitable and safe person to be entrusted with the operation of such apparatus, he shall issue a permit to him to operate pipes, boilers, engines, stationary of locomotive, containers, tanks or vessels embraced within the provisions of this ordinance. Provided that no permit shall be granted to any person unless said person shall have attained the age of twenty-one years and shall have had at least two years practical experience. Said permit shall entitle the holder thereof to operate for the term of one year, said pipes, boilers, engines, stationary or locomotive, containers, tanks or vessels on such premises only as are described in the permit, and shall be issued upon the applicant's filing with the City Boiler Inspector a receipt of the City Treasurer evidencing the payment to the City by the applicant of the sum of one ($1.00) dollar.

Permits shall be annually renewed without examination by the City Boiler Inspector, provided said permit is presented for renewal within ten (10) days after its expiration.

Section 3. It shall be unlawful for any person or persons to operate, or cause to be operated in the City of Pittsburgh, any pipes, boilers, engines, stationary or locomotive, containers, tanks, or vessels under pressure of air, water, gas or steam, except pipes, containers, tanks or vessels used in transportation of air, water or gas, hot water tanks used for domestic purposes which are subject to City water pressure only and steam generators, until the same shall have been inspected and a certificate issued by the boiler inspector of the City of Pittsburgh, setting forth the maximum safe working pressure on such pipes, containers, boilers, engines, stationary or locomotive, containers, tanks or vessels, and that they are in good condition and can be operated with safety.

Section 4. All pipes, boilers, engines, stationary or locomotive, containers, tanks or vessels embraced within the provisions of this ordinance shall be inspected annually by or under the direction of the City Boiler Inspector, and if found to be in proper condition, a certificate shall be issued as hereinbefore provided, for which inspection a charge of two ($2.00) Dollars to be paid into the treasury of the City of Pittsburgh, shall be made for each pipe, boiler, engine, stationary or locomotive, container, tank or vessel inspected.

The City Boiler Inspector may, however, in his discretion accept the inspection made by a casualty insurance company, or county boiler inspector, and issue a certificate of inspection on the report of an inspector regularly employed by any casualty insurance company, or by the County of Allegheny, provided such report shall be made on a blank form furnished by the Bureau of Boiler Inspection, and shall set forth in detail the information required by said bureau, and that all the provisions of this ordinance have been complied with. No charge shall be made for certificates so issued, but said certificates must be renewed annually after an inspection has been made.

All certificates issued in pursuance of the provisions of this ordinance shall be conspicuously posted on the premises whereon the pipes, boilers, engines, containers, tanks or vessels being operated are located.

Section 5. Whenever pipes, boilers, engines, stationary or locomotive, containers, tanks or vessels embraced within the provisions of this ordinance are found, on inspection, to be unsafe and dangerous to life and property, and in such condition that they cannot be repaired so as to render them safe, they shall be condemned by the City Boiler Inspector as unsafe for use, and thereafter it shall be unlawful for any person or persons to operate such pipes, engines, stationary or locomotive, boilers, containers, tanks or vessels, or cause or permit the same to be operated.

If on inspection any pipes, boilers, engines, stationary or locomotive, containers, tanks or vessels embraced within the provisions of this ordinance are found to be unsafe and dangerous to life or property, but which can be rendered safe, the City Boiler Inspector shall designate the repairs necessary to render the same safe, and such repairs shall then be made within two weeks from the time the same are ordered, and during the making of said repairs said pipes, boilers, engines, stationary or locomotive, containers, tanks or vessels shall be operated in such manner as may be prescribed by the City Boiler Inspector.

Section 6. All pipes, boilers, engines, stationary or locomotive, containers, tanks or vessels embraced within the provisions of this ordinance, shall be equipped with pressure gauge to indicate the pressure in pounds per square inch thereon, and must be supplied with a one-fourth inch pipe size direct connection for attaching inspector's test gauge when the said pipes, containers, boilers, engines, tanks or vessels are in service so that the accuracy of the pressure can be ascertained.

Each relief or safety valve shall have full size direct connection to any pipe, boiler, container, tank or vessel embraced within the provisions of this ordinance, and all pipes from the exhaust side of the relief or safety valves on such containers, boilers, tanks, or vessels holding dangerous gases shall be piped to a point of safety outside of the building in which the same are located, and such pipes shall not be reduced in cross sectional area or under the size of the outlet on such relief or safety valve without the intervention of a stop-valve on either side of said valve on said pipes, containers, boilers, tanks or vessels. All relief or safety valves installed or to be installed on any side pipes, containers, tanks or vessels must be approved by the Boiler Inspector for the purpose intended.

No person shall remove or tamper with any safety appliance prescribed by the Boiler Inspector, and no person shall in any manner load the relief of safety valves to a greater pressure than that permitted in the certificate of inspection.

Section 7. The City Boiler Inspector shall investigate all acts of incompetency or misconduct committed by any person to whom a permit has been issued under the provisions of this ordinance while acting under the authority of his permit, and if, after investigation, the Boiler Inspector shall be satisfied that the person is competent or has been guilty of negligence, or has endangered life or property, or has wilfully violated any of the provisions of this ordinance, he shall suspend or revoke his license, as the case may require.

Section 8. It shall be unlawful for any owner or lessee or agent, or any owner or lessee of any pipes, containers, boilers, engines, stationary or locomotive, tanks or vessels embraced within the provisions of this ordinance, or for any person acting for such owner, lessee or agent, to commit in any manner the responsibility of operating any of said pipes, containers, boilers, engines, stationary or locomotive, tanks or vessels to any person other than a person holding a permit issued in accordance with the terms of this ordinance, or to permit any person or persons to operate any of said pipes, containers, boilers, engines, stationary or locomotive, tanks or vessels which have been inspected, or for the operation of which a certificate has not been issued in accordance with the terms of this ordinance, or which do not meet the requirements of the provisions hereof.

Section 9. Every person, including the agent, employe, officer, or member of any firm or corporation operating, or permitting to be operated, in violation of any of the terms or provisions of this ordinance, any pipes, boilers, engines, stationary or locomotive, containers, tanks or vessels under pressure of air, water, gas or steam, except pipes, boilers, engines, containers, tanks or vessels used in transportation of air, water or gas, hot water tanks used for domestic purposes which are subject to City water pressure only and steam generators, shall, upon conviction thereof before any alderman or police magistrate in the City of Pittsburgh be fined not less than ten ($10.00) dollars nor more than one hundred ($100.00) dollars for each offense, and in default of payment of said fine and costs shall be committed to Allegheny County Jail for a period not exceeding thirty (30) days. Each day in which any pipes, boilers, engines, stationary or locomotive, tanks or vessels embraced within the terms of this ordinance shall be operated in violation of the terms hereof shall constitute a separate and distinct offense.

Section 10. That an ordinance entitled, "An Ordinance providing for the examination of and issuing of permits to persons operating pipes, containers, tanks or vessels under air, water, or gas pressure in the City of Pittsburgh, for the inspection of such pipes, containers, tanks, or vessels, and for the installation and regulation of safety devices thereon, and prescribing penalties for violation of the provisions hereof," approved the 10th day of February, 1912, be, and the same is hereby repealed, and that any other ordinance or part of ordinance conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance.

No. 364

AN ORDINANCE—Authorizing and directing the issuance and sale of bonds of the City of Pittsburgh in the aggregate principal amount of nine hundred and seventy-five thousand dollars, for the purpose of funding existing unfunded indebtedness of the City, consisting of contractors' claims, judgments and assessments, arising from the opening, widening and improving of streets, and the construction of sewers and the acquirement of property for public use, and other floating indebtedness, and providing for the redemption of said bonds and the payment of interest thereon.

Whereas, The City Controller has submitted to Council a detailed statement under date of November 16, 1915, of the floating indebtedness of the City from which it appears that of the present floating indebtedness there is now due and payable the sum of nine hundred and seventy-five thousand dollars, over and above the funds on hand available for the liquidation thereof; and

Whereas, It is desirable to issue bonds for the purpose of funding this indebtedness; now, therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same.* That bonds of the City of Pittsburgh in the aggregate principal amount of nine hundred and seventy-five thousand dollars, be issued for the purpose of funding the aforesaid existing unfunded indebtedness of the City, consisting of contractors' claims, judgments and assessments arising from the opening, widening and improving of streets, the construction of sewers and the acquirement of property for public use, and other floating indebtedness, which bonds shall be coupon bonds with interest coupons attached, payable semi-annually, with the privilege of exchanging such coupon bond or bonds for registered bond or bonds of the same maturity as, and of any denomination not exceeding the aggregate principal amount of the coupon bond or bonds surrendered in exchange therefor, by surrendering such coupon bond or bonds, with all coupons not then due, at the office of the City Controller; and the City Controller is hereby authorized and directed to cause such coupon and registered bonds to be engraved, and to issue the same in the name of the City of Pittsburgh, the expense thereof to be charged to Appropriation No. 42, Contingent Fund.

The proceeds resulting from the sale of said bonds shall be applied to the discharge of the floating indebtedness of the City set forth in the report of the Controller above mentioned.

Section 2. Said bonds shall be issued in denominations of one hundred dollars, or multiples thereof, shall be dated as of the first day of November, A. D. 1915, and shall be payable in thirty equal annual installments as follows:

Bonds to the aggregate amount of $32,500.00 dollars shall be payable on the first day of November in each and every year, beginning with the year one thousand nine hundred and sixteen and ending with the year one thousand nine hundred and forty-five.

Said bonds shall bear interest at the rate of four and one-quarter per cent per annum, payable semi-annually at the office of the City Treasurer of said City of Pittsburgh on the first days of May and November of each year, without deduction for any taxes which may be levied thereon by the State of Pennsylvania, pursuant to any present or future law, the payment of which is hereby assumed by the City of Pittsburgh, and the principal thereof shall be payable at maturity at the same place. The said bonds shall be signed by the Mayor, countersigned by the City Controller and sealed with the corporate seal of said City, and the coupons shall be authenticated with the lithographic fac-simile signature of the City Controller.

Said bonds shall be sold by the Mayor and the City Controller at not less than par and accrued interest, on the most advantageous terms obtainable, after five days' notice in the official newspapers of the City of Pittsburgh; provided, however, that such uninvested balances in the sinking fund, as may be available for the purpose, shall be invested in the same without public notice by advertising or otherwise. Each of said bonds shall be known ad designated as "Funding Bonds, 1915."

Section 3. Until said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law or hereafter to be made liable to assessment for taxation for City purposes, an annual tax, commencing the year after said bonds have been issued sufficient to pay the interest on said bonds as the same shall accrue and become payable; and also, an annual tax equal to three and one-third per centum of the total amount of the said bonds hereby authorized, to be applied to and set apart as a sinking fund for the payment of the principal and redemption of said bonds as they become due and payable according to their term, the same are hereby appropriated out of the revenues of said City for payment and redemption aforesaid.

Section 4. All registered bonds issued in exchange for coupon bonds, as provided in Section 1 of this ordinance, shall be registered with the City Treasurer of said City and be transferrable only on the books of said City Treasurer.

Section 5. All bonds issued by the authority of this ordinance and the Acts of Assembly authorizing the same shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all the rights, privileges and immunities thereof; for the payment of the principal of said bonds, and the interest thereon semi-annually, as aforesaid, as the same shall mature and become payable, the faith, honor, credit and property of said City are hereby pledged.

Section 6. Said bonds shall be coupon bonds, exchangeable for registered bonds and shall be substantially in the following form, to-wit:

(Form of Coupon Bond.)

UNITED STATES OF AMERICA,

Commonwealth of Pennsylvania,
City of Pittsburgh.

FUNDING BOND, 1915.

Know All Men By These Presents, That the City of Pittsburgh, a municipal corporation, created by, and existing under the laws of the Commonwealth of Pennsylvania, is indebted to the bearer in the sum of .... dollars, lawful money of the United States of America, which sum the said City of Pittsburgh promises to pay to the said bearer at the office of the City Treasurer of said City on the first day of ...., A. D. 19....., with interest thereon at the rate of four and one-quarter per centum per annum, payable semi-annually to the bearer of the annexed coupons at the time and place therein specified, without deduction for any taxes, which may be levied hereon by the State of Pennsylvania, pursuant to any present or future law, the payment of which is hereby assumed by the City of Pittsburgh. And for the true and faithful payment of the principal of this bond and the semi-annual interest thereon, as aforesaid, the faith, honor, credit and property of the said City of Pittsburgh are hereby pledged.

This bond may, at the option of the holder, be exchanged at any time for a registered bond or bonds of the same maturity, and of any denomination not exceeding the aggregate principal amount hereof, by surrendering this bond with all coupons not then due, at the office of the City Controller of said City. This bond is one of a series of bonds, amounting in the aggregate to two million seven hundred and sixty thousand dollars, issued by the City of Pittsburgh for valid municipal purposes, by virtue and in pursuance of an Act of the General Assembly of the Commonwealth of Pennsylvania, entitled, "An Act to regulate the manner of increasing the indebtedness of municipalities, to provide for the redemption of the same, and to impose penalties for the illegal increase thereof," approved April 20, 1874, and the several supplements and amendments thereof; and an Act of the General Assembly of the Commonwealth of Pennsylvania, entitled, "An Act for the government of cities of the second class," approved March 7, 1901, and the supplements and amendments thereof; and by virtue of an ordinance of the City of Pittsburgh, entitled, "An Ordinance authorizing and directing the issuance and sale of bonds of the City of Pittsburgh, in the aggregate principal amount of .... dollars, for the purpose of funding existing unfunded indebtedness of the City, consisting of contractors' claims, judgments and assessments, arising from the opening, widening and improving of streets, the construction of sewers and the acquirement of property for public use, and other floating indebtedness, and providing for the redemption of said bonds and the payment of interest thereon," duly enacted by the Council thereof, and approved by the Mayor thereof................. and duly recorded and published in the manner provided by law, authorizing and directing the same.

It is hereby certified that every requirement of law affecting the issue hereof has been duly complied with; that provision has been made for the collection of an annual tax sufficient to pay the interest and also the principal hereof at maturity; that the total amount of indebtedness of the City of Pittsburgh, created without the consent of the electors thereof, including the entire issue of the above mentioned bonds aggregating .... dollars, of which this bond is one, is less than two per centum of the last preceding assessed valuation of the taxable property therein; and the entire indebtedness of the City of Pittsburgh, including the entire issue of the above mentioned bonds, of which this bond is one, is less than seven per centum of the last preceding assessed valuation of the taxable property therein; and that this bond and the debt represented thereby are within every debt and other limit prescribed by the Constitution and the laws of the Commonwealth of Pennsylvania.

No. 386

AN **ORDINANCE**—Authorizing and directing the issuance and sale of bonds of the City of Pittsburgh in the principal amount of five hundred thousand dollars ($500,000.00), for the purpose of providing funds for the payment of the current ordinary expenses of conducting the public business of said City, and providing for the redemption of said bonds and the payment of interest thereon.

Whereas, The City Controller has submitted to Council a statement showing that there will be a probable deficit in collections from the tax levies and estimated revenues of the fiscal year 1915, in the amount of five hundred thousand dollars ($500,000.00); and

Whereas, In order to provide ready money to meet the current obligations of the City it is necessary to anticipate the uncollected revenues by issuing short term bonds, for the payment of which the uncollected revenues shall be pledged, now, therefore, Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That bonds of the City of Pittsburgh in the principal amount of five hundred thousand dollars ($500,000.00) be issued for the purpose of providing funds for the payment of the current ordinary expenses of conducting the public business of the city, which bonds shall be coupon bonds with interest coupons attached, payable semi-annually, with the privilege of exchanging such coupon bond or bonds for a registered bond or bonds of the same maturity, as and of any denomination not exceeding the aggregate principal amount of the coupon bond or bonds surrendered in exchange therefor, by surrendering such coupon bond or bonds, with all coupons not then due, at the office of the City Controller; and the City Controller is hereby authorized and directed to cause such coupon and registered bonds to be engraved, and to issue the same in the name of the City of Pittsburgh, the expense thereof to be charged to Appropriation No. 42, Contingent Fund.

Section 2. Said bonds shall be issued in denominations of one hundred dollars ($100.00), or multiples thereof, shall be dated as of the first day of December, 1915, and shall be payable on the first day of December, 1916, with the option to the City to redeem all or any part of said bonds at any time or times prior to maturity thereof, by the payment of the principal amount of the bonds so called for payment and interest thereon to the date on which the same shall be called for payment. Notice of the call of all or any of said bonds for payment prior to maturity shall be given either by a single publication in the official newspapers authorized to do City printing, or by a written notice to the holders of said bonds at least fourteen days prior to the date for which they shall be called for redemption; and, in the event that less than all of the bonds outstanding shall be called for payment at any time, the City Controller shall draw by lot from out of the numbers of the then outstanding bonds the numbers of the bonds which are to be redeemed. Interest on bonds so called for redemption before maturity shall cease on the date for which they shall be called for redemption.

Said bonds shall bear interest at the rate of four and one-quarter (4¼) per centum per annum, payable semi-annually at the office of the City Treasurer of said City on the first days of June and December, 1916, and the principal thereof shall be payable at maturity at the same place. The said bonds shall be signed by the Mayor, countersigned by the City Controller, and sealed with the corporate seal of said City, and the coupons shall be authenticated with the lithographed fac-simile signature of the City Controller.

Said bonds shall be sold by the Mayor and the City Controller at not less than par and accrued interest, at public or private sale, on the most advantageous terms obtainable; provided, however, that such uninvested balances in the Sinking Fund, as may be available for the purpose, shall be invested in the same without public notice advertising or otherwise. And the proceeds of such sales, or so much thereof as shall be necessary, shall be applied to the purposes set forth in this ordinance and to no other purpose whatsoever. Each of said bonds shall be known and designated as "Current Expense Bond 1915."

Section 3. The current uncollected taxes and other revenues of the fiscal year 1915, are hereby pledged for the payment of the principal and interest of said bonds; and there is hereby levied and assessed for the fiscal year 1916 upon all subjects now by law liable or hereafter to be made liable to assessment for taxation for City purposes, a tax sufficient to pay the interest on said bonds as the same shall accrue and become payable, and also a tax equal to one hundred per centum of the total principal amount of said bonds, to be applied to, and set apart as, a sinking fund for the payment of the principal of said bonds as they become due and payable according to their terms; and the same are hereby appropriated out of the revenues of said City for the payment and redemption aforesaid.

Section 4. All registered bonds issued in exchange for coupon bonds, as provided in Section 1 of this ordinance, shall be registered with the City Treasurer of said City and be transferable only on the books of said City Treasurer.

Section 5. Said bonds shall be coupon bonds, exchangeable for registered bonds, and shall be substantially in the following form, to-wit:

(Form of Coupon Bond.)

EXONERATIONS.

FOR VACANCIES—Where the premises is vacant and the entire supply of water shall, at the owner's written notice served on the Board of Water Assessors, be turned off by their direction by the Bureau of Water, and such water shall be turned on only by the Bureau of Water, at the owner's written notice to the Board of Water Assessors, exoneration of ninety (90) per cent. for the flat assessment for the period during which the water is shut off shall be issued; provided that the period during which the water is shut off is greater than 60 days consecutively.

Property holders shall also be required to report such vacancies to the Board of Water Assessors within fifteen (15) days after the vacancies occur.

All requests for exonerations for excessive assessments must be made during the current year in which the assessments are made, or during sixty (60) days after the termination of said year, and no exoneration shall be granted after said period has expired.

FOR CHANGES IN WATES USES—Where fixtures are removed and water uses discontinued, exoneration will be issued covering the discontinued use from the date of approval of a contract covering the revised water uses. In case any owner of any premises shall cause or allow water to be used for any purpose or in any fixture for which there is no approved water contract on file in the office of the Bureau of Water, the rate for such usage or fixture shall be at the rate specified in the foregoing schedule, and shall date from the preceding January 1st, and the water for the entire premises shall be shut off until an approved contract for such additional water uses or fixtures has been signed and placed on file in the office of the Bureau of Water.

All fixtures on any premises, whether used or not, will be assessed as long as they remain in position.

WATER FOR FIRE PURPOSES.

No charge shall be made for water used during fires. All water used through fire system, except during fires, shall be charged for at metered rates. All fire systems shall be metered, and the minimum charge for each quarter year shall be as follows:

2″ and 3″ meters	$2.00 per quarter
4″ meters	$3.00 per quarter
6″ meters and over	$4.50 per quarter

EXPLANATION OF THE FOREGOING SCHEDULE.

In the foregoing schedule of rates, in cases whether both flat and metered rates are specified, such flat rates shall govern until a meter or meters, controlling the entire supply of water, shall have been furnished by the City of Pittsburgh and installed, when the metered water rates, rules and regulations shall govern. In the foregoing schedule of rates, in cases where metered rates only are specified and the meter or meters are not in service or approved service during any portion of the water rent period, the registration for the portion of the water rent period during which the meter or meters are in approved service, or the registration during the preceding water rent period, shall be applied pro rata to the period during which the meter or meters are not in approved service.

METERED WATER RATES.

First 250 000 gallons or less, 18c per 1,000 gallons.

Second 250,000 gallons or less, 16c per 1,000 gallons.

Third 250,000 gallons or less, 14c per 1,000 gallons.

Fourth 250,000 gallons or more, 12c per 1,000 gallons.

Hospitals, dispensaries, and such other charities as are supported by public and private contributions shall be charged at the rate of seven (7) cents per thousand gallons.

For all water taken, the rate for which is not specifically provided and which is not measured by meter, the quantities shall be estimated and charged for at the above metered rates; and provided further that in no case where metered water rates are in force shall the charge for each premises for each quarter be less than the amount specified in the following schedule:

25 cents per quarter for 1 and 2 roomed dwelling house premises.

50 cents per quarter for 3 and 4 roomed dwelling house premises.

$1.00 per quarter for 5 and 6 roomed dwelling house premises.

$1.25 per quarter for 7 and 8 roomed dwelling house premises.

$2.00 per quarter for 9 and 10 roomed dwelling house premises.

$2.50 per quarter for 11 and 12 roomed dwelling house premises.

$3.00 per quarter for 13 and 14 roomed dwelling house premises.

$4.00 per quarter for 15 and 16 roomed dwelling house premises.

$5.00 per quarter for dwelling house premises of more than 16 rooms; and all premises not included in the above schedule the minimum charge shall be 2½ per cent. of the yearly flat assessment per quarter, excepting in each case where a premise is equipped with an auxiliary water supply consisting of a pumping engine of not less than 50,000 gallons per day capacity and a reserve tank of not less than 3,000 gallons capacity, the minimum charge for each quarter year shall be as follows:

For each ⅝ inch meter	$ 2.00
For each ¾ inch meter	3.00
For each 1 inch meter	5.00
For each 1¼ inch meter	7.50
For each 1½ inch meter	10.00
For each 2 inch meter	12.50
For each 3 inch meter	20.00
For each 4 inch meter	30.00
For each meter larger than 4 inch	50.00

The meter or meters to be used must first be approved by the Bureau of Water, must be installed under the direction of and in a manner satisfactory to the Bureau of Water, shall at all times be accessible to the Board of Water Assessors and the Superintendent of Water Supply and Distribution, their agents or assistants. Metered rates charges to any premises cannot be changed to flat rates. All auxiliary meters and all meters for fire service must be furnished by and at the expense of the property owner.

Section 3. That any Ordinance or part of ordinance conflicting with the provisions of this ordinance be, and the same is hereby repealed, so far as the same affects this ordinance.

Passed December 9, 1915.

Pittsburgh, Dec. 21, 1915.

I do hereby certify that the foregoing ordinance, duly engrossed and certified, was delivered by me to the Mayor for his approval or disapproval, on December 10th, 1915, and that the Mayor failed to approve or disapprove the same, or to return the same to Council within ten (10) days from said date, whereupon the same became a law without his approval, under the provisions of the Act of Assembly in such case made and provided.

No. 391

AN ORDINANCE—Widening Freeland way, in the Eighteenth ward of the City of Pittsburgh, from Montooth street to Gearing avenue, changing the name thereof to Lafferty avenue, fixing the width and position of the roadway, establishing the grade thereof and providing that the cost, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That Freeland way, in the Eighteenth ward of the City of Pittsburgh, from Montooth street to Gearing avenue, be widened to a width of fifty feet so that the street as widened shall lie between the street lines hereinafter described.

The following survey line is hereby established as a basis for locating the new street lines, viz. Beginning at the concrete monument at the intersection of the westerly five (5) foot line of Montooth street and the southerly (5) foot line of Lafferty avenue; thence deflecting toward the east 83 degrees 27 minutes from the westerly five (5) foot line of Montooth street and in an easterly direction for the distance of 177.37 feet to the westerly building line of Gearing avenue.

The northerly line shall be parallel to and at a perpendicular distance of 44.69 feet northwardly from the above described survey line.

The southerly line shall be parallel to and at a perpendicular distance of 5.31 feet southwardly from the above described survey line for the distance of 105.60 feet eastwardly from the easterly line of Montooth street; thence deflecting toward the south 6 degrees 31 minutes 50 seconds and along the present southerly line of Freeland way for the distance of 38.64 feet to the westerly line of Gearing avenue.

Section 2. The name of Freeland way from Montooth street to Gearing avenue shall be and the same is hereby changed to Lafferty avenue.

Section 3. The roadway shall have a uniform width of thirty feet and the northerly line of the same shall be parallel to and at the perpendicular distnce of 10 feet southwardly from the above described northerly line of the street.

Section 4. The grade of the northerly curb line shall begin on the easterly curb line of Montooth street at an elevation of 418.65 feet; thence by a concave parabolic curve for a distance of 40 feet to a point of tangent to an elevation of 420.87 feet; thence rising at the rate of 9.54 feet per 100 feet for a distance of 102.78 feet to the westerly building line of Gearing avenue to an elevation of 430.68 feet; thence rising at the rate of 5.00 feet per 100 feet for a distance of 10.08 feet to the westerly curb line of Gearing avenue to an elevation of 431.18 feet.

Section 5. The Department of Public Works is hereby authorized and directed to cause said Freeland way, from Montooth street to Gearing avenue, to be widened, in conformity with the provisions of Section 1 of this ordinance.

Section 6. The cost, damages and expenses caused thereby, and the benefits to pay the same, shall be assessed against and collected from properties benefited thereby, in accordance with the provisions of the Acts of Assembly of the Commonwealth of Pennsylvania relating thereto and regulating the same.

Section 7. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Authorizing and directing the grading, paving and curbing of Ward street, from Frazier street to Wakefield street, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That Ward street, from Frazier street to Wakefield street, be graded, paved and curbed.

Section 2. The Mayor and the Director of the Department of Public Works are hereby authorized and directed to advertise, in accordance with the Acts of Assembly of the Commonwealth of Pennsylvania, and the Ordinances of the said City of Pittsburgh relating thereto and regulating the same, for proposals for the grading, paving and curbing of said street between said points; the contract or contracts therefor to be let in the manner directed by the said Acts of Assembly and Ordinances; and the contract price or contract prices, if let in separate contracts, not to exceed the total sum of thirty-two hundred ($3200.00) dollars, which is the estimate of the whole cost as furnished by the Department of Public Works.

Section 3. The cost, damages and expenses of the same shall be assessed against and collected from properties specially benefited thereby, in accordance with the provisions of the Acts of Assembly of the Commonwealth of Pennsylvania relating thereto and regulating the same.

Section 4. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 393

AN ORDINANCE—Annulling and setting aside the location of Pitcairn street, as shown on the "Shady Side Plan," between Ellsworth avenue and Fifth avenue.

Whereas, The "Shady Side Plan," showing certain streets in the former Twentieth ward of the City of Pittsburgh inter alia Pitcairn street, between Fifth avenue and the Pennsylvania Railroad, was presented in Common Council and approved by that branch on June 6, 1870, and said action concurred in by the Select Council on June 20, 1870; and

Whereas, Pitcairn street has not been opened or used by the public between Ellsworth avenue and Fifth avenue and in the judgment of the Council and Mayor of the said City it appears to be to the best interest of the City to remove the encumbrance upon the properties caused by the location of the said street; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same.* That the location of Pitcairn street, between Ellsworth avenue and Fifth avenue, as shown on the said "Shady Side Plan," be and the same is hereby annulled and set aside.

Section 2. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 394

AN ORDINANCE—Vacating certain sections of Pitcairn street between Ellsworth avenue and Westminster place, as dedicated by Eliza J. Aiken December 1, 1875.

Whereas, Eliza J. Aiken, by her Attorney in fact, E. M. Aiken, dedicated certain sections of Pitcairn street, between Ellsworth avenue and Westminster place, by her act and deed on the first day of December, A. D. 1875, as the same appears of record in Ordinance Book, volume 4, page 179; and,

Whereas, This dedication was never approved by any act of the Councils of the City of Pittsburgh; and

Whereas, Those certain sections of the street dedicated have not been improved or used by the public for highway purposes, but on the contrary several of the abutting property holders have been allowed to encroach upon the street with improvements of their properties; therefore, it seems expedient in the judgment of the Council and Mayor of said City to remove the encumbrances upon the properties caused by the said dedication; therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That those certain sections of Pitcairn street, between Ellsworth avenue and Westminster place, dedicated by Eliza J. Aiken, by her Attorney in fact, on the first day of December, A. D. 1875, as the same appears of record in Ordinance Book, volume 4, page 179, shall be and the same are hereby vacated.

Section 2. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN **ORDINANCE**—Creating and Establishing a Bureau under the control and direction of the Mayor, to be known as the Bureau of Animal Industry, providing for the employes thereof, and fixing their salaries and duties.

Section 1. ***Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,*** **That** from and after January 1st, 1916, there shall be created and established under the control and direction of the Mayor, a Bureau to be known as the Bureau of Animal Industry.

The employes of said bureau shall be two Veterinary Surgeons and a Superintendent of Horses and Stables. The two veterinary surgeons shall receive the same salary and in the same manner as now paid, and the Superintendent of Horses in the Bureau of Fire shall serve without compensation.

Section 2. The present postion of Superintendent of Horses in the Bureau of Fire in the Department of Public Safety is to remain unaffected by the provisions of this ordinance, except as far as his duties are defined and extended.

Section 3. The Veterinary Surgeons shall be responsible for the hygienic care and medical treatment of all the domestic animals, such as horses, mules, cattle, swine, etc., belonging to the City, and no domestic animal or animals shall be purchased or sold for any department or bureau of the City, except upon the recommendation of the veterinary surgeons, after a thorough examination as to soundness, and by the Superintendent of Horses and Stables so far as draft animals are concerned, upon trial as to utility.

And no animal shall be sold except by the Director of the Department of Supplies, upon recommendation of the Superintendent of Horses and Stables and approved by the veterinarians.

In case of dispute the decision of the Director of the Department of Supplies shall be final.

Section 4. The Veterinary Surgeons shall make inspection of all the domestic animals under their care at least once a month, and it shall be the duty of all employes of the City responsible for the care of the domestic animals owned by the City to notify the Veterinary Surgeons immediately whenever an animal appears to be sick or is injured, and they shall treat the animals to the best of their professional skill.

They may, however, authorize the Superintendent of Horses and Stables to give first aid in all cases of injury and to administer proper remedies for slight ailments, pending their arrival.

Section 5. All horses and mules owned by the City shall be shod with the kind of shoes and in the manner and at the times prescribed by the veterinary surgeons; provided that this rule shall not apply in case of an emergency or accident, but in such case immediate notice thereof shall be given to the Superintendent of Horses and Stables.

Section 6. The Superintendent of Horses and Stables shall, as promptly as possible, give to each animal owned by the City a number or mark (for purpose of identification), and each animal subsequently acquired by the City shall be given a number or mark Such number of mark shall also be placed on the stalls or pens of the respective animals. This shall be done in such manner that whenever a horse or other animal is transferred the number or mark shall also be transferred, and in the case of horses allotted to the Bureau of Fire the number of each horse shall also be fixed to the collar of the horse's harness.

Section 7. All requests for additional horses shall be made to the Superintendent of Horses and Stables, and he shall arrange to secure the same either by transfer from some other bureau or department or by purchase; provided, that no horse shall be transferred, sold or otherwise removed from any department or bureau without notice to and the approval of either or both Veterinary Surgeons.

Section 8. The Superintendent of Horses and Stables shall maintain in his office a history record and a location record, each in bound book form. Such records shall be open to inspection by any City official. By columnar ruling the history records shall set forth the following information relative to each animal owned by the City:

(1) Animal........Number or Mark
....

(2) Date purchased.

(3) From whom purchased.

(4) Age at purchase.

(5) Price paid.

(6) Freight and other expense of purchase.

(7) Marks.

(8) Died, killed or sold.

(9) Date.

(10) To whom sold.

(11) Amount received.

By columnar ruling the location record shall set forth the following information relative to each horse or mule owned by the City:

(1) Horse or mule number.

(2) Kind of shoes (two columns)

(3) Located or transferred.

Section 9. The Veterinary Surgeons shall provide out of such appropriations as may be granted the bureau the necessary supplies and equipment, for the care and treatment of all animals under their charge, and such blank forms of reports as required by this ordinance to be used by persons in charge of animals when furnishing the information for the records.

Section 10. So as to avoid confliction of authority the duties of the Veterinarians and the Superintendent are thus further defined: The Veterinary surgeons shall be responsible for the physical condition of all domestic animals belonging to the City. No such physical condition of all domestic anianimal shall be purchased except upon their certificate of soundness and recommendation.

That animal is sound in which there is no disease and no alteration of structure that impairs or is likely to impair its natural usefulness.

They shall prescribe the dietary for all domestic animals. They shall prescribe the kind of shoes, the manner and times of shoeing all horses and mules and report to the Mayor failure to comply with this or any provision for the care of animals under their charge.

They shall be entirely responsible for the medical and surgical treatment of all domestic animals, and no medicine shall be administered or remedy applied without their knowledge or authorization.

The Superintendent of Horses and Stables shall have general control of all animals not under the care of the Veterinarians, and their respective stables and to the extent and in the manner set forth in the preceding sections of this ordinance.

He shall recommend for purchase, only such horses and other draft animals, found, upon trial sufficient to ascertain their disposition, natural strength and power of endurance, fit for the purpose intended.

He shall be responsible for the sanitary condition of all places where domestic animals belonging to the City are kept, and the posting of rules, regulations and requirements for feeding bedding, shoeing and grooming, and must hold all stablemen and drivers to a strict accounting for the fitness for service of all animals in their charge.

He shall see that all records are up to date and renew all numbers and other marks of identification as often as necessary to keep them legible.

Section 11. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed so far as the same affects this ordinance.

Whereas, The Mayor and Director of the Department of Supplies, of the City of Pittsburgh, on January 7th, A. D., 1915, awarded to the Painter-Dunn Company of Pittsburgh, a contract for furnishing nine gasoline propelled runabouts for the use and purposes of the District Chiefs of the Bureau of Fire, under and by authority of an ordinance entitled "An Ordinance authorizing and empowering the Mayor and Director of the Department of Supplies to advertise for proposals and to let a contract or contracts for the furnishing of certain fire apparatus for the Bureau of Fire, Department of Public Safety," approved October 27th, A. D. 1914, and recorded in Ordinance Book, volume 26, page 327; and,

Whereas, The specifications for the 9 gasoline propelled runabouts provided, inter alia, "Acetylene Tank and Head Lights;" also the lettering to be "Bureau of Fire, Department of Public Safety, Pittsburgh, Pa," in 3 inch letters; and,

Whereas, The Painter-DunnCompany have offered to furnish and equip the said 9 gasoline propelled runabouts with a complete system of electric lights for lighting purposes without any additional cost to the City of Pittsburgh, which system of electric lighting is more modern and more expensive to the contractor than the one provided for in the specifications; and,

Whereas, the lettering as above recited and provided for in the specifications is more than can be placed upon that portion of the body of the runabouts on which the same should be painted; and,

Whereas, There is sufficient room for the painting on the body of said runabouts the words "D. P. S., Bureau of Fire, Pittsburgh, Pa.," in 3 inch letters; now, therefore, be it,

Resolved, That the said Painter-Dunn Company, contractor for furnishing the said 9 gasoline propelled runabouts, shall be and they are hereby authorized, empowered and directed to change the said system of lighting from Acetylene Tank and Head Lights to a complete system of electric lighting, and that the lettering on each of the said 9 gasoline propelled runabouts shall be changed to "D. Whereas, The City at M. L. D. No. 32 March Term, 1908, wherein Emory B. Murray was the defendant, purchased from Judd H. Bruff, Sheriff, all that certain lot or piece of ground situate in the Twelfth ward, City of Pittsburgh, being known as Lot No. 35 in Charles Ross Campania Plan of Lots, recorded in Plan Book, volume 21, page 186, bounded and described as follows: Beginning at a point 50 feet on the northeast side of Campania avenue and extending back between the lots of Hahn and Ott's 170.91 feet, more or less; and,

Whereas, Emory B. Murray was not, at that time, the real owner of the lot, but had some time previous been merely the assignee for the benefit of creditors, which assignee for the benefit of creditors had registered in the City Register of Deeds Office, the aforesaid lien so filed against Emory B. Murray; and,

Whereas, The real owner of said lot had, before the filing of said lien, been adjudicated a bankrupt; and,

Whereas, During said bankruptcy proceeding, the aforementioned premises had been sold on a Sci. Fa. Sur mortgage; and,

Whereas, At the distribution of the funds arising out of said sheriff sale, the sheriff had no notice that this lien had been filed against Emory B. Murray; and,

Whereas, The aforesaid lot has since been transferred to Mary E. Young; and,

Whereas, Mary E. Young has offered to pay the City in settlement of its claim, the amount of the lien, together with interest, amounting to $115.00; now, therefore, be it,

Whereas, This Council being a representative body interested in whatever pertains to the welfare of the people of our City, especially at the present time in the matter of food stuffs and the cost of living, we therefore express our hearty approval of the action of the Chamber of Commerce in adopting the following resolution, and we tender our strong and earnest support of the same:

"Whereas, The Carriers in Official Classification Territory have filed tariffs advancing the rates and minimum weights on live stock, carloads, all the way from 19 per cent to 47 per cent above the recently allowed 5 per cent advance; and

Whereas, This advance in rates will work discrimination against Pittsburgh in that the cost of live stock on the hoof is increased, the selling price of dressed meat is also increased and will not affect Western dressed meat shippers in that the inbound rate on live stock on the hoof is not increased; and

Whereas, This advance in rates will be added to the cost of dressed meat which burden will fall upon the consumer and tend to increase the cost of living to a considerable extent; now, therefore, be it

Resolved, That the Chamber of Commerce of Pittsburgh is opposed to this radical advance in the rates for the movement of one of the necessities of life and that we voice this sentiment by a petition to the Interstate Commerce Commission for a suspension of the effective date of all tariffs containing advances in rates and minimum weights on live stock pending an investigation as to their reasonableness."

Whereas, By an ordinance of Council water rates where meters are installed are payable quarterly; and

Whereas, The Meter Division of the Bureau of Water installed on the request of the owner, on March 31st, 1915, a water meter on the premises owned by Winterton Land Co., at 4517 Butler street, Ninth ward, thus transferring the assessment from the flat rate to the meter rate; and

Whereas, Prior to that date the Board of Water Assesors had levied on said premises a flat water rate assessment for the year 1915 of $148.92; and

Whereas, The notice of said change from flat to meter rate was received too late to enable the Water Assessors to make the change on the books reported to the Department of Assessors; and

Whereas, On March 31st, 1915, in order to save the 2 per cent discount said petitioner paid his taxes, including the water rate at the flat assessment levy; and

Whereas, In order to adjust said assessment and place the same in the meter rate list, the Board of Water Assessors issued to said petitioner, Exoneration No. C-242, being the excess of the flat assessment levied on said premises, based on the following calcuation:

Flat rate for year commencing January 1st, 1915, less amount due on flat rate from January 1, 1915, to January 25, 1915, $136.51, less 2 per cent leaving a remainder of $133.78, therefore, be it

Resolved, That the Mayor be and he is hereby authorized and directed, to issue, and the City Controller to countersign, a warrant in favor of the Winterton Land Company in the sum of $133.78, refunding overpaid water rate, and charge same to Appropriation No. 41.

Whereas, The City at D. T. D. No. 45, September Term, 1908, purchased from the Sheriff of Allegheny County, all that lot or piece of ground situate in the Twelfth (formerly Twenty-first) ward of the City of Pittsburgh, bounded and described as follows:

Beginning on the eastwardly side of a thirty foot street, forty-nine feet north 12 degrees east of the northwardly side of Apple avenue, thence north 12 degrees east along said thirty foot street, twenty feet; thence south 78 degrees east, and at right angles to said thirty feet street, ninety and sixty-seven hundredths feet to line of William A. Merritt (See Deed Book, volume 740, page 72); thence southwestwardly along said Merritt's line and at right angles to Apple avenue, twenty-two and fifty hundredths feet to Elizabeth Spieg lot; thence north 78 degrees west and at right angles to said thirty foot street, eighty and thirty-seven hundredths feet to the place of beginning, and

Whereas, In the said writ and D. T. D. George W. Grayson was named as defendant, and

Whereas, The above number and term was a revival of a D. T. D. filed at No. 821 September Term, 1898; and

Whereas, The said lien was for water taxes for the year 1897, and

Whereas, George W. Grayson was neither, during the year 1899, or at any other time, the owner of the above described property, and

Whereas, A certificate of H. M. Landis, Delinquent Tax Collector, hereto attached, certifying that said taxes had been paid at the time of the above mentioned revival, and

Whereas, By reason of the above mentioned facts the City has no valid title to the above property, now, therefore, be it

Resolved, That a deed be executed and delivered to David S. Littell, the present owner, for the above described property.

Whereas, The City filed a lien against Charles Steel, et al, at D. T. D. No. 310 March Term, 1906, for the sum of $14.36 taxes against the following property.

All that certain lot or piece of ground situate in the Fifth (formerly Thirteenth) ward of the City of Pittsburgh, in the County of Allegheny and State of Pennsylvania, being lot numbered 24 in Robert Wood's Plan of Lots, recorded in Recorder's office of the county aforesaid in Plan Book, volume 3, page 179, and being bounded and described as follows:

Beginning on the southerly side of Ridge street at the dividing line between lots numbers 23 and 24 in said plan, thence extending eastwardly along said southerly side of Ridge street twenty (20) feet to the dividing line between lots numbers 24 and 25 in said plan; thence extending southerly along said last mentioned dividing line one hundred (100) feet to the line of lot number 28 in said plan; thence extending westwardly along said line of said lot number 28 twenty (20) feet to the dividing line between said lots numbers 23 and 24 in said plan; and thence extending northwardly along said last mentioned dividing line one hundred (100) feet to the southerly side of Ridge street at the place of beginning.

Whereas, A Sci. Fa. was issued thereon on January 10, 1906, and an alias Sci. Fa. issued on January 4, 1911, but no judgment was taken until September 4, 1912; and

Whereas, The lien of the City for taxes, above mentioned, was lost by reason of judgment not being taken within five years, and that a sale subsequently made on this lien is defective, and the City's title to the property is invalid, now, therefore, be it

Resolved, That a deed be executed and delivered to Harry Hickox, the present owner of the above described property on payment by him of the sum of $14.36, being the full amount of taxes.

Whereas, C. W. Shelton is the owner of a lot fronting 20 feet on Belinda (formerly Benton) street; having erected thereon a two story frame dwelling house; and

Whereas, Viewers were appointed at No. 635 February Term, 1909, to assess benefits for the grading, paving and curbing of same, and upon hearing before said Viewers, Mr. Shelton appeared and presented a claim of $1,500.00, damages to his property by reason of said change of grade, which left Shelton's property 12 1-2 feet above the grade of the street; and

Whereas, The Viewers after due consideration of Shelton's claim decided that he had been damaged and that if he would take care of the damages they would allow him $700.00, and this claimant agreed to do; and

Whereas, In making up the schedule of this proceeding no mention was made of the allowance of $700.00 to Shelton, said Viewers assessing the properties on said street benefits; and

Whereas, As injustice has been done Mr. Shelton in that he has not received the $700.00 damages as awarded by the Viewers at the time of said hearing and it has been a great hardship to him, being in poor circumstances and having a mortgage on his said property which is long past due; therefore, be it,

Resolved, That the Mayor be and he is hereby authorized and directed to issue, and the City Controller to countersign a warrant in favor of C. W. Shelton in the sum of $700.00, in full settlement of all claims for damages and charge the same to Code Account 42.

Whereas, The City of Pittsburgh, has constructed a sewer along said Atherton avenue and Woodsworth street for which sewer an assessment has been made against the said Mollie W. Wilson, aforesaid of seventy-five ($75.00) dollars together with interest from September 17, 1914, which said sewer was intended and only benefited property in what is known as the "New Bridge Section," and could in no wise benefit the property owned by the said Mollie W. Wilson for the reason that her property aforesaid was properly and adequately sewered by a sewer which was constructed to the rear of her said lot, with which sewer her property was connected many years ago and further that in order for her to make any possible connection with the new sewer constructed on Atherton avenue, she would have to assume a great expense in digging from the back part of her lot to the said Atherton avenue sewer; therefore, be it

Resolved, That the City Solicitor be and he is hereby authorized anod empowered to cancel or strike off the said assessment charged on property as aforesaid of the said Mollie W. Wilson in the sum of seventy-five ($75.00) dollars with interest from September 17 1914, at M. L. D. No. 114 April Term, 1915.

No. 200

Adopting certain recommendations and suggestions to the Civil Service Commission of the City of Pittsburgh for revision and adaptation of its rules and regulations to aid and conform to the plan of standardization of employe's salaries as contemplated by Council for improvement of the Civil Service.

Resolved, That Council make the following recommendations to the Civil Service Commission.

1. Whenever the Civil Service Commission shall, by rule, have classified offices and places of employment in the City Service into classes and grades, and said offices and places have been placed into classes according to the general line and character of work involved in the respective duties thereof, and within each class shall have established grades or ranks, each grade or rank comprising offices and places having substantially similar duties, authority and responsibility, salaries for all such offices and places of employment within each grade shall be uniform.

2. Whenever any grade or rank in the classified service of the City shall have been divided into salary groups for the purpose of varying compensation according to efficiency and seniority, and Council shall have authorized compensation according to such salary groups for the positions in said grades of service, certifications for appointment by the head of the department or by appointing officer, shall be to the group having the lowest fixed salary rate. Certifications for eligibility for advancement to the higher groups or salary rates shall be made on the basis of efficiency and seniority within the department, as shown by the records thereof kept in the office of the Civil Service Commission.

3. Any officer or employe shall become eligible for advancement, and may be advanced from a lower salary group to the next higher salary group within a grade in the classified service, when a vacancy in such higher salary group exists, after such officer or employe shall have served in such lower group by actual employment for at least the period specified in the rules of the Civil Service Commission. Nothing in this paragraph shall be construed to mean that it shall be mandatory upon the department head to advance an officer or employe to the next higher salary group within a grade of service because such officer or employe has served in the lower group the minimum period of time specified in the schedules as established by the Civil Service Commission.

4. No advancement of salary shall be made beyond an existing grade for the performance of the same duties—but only in case of increased duties or responsibility.

5. No advancement of salary within a grade shall be made other than upon a basis of efficiency and seniority as established by the rules of the Civil Service Commission, or where it is found that the duties of the position are of a lower grade than the grade of the position heretofore appropriated.

6. No advancement of salaries from grade to grade within a group shall be made where the service in the department or bureau has been less than six months immediately preceding the date of the request.

7. No provision for advancement in salary shall be made in the 1916 appropriation ordinance unless the eligibility of employes to advancement as established by the rules and records of the Civil Service Commission shall have obtained prior to January 1, 1916; provided, however, that where automatic advancement is specially provided

in the salary appropriation ordinance, appropriations therefor shall include amounts necessary for the advancement of such employes who become eligible any time during the year in accordance with the rules and records of the Civil Service Commission. In all other cases where employes become eligible during the year on the basis of seniority and efficiency, advancement may be made where such employes are assigned to vacancies in the same department or bureau caused by permanent separation of incumbents of postions of the same title and grade and in the next higher salary groups.

8. No advancement of salaries shall be made where the average net efficiency, as shown by the records of the Civil Service Commission for the six months immediatelyy preceding the date of the request is less than 75 per cent; or being between 75 and 80 per cent, the work of the employe is not considered upon investigation by the Civil Service Commission to merit the advancement.

9. No overtime appropriation shall be included in the annual budget, but where contingencies necessitating overtime work arise and such work is requested and authorized by the head of the department concerned, and approved by the committee on finance, provision for payment for same will be made through Council action.

10. No transfers of salary funds shall be permitted after the passage of the annual budget, but where emergencies are shown to exist special action may be taken by the City Council.

11. All matters relating to compensation, or change of position of officers or employes shall be presented only through the proper department, bureau or division head, or member of Council, and lobbying or soliciting on the part of any officer or employe of the City for any salary increase in violation of the terms hereof is prohibited.

Whereas, In carriying out the contract for grading and macadamizing the roadway leading from Washington boulevard to the Tuberculosis hospital, it was found necessary to change the course of the run adjacent thereto, from the location contemplated on the contract plans to the line of the old run, thereby necessitating the construction of a concrete culvert across the new roadway; and

Whereas, It was found necessary to make changes in an existing sewer encountered, which was not anticipated at the time the contract was entered into; and

Whereas, It is found that by reason of this extra work the final estimate for this contract will exceed the amount apportioned therefor, to-wit. $20,000.00, by the sum of $1,193.52; and

Whereas, There is a balance remaining in the General Fund of Appropriation No. 154, Hospital Bond Fund, sufficient to cover the aforesaid excess amount; now, therefore, be it

Resolved, That the City Controller be and he is hereby authorized and directed to transfer the sum of eleven hundred ninety-three dollars and fifty-two cents ($1,193.52) from item "General Fund," Appropriation No. 154, Hospital Bond Fund, and credit same as an additional sum, for the purpose of paying the final estimate for the contract for grading and macadamizing the roadway leading from Washington boulevard to the Tuberculosis Hospital, same appropriation.

Whereas, By an ordinance of Council water rates where meters are installed are payable quarterly; and

Whereas, The Meter Division of the Bureau of Water installed of its own volition, on January 18, 1915, a water meter on the premises owned by John Schorr Estate, at 1337 Juniata street, Twenty-first ward, thus transferring the assessment from the flat rate to the meter rate; and

Whereas, Prior to that date the Board of Water Assessors had levied on said premises a flat water rate assessment for the year 1915, of $142.95; and

Whereas, The notice of said change from flat to meter rate was received too late to enable the Water Assessors to make the change on the books reported to the Department of Assessors; and

Whereas, On March 11, 1915, in order to save the 2 per cent discount said petitioner paid his taxes, including the water rate at the flat assessment levy; and

Whereas, In order to adjust said assessment and place the same in the meter rate list, the Board of Water Assessors issued to said petitioner, Exoneration No. G-8221, being the excess of the flat assessment levied on said premises, based on the following calculation:

Flat rate for year commencing January 1st, 1915, less amount due on flat rate from January 1, 1915, to January 18, 1915 (3-5 of a month), $7.14, less 2 per cent leaving a remainder of $133.10); therefore, be it

Resolved, That the Mayor be and he is hereby authorized and directed to issue, and the City Controller to countersign, a warrant in favor of John Schorr Estate in the sum of $133.10, refunding overpaid water rate on property in the Twenty-first ward, and charge same to Appropriation No. 41.

Whereas, In the opening, sewering, grading, paving and curbing of Hobart street liens have been filed against certain property now owned by the Sterling Land Company, extending from Hobart street to Beacon street, and said liens have included the entire property extending to Beacon street; and

Whereas, Said company is constructing certain buildings on the Beacon street end of said ground, and a question has been raised as to the right of the City to include in said lien the property fronting on Beacon street; and

Whereas, The Company is willing to make a small payment on account of said lien in order to secure a release of the property fronting on Beacon street; now, therefore, be it

Resolved, That in consideration of the payment of the sum of $350.00 and costs, the City Solicitor be and he is hereby authorized to release the aforesaid property of the Sterling Land Company fronting 262.32 feet on Beacon street, and extending back to a line parallel with Beacon street 150 feet therefrom, from the liens filed by the City, viz:

The City of Pittsburgh vs. Nancy A. Ferguson at No. 27 July Term 1915, M. L. D. for grading, paving and curbing of Hobart street;

City of Pittsburgh vs. Nancy A. Ferguson at No. 351 April Term, 1913, for the opening of Hobart street;

City of Pittsburgh vs. Nancy A. Ferguson at No. 60 January Term 1915, for sewer on Hobart street; and

Further, That the City Solicitor is authorized to release from said liens the 150 feet of said property adjoining the foregoing described property and located between Hobart street and Beacon street upon payment of the sum of $1200.00, the balance of said property consisting of a frontage of 262 feet, more or less, on Hobart street and extending back toward Beacon street 150 feet, more or less, to be released upon the payment of the unpaid balance of said liens with interest. It being the intention and purpose of this resolution to divide said property into approximately equal thirds; the third of said property fronting on Beacon street to be released upon the payment of $350.00 and costs; the central third of said property to be released upon the payment of the sum of $1,200.00 and the third fronting on Hobart street to be released on payment of the balance or approximately $2,250.00; it appearing that the City should have limited its lien in the first instance to the portion of the property which abuts upon Hobart street.

A Resolution authorizing the execution and delivery to The Pennsylvania Railroad Company of a deed for the right, title and interest of the City of Pittsburgh in and to certain strips of land, in the Fourteenth ward, between Homewood avenue and Lang avenue, as described in the vacation Ordinance approved February 19, 1913, Ordinance Book, volume 25, page 46, and the remittance and release of all damages by reason of the condemnation of said strips of land by The Pennsylvania Railroad Company, upon securing the discharge by The Pennsylvania Railroad Company of the damages recovered against the City of Pittsburgh by reason of the opening of a new street (Jonathan street) between Homewood avenue and a point 317.84 feet westwardly therefrom.

Whereas, On or about February 1, 1913, The Pennsylvania Railroad Company agreed in writing with the City of Pittsburgh—

"That if and when the City of Pittsburgh shall duly vacate any and all highways between Homewood avenue and Lang avenue that are immediately adjacent to and parallel with the southerly right of way line of the said The Pennsylvania Railroad Company, and shall duly open for public travel a new street twenty-five feet in width between Homewood avenue and a point 317.84 feet westwardly therefrom and parallel with and immediately adjacent to the southerly line of the highway proposed to be vacated; and if and when the City of Pittsburgh has paid damages that shall have been lawfully recovered against it for or by reason of the vacation of the highway or highways herein contemplated and the opening for public travel of the said new street; the said The Pennsylvania Railroad Company hereby covenants and agrees to pay to the said City of Pittsburgh the full and entire sum or sums that shall have been lawfully recovered against the said City for damages to real estate occasioned by the vacation and the opening aforesaid forthwith upon the City's quit-claiming any and all interest it may have within the limits of the public highway proposed to be vacated."

and

Whereas, The City of Pittsburgh, in pursuance of said Agreement, did by Ordinance approved February 19, 1913, and recorded in Ordinance Book, volume 25, page 46, duly vacate said highway between Lang avenue and Homewood avenue, as follows, viz.:

"Section 'A'. Beginning at a point on the easterly building line of Lang street at its intersection with the southerly right of way line of The Pennsylvania Railroad Company; thence along the said southerly right of way line of the Pennsylvania Railroad Company south 60 degrees 34 minutes east 157.90 feet to a point on other lands of the said Pennsylvania Railroad Company; thence south 34 degrees 19 minutes west 25.1 feet to a point; thence north 60 degrees 34 minutes west 157.90 feet to a point on the easterly building line of Lang street; thence along the said easterly building line of Lang street north 34 degrees 19 minutes east 25.1 feet to the place of beginning.

"Section 'B'. Beginning at a point on the westerly building line of Homewood avenue at its intersection with the southerly right of way line of The Pennsylvania Railroad Company; thence along the southerly right of way line of the Pennsylvania Railroad Company north 60 degrees 34 minutes west 342.90 feet to a point on other lands of the said Pennsylvania Railroad Company; thence south 34 degrees 19 minutes west 25.1 feet to a point; thence south 60 degrees 34 minutes east 344.9 feet to a point on the westerly building line of Homewood avenue; thence along the said westerly building line of Homewood avenue north 29 degrees 45 minutes east 25 feet to the place of beginning."

and

Whereas, The City of Pittsburgh, in further pursuance of said Agreement, duly opened for public travel a new street (designated Jonathan street), 25 feet in width, between Homewood avenue and a point 317.84 feet, more or less, westwardly therefrom, parallel with and immediately adjacent to the southerly line of the highway vacated; and

Whereas, The Viewers appointed to assess the damages for the opening of said Jonathan street at No. 1295 July Term, 1913, made their award December 8, 1913, against the City of Pittsburgh and in favor of John A. Murtland, et al., in the sum of ten thousand one hundred twenty dollars ($10,120.00); and

Whereas, Title to the portion of the street vacated, designated and described Section "B" in said above mentioned vacation Ordinance ,was claimed by John A. Murtland, et al., and by the Estate of George Westinghouse, Jr., and The Pennsylvania Railroad Company filed its bond to the Commonwealth of Pennsylvania and instituted condemnation proceedings at No. 918 July Term, 1913, to the end that the owner thereof might be ascertained, and the Viewers at said number and term filed their report, finding the owner of said land to be the City of Pittsburgh and the amount of damages sustained to be ninety-two hundred fifty-seven ($9257.00), dollars, from which finding and award the said John A. Murtland, et al., and the said Estate of George Westinghouse, Jr., as well as the Trustee appointed by the Court, appealed; and,

Whereas, The Pennsylvania Railroad Company is about to effect a general settlement and to secure deeds for the interests in said strips of ground of the said John A. Murtland, et al., and the said Estate of George Westinghouse, Jr., and, in pursuance of tis said Agreement, is ready to cause said award against the City of Pittsburgh to be discharged and satisfied, upon the City's quit-claiming its title and interest in the strips of ground underlying the street vacated as aforesaid; therefore, be it

Resolved, That the Mayor be and he is hereby authorized and directed to issue a quit-claim deed to The Pennsylvania Railroad Company, for the aforementioned property, conditioned upon The Pennsylvania Railroad Company discharging, or causing to be discharged and satisfied in full the said award of damages against the said City of Pittsburgh at No. 1295, July Term, 1913; and, be it further
